

FISCAL YEAR 2022

OPERATING BUDGET PROPOSAL

July 1, 2021 through

June 30, 2022

and Fiscal Years

2023 – 2027

Financial Projections

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

Southeastern Pennsylvania Transportation Authority Pennsylvania

For the Fiscal Year Beginning

July 1, 2020

Christopher P. Morrill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **Southeastern Pennsylvania Transportation Authority, Pennsylvania,** for its Annual Budget for the fiscal year beginning July 1, 2020. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Southeastern Pennsylvania Transportation Authority

Board Members

SEPTA's History

Greater Philadelphia has evolved into a vibrant center of economic growth in the country and the Southeastern Pennsylvania Transportation Authority's (SEPTA) multi-modal transit system has been a catalyst for this development: providing service to three states and giving riders in the region easy access to work, school, healthcare appointments, recreational outings, and major shopping destinations. The policy makers' commitment to investing in transportation at the federal, state, and local level has enriched the lives of residents, visitors, and tourists.

SEPTA was created by the Pennsylvania General Assembly in 1964 as a solution to the need for a regional approach to transit, which would provide needed transportation

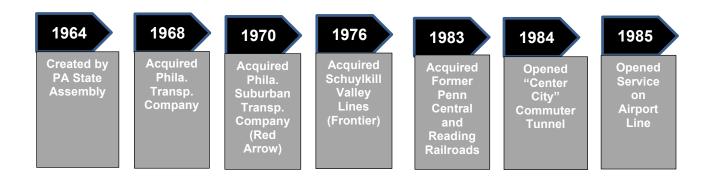

for passengers, shared services to reduce expenses and greater access to financial markets to help maintain and expand the system. On September 30, 1968, after five years of negotiations, SEPTA

acquired the Philadelphia Transportation Company. The Philadelphia Transportation Company was created January 1, 1940 and was responsible for the operation of buses, trolleys, trolleybus, and subway elevated lines: the Market-Frankford line and the Broad Street line in the Philadelphia area.

In 1983, SEPTA was required to take over all operations of Conrail's passenger railroad to be integrated with the Authority's existing transit services. Conrail, which was federally funded, had originally assumed responsibility for the passenger services of the Pennsylvania Railroad and the Reading Company in 1976. Both railroads went bankrupt due to the decline in the demand for the transportation of coal, the introduction of superhighways, and the advance of air travel. After a difficult transition and a 108 day strike by Conrail railroad workers, SEPTA's Regional Rail Division was established. Between Fiscal Years 2012-2016, Regional Rail had outpaced transit in annual ridership growth and is a critical component in Southeastern Pennsylvania's economic engine.

