**INTRODUCTION TO THE FY 2020**

**PROPOSED OPERATING BUDGET**

**GENERAL FUND**

## **Introduction to the FY20 Budget**

Mayor Kenney's fourth budget focuses on three key areas: safety and justice, inclusive growth, and the provision of quality government services. These three themes show the priority areas for the funding choices that have been made within the FY20 operating budget, which all build off the prior three budgets.

The FY20 budget projects an ending fund balance of \$150.1 million. This fund balance equates to 3% of expenditures, which is less than the City's internal policy of 6-8%. However, this budget proposes adding \$34.1 million into the City's Budget Stabilization Reserve Fund, which after the \$20 million planned payment in FY19 is included, would result in a total set-aside of \$54.1 million. Moreover, the FY20 budget continues to include a Federal Funding reserve (\$55.1 million) that will cushion against potential decreases in funding from the Federal Government or the Commonwealth. Balancing the stabilizing force of building stronger fund balances and setting aside a reserve in case of a downturn in the economy, with the need for critical short- and long-term investments, is always difficult, and this budget intends to strike that balance.

### **Revenues**

The Budget assumes an increase in tax revenues of 4.58%, with an overall increase in revenues of 5.49%. Philadelphia's economy has continued to expand and the FY20 projections reflect a moderately optimistic outlook. Wage Tax revenues are projected to grow by 4.3% from the FY19 projection, mostly due to growth in wages, as unemployment is already at pre-recession levels. The City's projections assume that the total payroll in the city will grow very slightly each year, and wage rates will grow to improve total incomes. The Office of Budget and Program Evaluation has projected Property Tax revenues to grow by 3%, although the Office of Property Assessment's values will not be certified until late March 2019. For FY20, OPA will be using a market trending valuation approach, which aims to keep property values tied to the market in the short-term while longer term changes are being implemented. After a strong FY18 for the Real Property Transfer Tax, especially due to revenue from large commercial sales, the estimate for FY19 is expected to decline to a more normalized base. In FY20, receipts from this tax are projected to grow slightly by 1.37%. Sales Tax revenues are projected to grow 3.79% in FY20, and Business Income and Receipts Tax revenues are projected to grow by 8.28% from FY19, due to an expected increase in corporate profits affecting the FY20 payments.

Moderately positive economic growth also affects some of the City's locally generated non-tax revenues. With stronger markets, building permits and expedited fees are projected to remain at FY19's relatively high levels. Thanks in part due to the increased insurance coverage due to the Affordable Care Act, almost 60% of patients visiting City Health Centers are insured, compared with less than 50% a few years ago. The improvement in the insurance coverage has resulted in increased revenues for patient visits, and the FY20 projection continues this estimate.

### **Expenditures**

The proposed FY20 General Fund expenditures total \$4.995 billion, a \$191.6 million increase (4%) from the FY19 current projection of \$4.803 billion. A handful of items account for more than half of that increase: pensions; the School District contribution; employee disability; disposal contracts, which have been driven up by global markets; a contribution to the budget stabilization reserve fund; and expansion of Pre-K and Community Schools with the resolution of the litigation challenging the Philadelphia Beverage Tax. Together, these items make up \$108 million of the increase. Of the remaining \$83 million in increased

costs, \$54 million is the result of increases in the Police Department's budget, largely comprised of an increase in wages included in the most recent FOP arbitration award, and \$19 million are expenditures in the Health Department that are largely offset by revenues. Excluding these items, the total amount of the FY20 budget is virtually unchanged from FY19, even accounting for the City making essential investments.

New investments in this budget are carefully focused on achieving measurable results: reducing gun violence and the impact of the opioid epidemic, increasing the number of students that have access to high quality pre-K and community schools, cleaning Philadelphia's streets of trash and debris, saving lives through additional fire companies and EMS units, providing access to affordable housing, expanding library hours, and supporting internal government improvements with new technology and process changes to better serve taxpayers and businesses.

### ***Inclusive Growth***

The largest single increase in spending in the FY20 budget is the City's contribution to the School District. The Administration firmly believes that there is no investment that is more important than funding education and the FY20 contribution builds upon the increased contributions to the District that began in FY19. As part of this new funding package, the Administration increased its contribution to the District by \$76.1 million in FY19 and by \$108.7 million in FY20, when compared to FY18 levels. Over the life of the Proposed FY20-24 Five Year Plan, the City's General Fund contribution will be more than \$1.2 billion to the District. Including the increased contribution from FY19, the City is projected to provide the District with almost \$800 million more than it would have without the additional investment.

