Dear Council President Clarke,

This letter is in response to questions raised at the March 26, 2019 hearing before the Committee of the Whole on the Fiscal Year 2020 proposed Capital Budget and Fiscal Year 2020-2025 proposed Capital Program. At this hearing, the following question was asked of OIT:

Councilman Domb: Please provide OIT's prioritized capital project list to include when the project was approved, the original budget, the current budget, the amount expended, the start date, the end date, the current status, and a cost benefit analysis (quantitative and/or qualitative).

Please see the attached list of prioritized capital business applications.

If you have any additional questions, please feel free to contact my office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Wheeler".