INTEGRATING SOUTHEASTERN PENNSYLVANIA'S TRANSIT NETWORK

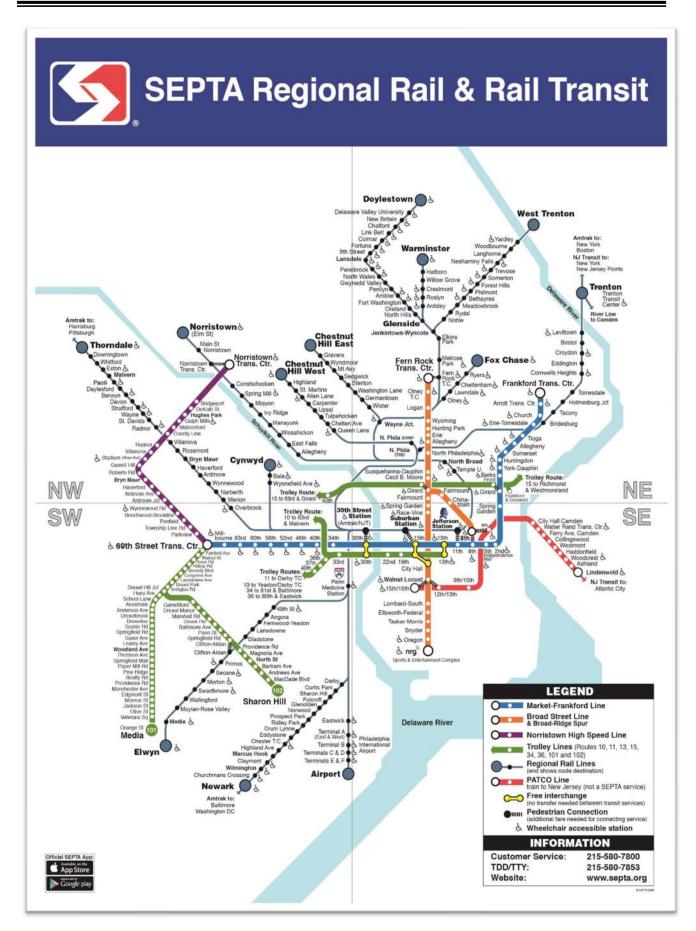

Today, 57 years after its creation by the Pennsylvania General Assembly, SEPTA is the nation's sixth largest transit system, with a vast network of fixed route services including bus, subway, light rail, trolleybus, and Regional Rail, as well as ADA Paratransit and Shared Ride programs. This network provides service in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties with connections into New Jersey and Delaware. SEPTA is also one of the region's largest employers, with a workforce of approximately 9,300 employees.

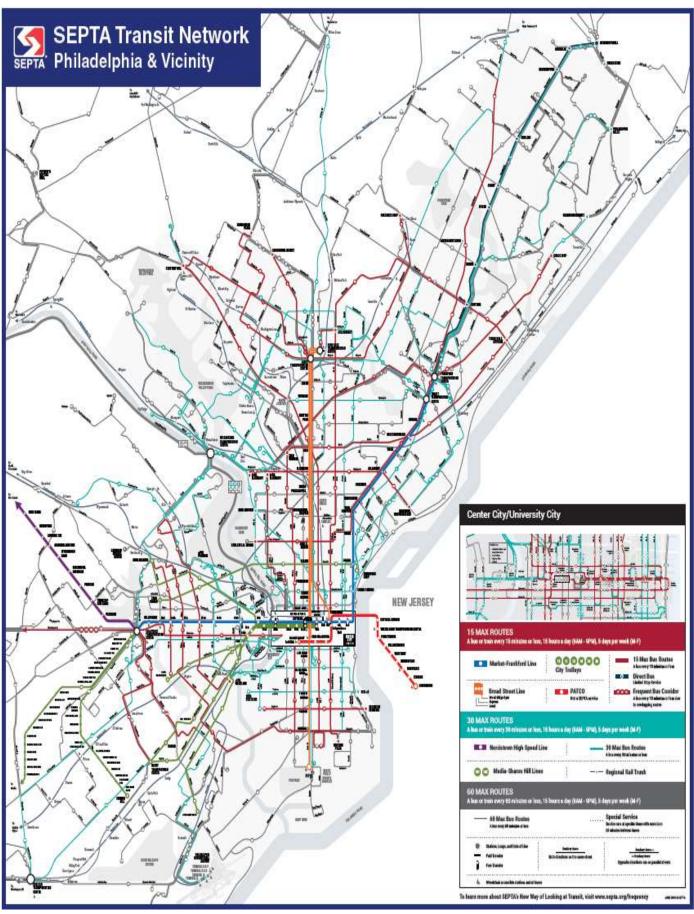

SEPTA SEF	RVICE PROFI	LE AT A GLAN	NCE	
	FIXED ROUTES	REVENUE VEHICLES	STATIONS & STOPS	ANNUAL TRIPS** (in millions)
BUS & TROLLEYBUS	123	1,461*	13,054	108.9

SEPTA Passengers

The following charts serve to illustrate the demographic distribution of SEPTA ridership. This data was recorded and compiled as part of the SEPTA 2018 Customer Satisfaction Survey. Due to COVID-19, the planned 2021 Customer Satisfaction survey has been postponed.

Age of Adult Passengers

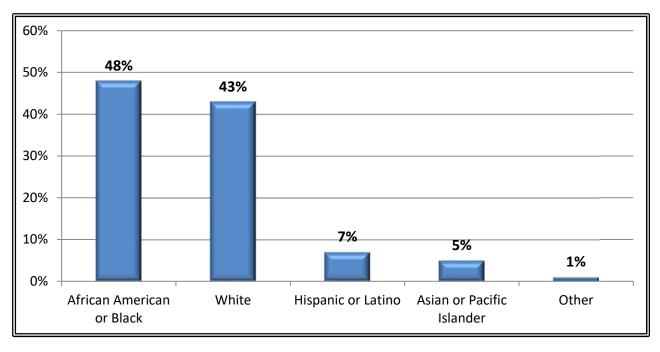

Annual Household Income of Passengers

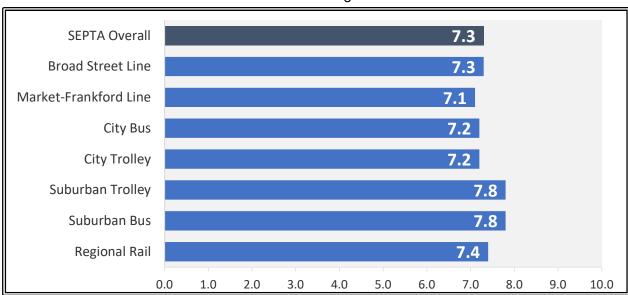

Note: In the above chart, percentages total more than 100% as respondents were able to select multiple responses to this question to more accurately reflect an individual's racial and ethnic background.