The FY20 budget continues the phased growth of three of the Mayor's key initiatives, PHLPreK, Community Schools and Rebuild, made possible due to the passage of the Philadelphia Beverage Tax. In FY20, 3,300 PHLPreK slots will be available to three- and four-year old children, a growth of 1,050 from FY19. These free, high-quality pre-Kindergarten slots will benefit families across the city. The number of community schools will also grow from the current 12 to 17, expanding out-of-school time access for these students, as well as wrap-around supports, improving school climates and increasing quality community engagement. In FY19, the City borrowed funds to allow for the first renovations of libraries, parks, recreation centers and playgrounds, and the program will continue to grow into FY20 and beyond. Furthermore, to make the City's 49 neighborhood libraries more available and accessible, particularly during the school year, the Budget includes funding for the additional staff needed to provide six-day, school-year service. The Plan also provides the Free Library with an annual increase of \$500,000 for building maintenance to reduce the number of emergency building closures.

To improve early literacy and provide more quality programming for children outside of school hours, the FY20 budget includes an investment of \$200,000 in Out-of-School-Time programming, along with the infrastructure needed to manage and continually evaluate this work. With an additional \$1 million annually, the Administration will also support summer jobs for youth in the City, providing meaningful opportunities to serve more Philadelphia youth through WorkReady.

The Plan also provides \$1.3 million in increased support annually to the Community College (CCP) for a total annual contribution of \$33.8 million. This funding increase will enable CCP to continue funding programs like Power Up Your Business, a neighborhood-based approach to support small business owners in Philadelphia, as well as to expand the dual-enrollment program with the School District of Philadelphia, through which high school students can earn college credits.

Finally, for Philadelphia to continue to grow it must have housing that meets the needs of all its residents. In October 2018, the City issued a Housing Action Plan that incorporates feedback from a variety of public,

private, and non-profit stakeholders, and outlines innovative and effective strategies to address the City's housing needs, from strategies to reduce homelessness and eviction to strategies to increase the production and preservation of affordable, workforce and market-rate housing. To support the implementation of these strategies, the FY20 Budget adds an additional \$13.3 million from expiring 10-year Property Tax abatements.

### ***Safety and Justice***

In support of the Mayor's violence reduction strategy, A Roadmap to Safer Communities, the Budget adds almost \$5.5 million for this public health crisis. The budget will support a new initiative in the Police Department, Operation Pinpoint, which is a multi-faced data and analytical approach to solving violent crime. Funds also will support piloting Neighborhood Resource Centers, community-based centers where adults on probation can report in their neighborhood (rather than center city), and access important services and supports that will lower their likelihood of recidivism. The budget adds funds to the Youth Violence Reduction Partnership to expand into further police districts, adds funds for credible messengers as part of the Community Crisis Intervention and Expansion program, as well as providing small grants to community-based anti-violence organizations. The Department of Licenses and Inspections will also focus on reducing blight and demolishing unsafe structures in targeted neighborhoods with \$1.7 million in additional funds.

Thanks to a concerted effort by all the City's criminal justice partners, efforts to reduce the inmate population through the MacArthur Safety and Justice Challenge have been proven effective. The FY20 budget assumes a reduction in the census to an average of 4,500, allowing \$10 million in savings from the FY19 projection.

Funds will also continue to be added in support of the Philadelphia Resilience Project, a multi-departmental strategy to reduce the impact of the opioid epidemic in Philadelphia's communities. \$5 million will be added in additional supports for housing in the Office of Homeless Services, funding for community outreach and supports for expanded syringe exchanges will be added within the Department of Behavioral Health and Intellectual DisAbility, and funds for neighborhood community services and safe and clean routes for schools will be added within the Managing Director's Office.

The FY20 budget also adds 50 police officers, to bring the total general-fund supported strength to 6,575. This annual investment of over \$3 million will help the Police Department with its mission of fighting crime and the fear of crime, and further its ability to ensure the success of the Mayor's violence strategy. To increase transparency and build public trust, the Plan also includes funding for the Police Department to purchase nearly 1,500 additional Body Worn Cameras. These additional cameras will allow the department to accelerate their ability to outfit all police officers.