Customer Satisfaction Rating

SEPTA conducted a Customer Satisfaction Survey from April 24, 2018 to May 4, 2018, resulting in 1,542 rider and 400 non-rider interviews (1,942 total respondents). Respondents had the option of taking the survey online or via telephone interview. Riders provided ratings on a scale of 0-10 and could provide observations on up to 3 modes taken within the last seven days prior to their interview. A total of 2,840 mode observations were collected. In 2018, the average overall SEPTA Modal Performance Satisfaction rating was a 7.3.

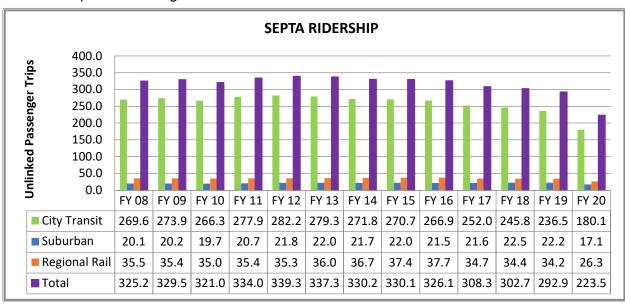

Note: In the above chart, "SEPTA Overall" score is weighted by mode ridership in order to be representative of overall rider population. Due to changes in methodology in how the survey was conducted, the results were deemed not comparable to previous years' results.

Key Regional Transportation Trends

Transit Ridership

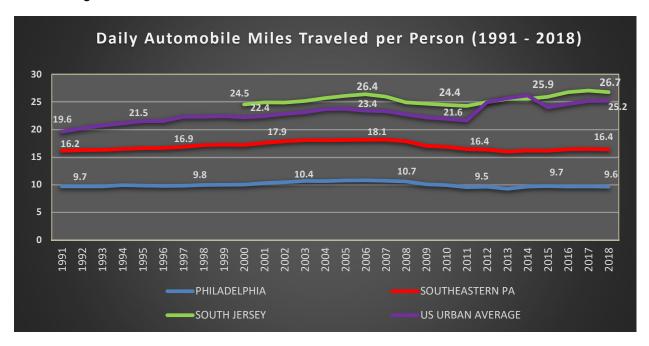

Total ridership has decreased over the past five years due to a number of factors, such as increased competition, structural changes in ridership patterns, and moderate gas prices. The Fiscal Year 2020 decrease, which continued into Fiscal Year 2021, was primarily due to the Covid-19 impact on the region that commenced in mid-March 2020.

Note: Suburban includes both Victory and Frontier Transit Divisions.

Driving Rates

Automobile use trends underscore the extent to which transit is increasingly becoming a mode of choice for residents of Southeastern Pennsylvania. As transit ridership increases, driving rates decrease. Historically, the City of Philadelphia and Southeastern Pennsylvania driving rates have been roughly one-third and two-thirds the national urban average, respectively. In recent years, as national driving rates have rebounded with improving economic conditions, local driving rates have remained flat. The most recent miles traveled data available is 2018.

SEPTA Forward: A Vision for A Stronger Future

2021 - 2026 Strategic Plan

SEPTA Forward, our new Strategic Plan, is the framework to transform our organization based on the lessons we have learned over the past year to support our region's recovery and foster a resilient, prosperous, and equitable future. It builds on SEPTA's mission by setting a clear vision for the future. The plan's goals and strategies constitute our organizational priorities and will act as the framework for our employees to develop the detailed programs, projects, and initiatives that will propel SEPTA, our communities, and our region forward. The full plan is available at planning.septa.org/.

OUR VISION

The Southeastern Pennsylvania region places transit at the core of a resilient, prosperous, and equitable community for everyone.

SEPTA is more than transit; it is the way we connect to each other.

SEPTA Forward is organized around three goals that work together to achieve our vision:

GOAL 2 GOAL 3

Goal 1: Develop a Proactive Organization

We are an agile and responsive organization that makes the most effective use of our resources. We invest in our people and work to build a diverse, inclusive, and empowered workforce that takes pride in serving the people of Southeastern Pennsylvania.

Goal 2: Provide an Intuitive Experience

Our system is easy-to-use for all, regardless of familiarity, language, or ability, welcoming riders from across the world. We provide convenient services and the right information, at the right time, for a smooth and enjoyable journey.

Goal 3: Deliver a Seamless Transit Network

Our services work together, creating one unified, equitable network serving all types of trips, no matter where you are or what mode you choose. We anticipate changing needs and adapt services responsively to keep our region moving throughout the 21st century.

Tracking Our Progress

In order to track our progress on this journey, we have established a new set of organization-wide key performance indicators (KPIs) that are aligned with these goals. These KPIs will help to guide investment decisions, identify areas for improvements, and create accountability internally and externally. Teams across SEPTA track many different metrics related to their individual performance and efficiency, but these top-level KPIs will indicate whether SEPTA is moving in the right direction to achieve our goals. If we are performing well against these metrics, we will know that SEPTA is meeting our riders' needs, supporting our region's recovery and growth, and doing it efficiently.

Some KPIs are familiar to SEPTA, and many are new to us. We have selected KPIs that work together to show many different aspects of SEPTA. Crucially, they describe what we aspire to be, not just what is easy to measure. Building upon previous metrics we have published, they make it even easier for our customers, employees, and stakeholders to understand our organization and operations as a whole.

Some metrics can and will be tracked right away and the baselines for these metrics are available in the table on the following page. We will develop the others over time, using a "maturity model" to guide our efforts. A maturity model has four stages that describe a business's evolution from an external perspective. We have assigned each KPI to a stage of the maturity model based on the nature of the KPI and the resources necessary to bring it to fruition, including the potential need for large-scale investments such as a new customer relationship management platform. The four stages are:

Incremental: The first stage is the starting point for innovation. Focusing on the Incremental stage allows organizations to solidify the basic components of infrastructure, personnel, and operations. Completing this stage will make it possible to focus on becoming Distinctive.

Distinctive: When an organization develops beyond the Incremental stage, it may become better able to innovate around more complex variables that involve several business units. During this stage, an organization also develops and produces more forward-thinking ideas.

Radical: A Radical organization typically creates a significant shift within its industry. As a result, it can be seen from the outside as a forward-thinking organization. Within the Radical stage, decisions should be aligned with business and staffing impacts, customer satisfaction, and sustainability (both environmental and financial). Progressing through the Radical stage will effectively support innovation.

Disruptive: The Disruptive stage begins when an organization has successfully built its infrastructure, distinctively made an industry impact, and has grown to be seen as a prominent innovative organization. Within the maturity model, a truly disruptive organization makes the best possible decisions and leads its industry in key strategic areas.

Each KPI is assigned to a particular stage, and we anticipate spending approximately one year to progress through each stage. Thus, we will be able to report upon additional KPIs, as they become available, with the full suite available for the FY 2025 Operating Budget. A more detailed description of each KPI is provided following the table. As this effort progresses, regular updates will be provided at planning.septa.org.

	KPI	Category	Available for FY	Baseline, if Available
Goal 1:	Develop a Proactive Organization			
	Operating Expense Per Passenger Trip	Existing	2022	\$6.28 (FY 2020)
	Passengers Per Revenue Vehicle Hour	Existing	2022	41.0 (CY 2019)

	Average Transfer Wait Time	Incremental	2023	
	Average Vehicle Age by Mode	Existing	2022	Regional Rail: 30.1 CCT: 3.3 Heavy Rail: 26.8 Bus: 8.3 Light Rail: 42.1 Trolleybus: 11.0 (CY 2019)

Goal 1: Develop a Proactive Organization

Operating Expense Per Passenger Trip

Tracking overall operating expenses indexed to passenger trips provides insights into the efficiency of our efforts to provide service.

Passengers Per Revenue Vehicle Hour

The overall usage of our service compared to the amount of service we provide broadly indicates how effectively we are meeting the changing needs of our region.

Employee Lost-Time Due to Injuries Per 200,000 Work Hours

Safety is paramount in everything that we do. As we continue to be a proactive organization, we need to continue putting safety first.

Employee Engagement

Our people are essential to the success of our region – making sure that they are engaged in the work they do helps us to be the best SEPTA possible.

Pounds of CO2 Per Passenger Mile Traveled

While transit is inherently sustainable, tracking our own carbon footprint ensures that we are acting as good stewards of our resources.