In 2018, the Federal Emergency Management Agency (FEMA) awarded the Fire Department a \$16.6 million SAFER (Staffing for Adequate Fire and Emergency Response) grant, which will allow the Department to hire an additional 120 firefighters. Funds are added in the FY20 budget and beyond to support this grant, which will enable the City to eventually reopen five engines and two ladder companies that had been taken out of service during the Great Recession of 2008-2009 (one ladder company and one engine company are expected to be reopened in FY20). These additions will improve fire and emergency medical service response citywide, and especially in the neighborhoods where the engine and ladder companies are located. The Plan also proposes to add five additional medic units to help manage the significant demand placed upon the City's EMS system.

### ***Quality Government Services***

City streets and roadways must be resurfaced and maintained at optimal intervals to maintain a state of good repair for Philadelphia's street network, allowing those who live in or visit Philadelphia to travel safely and expediently. Operating and capital investments will enable the City to reach the goal of resurfacing and paving 131 miles annually by FY23. With a six-year cost of more than \$200 million, this represents the single largest investment in the Capital Program.

In addition to improving the condition of city streets, the Kenney Administration is proposing a \$2.3 million annual investment in street cleaning to reduce litter on the City's streets and sidewalks. In the spring of 2019, this program will be piloted in several neighborhoods that were identified through the Litter Index as being among the dirtiest in the city. The Administration also proposes additional funding of \$250,000 annually for the Commerce Department to increase cleaning on commercial corridors, along with a \$500,000 annual investment in grants for Community Development Corporations to revitalize neighborhood commercial areas, enhance community-based development projects and expand the city's employment base. These investments will help neighborhood commercial corridors thrive.

To make it easier to do business with the City, the Plan proposes funding for the City of Philadelphia's Vendor Pay Project, which focuses on faster payments to vendors. The Plan also proposes funding for Discover Benefits, a digital tool designed to help residents determine their eligibility for assistance programs through a single eligibility application.

Additional funding is also proposed for the Office of Property Assessment (OPA) to implement recommendations made in a recent audit conducted by a nationally-recognized consultant, and support staffing. These annual investments total \$1.9 million, and will enable OPA to add additional modelling capability, a sales validation unit, and data collection services.

### **Fund Balance**

The Government Finance Officers Association recommends that a municipality build fund balances that equate to approximately 16% of expenditures, to ensure the governments have enough funds to support fluctuations in revenues and expenditures. The City's projected fund balance for FY20 is far below that recommendation at 3%. The City has been working towards meeting an internal target of 6-8%, and in FY18, was able to slightly exceed that goal for the first time. To protect against a downturn in the economy, the City's decision to set-aside funds in the new Budget Stabilization Reserve in FY19 and in FY20, as well as maintain the Federal Funding Reserve, shows the importance that the Administration is placing on fiscal stability. The decisions to build reserves were made despite having large expenditure increases, such as for the School District and labor costs, and for the important new investments outlined above.

SECTION 17. General Provisions

(1) The sums herein appropriated under Items 2.40, 3.7, and 10.9 “To the Director of Finance-Indemnities” shall be used for the purpose of settling claims against the City. Payments therefore shall be made by the Director of Finance only upon the authorization of the City Solicitor or his/her designated representative for this purpose.

(2) If any function is transferred from one office, department, board or commission to another office, department, board or commission, the Director of Finance may not, without Council approval by ordinance, transfer to the successor office, department, board or commission those portions of the appropriations which appertain to the function transferred.

(3) Whenever, pursuant to the provisions of Section 8-401 of the Philadelphia Home Rule Charter, employees of any office, department, board or commission are used by another office, department, board or commission, the compensation of such employees for the period of such use may, at the discretion of the Director of Finance, be charged against the applicable appropriations to the using office, department, board or commission. The Director of Finance shall notify the President of Council, the Chief Clerk of Council and the Chair of the Appropriations Committee at least two (2) days prior to making any such charge against appropriations.