Economic Impact

As SEPTA continues to drive the economy of Southeastern Pennsylvania, tracking the economic impact of our investments ensures that we continue to provide value.

Percent of Projects on Schedule

Delivering projects on-time is an important part of ensuring that our systems meet the changing needs of our region and keep cost in line with budget.

Percent of Construction (Capital) Dollars Spent on Soft Costs

Tracking soft costs (costs spent on administrative or professional services) as a percentage of overall project costs within the capital program ensures that spending is in line with industry standards to maximize the impact of the capital budget.

Goal 2: Provide an Intuitive Experience

Customer Experience Score

The Customer Experience Score measures how positive our customers' interactions with SEPTA are throughout their journeys, from planning their trip to arriving at their destinations. Tracking feedback from every stage of a trip can help us understand which parts of the experience are satisfying and which parts may need to be improved.

Customer Effort Score

If transit is difficult to use, our customers will turn to other options. Measuring the ease with which customers can find information and use the system can help us make their travels as smooth as possible – and ensure they choose SEPTA every time.

Customer Engagement Score

To better understand how our customers are interacting with us outside of their travels, we can track how people use our website, app, customer service centers, and other points of contact. This will help us provide the best tools to help our customers get around.

Customer Attitude Score

Listening to how customers feel about SEPTA as a brand can help us understand where we excel and where we can improve. Analyzing social media posts to and about us can let us respond to what our customers are thinking and feeling in real-time.

Additional Time To Make Accessible Journeys

If transit is not fully accessible, some riders may need to take longer trips in order to get to a destination. Measuring the impacts our infrastructure has on the way people make trips will help us prioritize projects based on the impact they have for riders. It also helps us more fully understand funding needs for vehicles and stations.

Daily Trips Through Stations Without Accessible Options

While we upgrade stations to improve access, we will continually analyze and evaluate ridership patterns to inform decisions. By measuring the number of trips that go through stations without accessible options, we can prioritize investments that can have the greatest benefit.

Rider Delay Minutes and Buffer Time

Service Delays – both at the start of a journey and the duration of their trip – can affect how willing people are to use transit. Tracking the additional time riders spend on their journey and how much extra time they allot to be sure to arrive on time can help us understand how reliable our services are. Many factors that affect this are outside of our direct control. We will coordinate closely with our partners at Amtrak and local communities across the region.

Contactless Trips

For our services to be easy-to-use and attractive to riders, paying for a trip should be seamless and require little more than a simple tap of a card or smartphone. Measuring the percentage of trips that use "contactless" payment methods can help us understand how easy this point of the journey is for riders.

Goal 3: Deliver a Seamless Transit Network

Unlinked Trips Per Capita

Aggregate measure of trips on transit compared to the total population of the region is an industry standard measure to determine what percentage of the region is using transit.

Population Near Transit

For transit to be seamlessly integrated into people's daily lives, it needs to serve where people live. We'll track the number of people that live within walking distance of frequent transit to ensure we are serving the region.

Equitable Service

Transit is an essential service that preserves access to opportunity in a growing region. We will use various sources, including census and survey data, to ensure that we are provide equitable service across the region with a particular focus on historically underserved communities. We'll work with our regional partners to develop new measures to effectively track our efforts.

Destinations Near Transit

Our services need to be where people want to go in order to be useful; tracking connection to transit for various destinations across the region will give us insights into how our service serves this function as we work to meet changing needs.

Transit Travel Time Competitiveness

Riders have an increasing number of choices to get around; a seamless transit network must provide a competitive travel time compared to vehicular travel, particularly in critical transportation corridors such as Chestnut Street or I-95.

On-Time Performance and Headway Adherence

Transit must work effectively and consistently in order to meet the needs of our region. For our riders to arrive on time, we must be on time.

Average Transfer Wait Time

Transfers connect our network together; shorter transfer wait times help riders use the entire network. The way we design and schedule services can support this.

Average Vehicle Age by Mode

As vehicles age, they require more maintenance to provide a safe and reliable trip. This can contribute to increased costs of providing service. Tracking the average age of our fleets can help us monitor and project fleet replacement needs and proactively plan for maintenance needs.

2. The Budget Process

Budget Development

The first step of the budget development process begins with a meeting attended by the Operating Budget and Planning and Strategic Initiatives staff in January to discuss the key initiatives for the upcoming fiscal year. These initiatives are incorporated into each division's goals and funding is provided within the financial constraints determined by the Chief Financial Officer and the Deputy General Manager/Treasurer.

The next major step in the process occurs in February with the preparation of a draft service projection for the following fiscal year. This is a collaborative effort between the Operating Budget and Service Planning Departments and results in a detailed service projection and Authority-wide expense projection.

The Operating Budget Department also meets with personnel from each staff and operating department to review specific budget requirements and potential issues for the following fiscal year. Based on these meetings and the Strategic Planning Initiatives, the service projection may then be revised if necessary. Departmental expense levels are set accordingly and preliminary authorization letters and the budget database template are distributed to all departments in April.

Operating and staff department personnel then realign and populate the Corporate Performance Management (CPM) operating budget database template for submission. The Operating Budget Department reviews each submission and recommends corrections or revisions as necessary. The submissions are then compiled and the SEPTA Board is briefed.

Period for Public Comment

The Operating Budget Department publishes SEPTA's Operating Budget Proposal on the Authority's Website in late April, thus beginning the period for public comment, which is open until the end of May. SEPTA's Board Chairman appoints an independent hearing examiner to conduct four virtual public hearings over two days in late May. Public hearings are held to inform the public and to solicit public comment on the proposal. SEPTA staff presents testimony and responds to inquiries from the public.

Adoption

The hearing examiner evaluates the SEPTA staff proposal together with public commentary and issues a report to the Board in the beginning of June. Included in this report are recommendations the hearing examiner may choose to make as a result of his review. The SEPTA Board adopts a budget for the upcoming fiscal year at its regular June Board meeting on the fourth Thursday of the month.

Budget Amendment

Subsequent amendments to the total budget are handled in the same manner as the annual budget process. That is, budget amendments would be subject to the same three phases of the annual process: budget development, period for public comment and budget adoption.

2. The Budget Process

3. Fiscal Year 2022 Assumptions and Consolidated Budget

This section presents the Fiscal Year 2022 Operating Budget Proposal. In section 6, Fiscal Year 2020 actual results and Fiscal Year 2021 budget are also presented for comparison. The Fiscal Year 2021 Operating Budget was prepared prior to the Covid-19 pandemic and will serve as the Authority's baseline budget as the region continues to address the challenges of the Covid pandemic. Given the uncertainties surrounding the health and economic recovery of the region, it is clear that actual revenue, subsidy and expense results will differ from budget as was experienced in the last 4-months results for Fiscal Year 2020 and Fiscal Year 2021. The federal relief funds that the Authority is eligible to receive along with careful management of operating expenses and service alignments matching ridership requirements during and after recovery will help address budget revenue shortfalls that will be experienced throughout the year.

Service

The Fiscal Year 2022 Operating Budget of \$1.52 billion in operating expenses assumes transit service that is 96 percent of pre-Covid levels, and Regional Rail service that will grow to 80 percent of pre-Covid levels.

Revenue

Operating revenue for Fiscal Year 2022 is projected to increase significantly over Fiscal Year 2021 current revenue but still remains approximately \$235.1 million, or 43 percent, below the current year baseline budget. The scheduled fare increase for Fiscal Year 2021 is proposed to continue to be deferred for the entire Fiscal Year 2022. SEPTA currently anticipates that the fare increase will go into effect no earlier than July 1, 2022. Similarly, Shared Ride Program revenue for next year is projected to be \$6.7 million, or 41 percent, below the current year budget. Other revenue is expected to decrease due to lower advertising, parking income and investment returns. The Authority will continue to aggressively pursue additional sources of non-farebox revenue such as increased advertising and real estate rentals.

Expenses

Fiscal Year 2022 expenses total \$1.52 billion and represents a 1 percent decrease from the prior year budget. Non-labor expenses are projected to offset the labor and fringe benefit increase, primarily due to lower ridership and costs associated with paratransit service, fuel, propulsion power, vehicle maintenance material and lower Amtrak trackage access costs. Fiscal Year 2020 actual results included significant unanticipated expense reductions, primarily associated with savings initiatives implemented when the Covid-19 pandemic began – these included service reductions, a temporary hiring freeze, and restrictions on overtime and other expenditures, many of which carried over into Fiscal Year 2021.

3. Fiscal Year 2022 Assumptions and Consolidated Budget

State and Local Subsidy

Fiscal Year 2022 state and local subsidies include a grant from the Pennsylvania Public Transportation Trust Fund. Act 44 of 2007 established the trust fund and Act 89 of 2013 amended Act 44. These acts dedicate state funding for public transportation agencies across the Commonwealth of Pennsylvania. Trust fund grants are required to be matched locally at 15%. Total State Operating Subsidy projected to be used in FY 2022 is \$700.8 million with a Local Match of \$105.1 million.