(4) In respect to any grant received by the City under Sections 5, 6, 7 or 9 of this Ordinance, The Director of Finance may, upon written authorization by the grantor transfer non-City funds between and among classes. The authorizations for such transfers shall be transmitted by The Director of Finance to the Clerk of Council within two (2) working days of any such transfer, along with a statement explaining the reason for such transfer. Transfers between and among departments respecting grants of two hundred fifty thousand (250,000) dollars or greater shall not be made except with the prior approval of the Council by resolution or ordinance. Approval shall not be granted to any such transfer request submitted to Council unless it is accompanied by a copy of the grant proposal (and, if received, the grant award) which has caused the transfer request to be made. Transfers between and among departments respecting grants of less than two hundred fifty thousand (250,000) dollars shall be made upon written authorization of the Director of Finance; provided however, that such authorization, along with a full description of the grant affected is transmitted to the President of Council at least two (2) days before the effective date of such authorization.

In respect to funds from the Department of Housing and Urban Development's Community Development Block Grant (CDBG) appropriated under Section 11 of this Ordinance, the limitations set forth in the provisions of Chapter 21-1100 of The Philadelphia Code shall govern any transfer of CDBG funds between and among classes, departments and elements (grants).

(5) In respect to the appropriation made in Item 11.4 of this Ordinance "To the Director of Finance-Community Development Block Grant-To be Allocated", the sums shall not be construed as being available for commitment prior to the adoption of any ordinance appropriating moneys to be made available by the Department of Housing and Urban Development for the Fiscal Year 2020.

(6) The Director of Finance may make adjustments for obligations incurred in Fiscal Year 2019 and prior years. These may be made out of the appropriations therefore to the respective offices, departments, boards, commissions and agencies for Fiscal Year 2020. Within one week of taking any action authorized by this subsection (6), the Director of Finance shall provide written notice to the President and all members of the Council, with a copy to the Chief Clerk of Council, detailing such action.

(7) Except as otherwise provided by this Ordinance, special funds heretofore established pursuant to ordinance or statute, shall continue to be utilized in Fiscal Year 2020 for the purposes and in the manner prescribed by such ordinance or statutes to the extent that they are consistent with the provisions of the Philadelphia Home Rule Charter.

When under the Philadelphia Home Rule Charter an appropriation is a prerequisite to payments of money from such special funds, this paragraph should be construed as an appropriation of the full receipts of such funds for the purpose heretofore authorized by such ordinance or statutes, except that this paragraph shall not be construed as an appropriation of any funds contained in the Housing Trust Fund created under Chapter 21-1600 of The Philadelphia Code, and expenditures from the Housing Trust Fund shall be made only pursuant to appropriations made in Section 14 of this ordinance. The provisions in the prior sentence relating to the Housing Trust Fund are not severable from the remainder of that sentence or from any of the other provisions of this subsection (7), but are essentially and inseparably connected with those provisions, it being Council's intent that no portion of this subsection (7) would have been enacted if it did not also contain the provisions relating to the Housing Trust Fund.

The Director of Finance is authorized and directed to impound the balance of any special fund with respect to which he/she finds that the purposes for which the fund is being expended were intended by ordinance or law to be funded by an appropriation made in other Sections of this Ordinance.

(8) The City Treasurer is authorized and directed to make temporary advances in such amounts as the Director of Finance shall specify between any of the operating funds receiving appropriations in this Ordinance or between any operating fund and the Capital Projects Fund, and the Industrial and Commercial Development Fund, in anticipation of the collection of revenues or other receipts which are estimated to be receivable during the Fiscal Year 2020. Such advances shall bear interest at such rates as the City Treasurer, upon approval of the Director of Finance, shall determine.

(9) The amounts herein appropriated for Purchase of Services; Materials, Supplies and Equipment; Contributions, Indemnities and Taxes; and Debt Service shall be deemed to be available for encumbrance upon the effective date of this Ordinance, to the extent necessary to facilitate the operations of the various offices, departments, boards and commissions for Fiscal Year 2020; provided, that no service shall be rendered prior to July 1, 2019 and no materials, supplies or equipment acquired shall be used in Fiscal Year 2019 except to the extent required to prepare for Fiscal Year 2020.

Such portions of the appropriations herein made for debt service to the Sinking Fund Commission may be paid over to the City's fiscal agent prior to July 1, 2019 as in the judgment of the Director of Finance is necessary to meet interest and principal on the debt of the City due on July 1, 2019.

(10) The Director of Finance is authorized to charge or credit fund balances available for appropriations as of June 30, 2019 to record properly actual charges for Interfund Services for the Fiscal Year 2019.