The Commonwealth and counties also provide a 20% match of \$1.9 million on federal subsidies received to fund certain debt service payments. Funding of \$28.4 million is also provided by the Commonwealth for Debt Service with a Local Match of \$0.9 million provided by the five counties.

Federal Subsidy

Federal Subsidy includes federal relief funds of \$360 million and approximately \$8 million for Capital Debt Service.

FINANCIAL PLANNING POLICIES

Balanced Budget

The SEPTA Board adopts a balanced budget, or short-term operating spending plan, before the start of each fiscal year in accordance with the enabling legislation of the Commonwealth of Pennsylvania. A balanced budget is one in which expected operating revenues and subsidies equal expected operating expenses. When a deviation from a balanced budget is foreseen or occurs, this is reported as an operating surplus or deficit.

Fiscal Year

The Authority's budget is prepared on a fiscal year basis, beginning July 1 and ending June 30, which is consistent with the financial statements.

Basis of Financial Reporting and Budgeting

The Authority's annual financial statements are prepared using the economic resources measurement focus and the accrual basis in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. Revenues are recognized in the period in which they are earned and expenses are recognized in the period in which they are incurred. The Authority distinguishes operating revenues and expenses from non-operating items in the preparation of its financial statements. Operating revenues and expenses generally result from the Authority's principal operation of providing passenger transportation service. The principal operating revenues are passenger fares and the principal operating expenses are related to the delivery of passenger transportation.

The budget is prepared on a similar basis as the annual financial statements, with the following exceptions:

- The budget includes depreciation net of amortization of contributed capital, while
 the annual financial statements report gross depreciation. Amortization of
 contributed capital has been replaced in the annual financial statements by capital
 grant funding.
- The budget includes a resultant Surplus or Deficit, while the annual financial statement reports a Change in Net Position.
- The budget includes investment income in operating revenue, while the annual financial statements treat this item, and all other subsidies, as non-operating. Conversely, route guarantees classified as operating revenue commencing in Fiscal Year 2013 in the annual financial statements continue to be classified as an operating subsidy within the budget. Additionally, interest expense is treated as non-operating in the annual financial statements.
- The net actuarially determined other post-employment benefit (OPEB) obligation recognized under Governmental Accounting Standards Board (GASB) Statement No. 45 in 2008, which was replaced by GASB 75 and implemented by the Authority in Fiscal Year 2018, has been excluded from budgeted expenses. The expense impact of the annual unfunded pension liability change under GASB 68, implemented by the Authority in Fiscal Year 2015, is also excluded from budgeted expenses. Such costs are included in operating expenses in the annual financial statements. The OPEB is funded and budgeted on a pay-as-you-go basis, whereas pensions are funded and budgeted based on actuarially determined contributions calculated by an independent actuary.

Long-Range Planning

SEPTA continually assesses the consequences of national, state, and local demographic, economic, travel, and development trends for SEPTA's current and future operations, services, and capital projects. This assessment includes the evaluation of current and potential service levels in accordance with SEPTA's Annual Service Plan and the City Transit, Suburban Transit, and Regional Rail Service Standards and Processes. This assessment forms the backdrop for SEPTA's long-range planning and the basis for the five-year financial projections, which are included in the adopted budget for each fiscal year.

The five-year financial projection includes fare increases every three years and SEPTA anticipates the next fare increase will occur in Fiscal Year 2023. The last fare increase was implemented on July 1, 2017. This, along with prudent oversight of expenditures, will facilitate balanced budgets in future years.

Asset Management

SEPTA has established an internal control structure to ensure that assets are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The Procurement, Supply Chain and Disadvantaged Business Enterprise Division is responsible for the purchase, lease, sale, and disposal of parts, equipment, supplies, repairs, and services utilized by the Authority. This includes the coordination and enforcement of federal, state, and local funding agency regulations for all approved capital expenditures. The principal areas of responsibility include compliance and support services, contract administration, purchasing, resource control, and production control. The specific function of this group is further defined in the departmental section of this budget document.

REVENUE POLICIES

Revenue Diversification

The Authority continues to explore areas for revenue diversification and enhancement to supplement passenger revenue and subsidies. Such enhancements shall include, but not be limited to, developing new business and community partnerships, expanding the advertising program, selling naming rights of transit stations, identifying opportunities to serve new markets, and pursuing parking initiatives to increase ridership and parking revenue.