(11) The Director of Finance is authorized to charge to fund balance payment of any obligation properly incurred in Fiscal Year 2019 or in any prior year, provided that at the time such obligation was incurred an appropriation was available against which it could have been charged, but that such appropriation shall have ceased to exist due to merger into surplus. It is further provided

that the payment of any such obligation be in the same manner and subject to the same controls as would have been followed had the obligation been paid in a timely manner. Within one week of taking any action authorized by this subsection (11), the Director of Finance shall provide written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(12) Provided that the appropriation contained in Sections 7, 9 and 11 of this Ordinance shall be made available for encumbrances and/or expenditure only when the Director of Finance has certified that he/she has been responsibly advised that funds necessary to finance such appropriation or portion thereof have been received or are to be forthcoming from another government or from a nongovernmental source.

In such event the Director of Finance is authorized to accept the award for the City and to provide for the appropriation as may be required to execute the program covered by the award.

(13) The Director of Finance is authorized and directed to restore any deficiency in any Sinking Fund Reserve established pursuant to a revenue bond general ordinance, when such deficiency results from a decline in the market value of its investments, by charging the amount of the deficiency against available loan balances, or in the absence of available loan balances, against the appropriate operating fund balance. Within one week of taking any action authorized by this subsection (13), the Director of Finance shall provide written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(14) None of the appropriations herein provided in Section 11 shall be encumbered against or expended out of the forty fifth (45<sup>th</sup>) entitlement grant prior to the formal award thereof: Provided, that pending the receipt of all or a portion of the aforesaid grant award the Director of Finance is authorized to finance the appropriations herein provided from balances of prior entitlement grants awards. The authorization for such financing shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such authorizations.

(15) In respect to the authorization amounts as set forth in Section 13 for purposes of operating the Board of Pensions and Retirement, the Director of Finance may increase each class amount by an amount not to exceed fifteen percent (15%) of the total budget for the fund for Fiscal Year 2020. The authorization for such increases shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such increases.

(16) The appropriation contained in Section 9.23 of this ordinance shall only be made available for obligation upon certification by the Director of Finance that Community Development Block Grant unexpended funds are available for Interim and Construction Assistance and that the amounts to be made available are guaranteed by an irrevocable Letter of Credit or similar security. At such time the Director of Finance may authorize amounts to be provided from his/her appropriation, which amounts shall be financed by Community Development Block Grant revenues. Amounts which are repaid shall be credited as program income to finance Community Development Fund activities.

The Director of Finance and the Director of Planning and Development, in accordance with the regulations of the Department of Housing and Urban Development (HUD), are authorized and directed to draw funds in a single lump sum from HUD's Community Development Block Grant (CDBG) to the City of Philadelphia for the appropriation contained in Section 11.1 of this Ordinance to establish a rehabilitation fund in one or more private institutions for the purpose of financing the rehabilitation of privately owned properties as part of the City's CDBG program. Funds drawn down from HUD, pursuant to this authorization, may be deposited in any private financial institution as defined by the applicable HUD regulations notwithstanding the limitations on the placement of City deposits set forth in Chapter 19-200 of The Philadelphia Code.

(17) The Director of Finance, with the concurrence of the U. S. Department of Housing and Urban Development (HUD), shall as of June 30 of the fiscal period preceding the start of this Operating Budget Ordinance, transfer all unobligated encumbrances and other available balances from the oldest Community Development Program Year not previously closed out to the next oldest Program Year as of July 1. Further, any questioned cost items from the closed out Program Year which are determined by HUD to be ineligible costs shall be transferred to the oldest open Program Year after such costs are removed. Program regulations governing such transferred funds shall be determined by HUD. The Director of Finance shall notify the Clerk of Council periodically concerning Program Year close outs and transfers.

(18) The Director of Finance is hereby authorized, at his/her discretion, to transfer the amount of the authorization and/or the obligations in respect to indemnities, advertising, insurance, telephone, postage, rental, leases, vehicle purchases, utilities, employer's share of fringe benefits and data processing services from the appropriations herein made to the appropriate offices, departments, boards, commissions or other agencies of the City.

(19) The appropriation set forth at line item 2.36 shall constitute the appropriation provided for by Section 2-300(7) of the Home Rule Charter. The Director of Finance shall make the payment authorized by said appropriation, as required by Section 6-110(a) of the Home Rule Charter.