Fees and Charges

The Authority's fare structure has been implemented in accordance with legislation established by the Legislature of the Commonwealth of Pennsylvania and applicable federal legislation. Changes to SEPTA's fare structure are subject to the guidelines established by this legislation, including a public hearing process.

One-time Revenues

The Authority has adopted a policy whereby it does not rely on one-time revenues to finance ongoing operations.

Unpredictable Revenues

Prior to the Covid-19 pandemic, there were no major revenue sources that the Authority believed to be unpredictable in nature. The Authority has adopted a policy whereby it does not rely on unpredictable revenues to finance ongoing operations. Because the recovery from the pandemic and its impact on operating revenue in Fiscal Year 2022 remains uncertain at this time, the Federal relief funding will continue to help fulfill budget revenue shortfalls experienced next year.

EXPENDITURE POLICIES

Accountability

All divisions within SEPTA are expected to adhere to budgeted guidelines. Managers are held accountable for operating within their authorized budget.

The spending plan is based both on an assessment of ongoing needs to maintain existing service levels and to introduce new programs. Due to external constraints on the Authority's expense growth, expansion is limited to those programs exhibiting the highest degree of cost effectiveness and payback in future economies. Budgeting is done at the management center level and managers are provided with detailed variance reports on a monthly basis.

Numerous financial safeguards and controls are in place throughout the Authority to prevent wasteful or unnecessary spending. The Office of Innovation Department conducts assessments of various SEPTA operations and will recommend structural and process changes when deemed appropriate to ensure SEPTA operates as efficiently as possible. In addition, the Authority's Internal Audit Department and numerous outside agencies, many of whom supply SEPTA with funding, regularly audit the Authority.

The Authority has established a policy of comparing actual expenditures to budget on a monthly basis for both operating and capital expenditures. For capital expenditures, this reporting is handled by the Project Control section of the Strategic Initiatives Department. For operating expenditures, reporting is handled jointly by the Operating Budget and General Accounting Departments of the Finance Division. In addition, each operating and staff department is responsible for periodic reporting and analysis of expenditures. Actions to bring the budget into balance are implemented by the General Manager, with input from staff. Actions such as fare increases or significant service changes require Board approval.

Service Stabilization Accounts

The Authority has adopted a policy to maintain a prudent level of financial resources to protect against the need to reduce service levels or increase fares due to revenue/subsidy shortfalls and/or unanticipated one-time expenditures.

DESCRIPTION OF EXISTING DEBT AND DEBT SERVICE POLICIES

Revenue Refunding Bonds

The Revenue Refunding Bonds are limited obligations of the Authority and the principal and interest thereon are payable solely from the revenues received by the Authority from the Pennsylvania Consolidated Statutes, including all moneys distributed to the Authority from the Public Transportation Assistance (PTA) Fund created under Article XXIII of the Pennsylvania Tax Reform Code of 1971, as amended.

On July 18, 2007, the Governor of the Commonwealth of Pennsylvania signed into law Act No. 2007 – 44 ("Act 44"), which, effective July 1, 2007, among other things, (a) repealed 74 Pa C.S. Ch. 13 (which included Section 1310); and (b) provides, in pertinent part that, notwithstanding such repeal, (i) the PTA Fund shall continue to receive the revenue the PTA Fund was entitled to receive on June 30, 2007, (ii) despite the repeal of 74 Pa. C.S. Ch. 13 and, in particular, Section 1310, transit entities that have outstanding obligations shall continue to receive money from the PTA Fund calculated and paid in the same manner as was provided on June 30, 2007, and (iii) money remaining in the PTA Fund after amounts are disbursed as described in (ii) above shall be transferred monthly to the Public Transportation Trust Fund established under 74 Pa. C.S. Ch. 1506.

The Authority, as a transit entity under Act 44, will continue to receive amounts distributed from the PTA Fund that are calculated and paid in the same manner as was prescribed prior to the repeal of Section 1310.

On November 25, 2013, the Governor of the Commonwealth of Pennsylvania signed into law Act No. 2013 – 89 ("Act 89"), which increased available Capital funding for transportation commencing in FY 2014. Act 89 has no effect on the amounts that the Authority is otherwise entitled to receive under Act 44 for repayment of its Revenue Refunding Bond obligations.

The Authority's policy is to issue debt periodically to supplement federal and state grants in support of the Authority's capital plan. There are no requirements to establish legal debt limits.

In March 2007, the Authority issued \$131.7 million of Variable Rate Revenue Refunding Bonds, Series of 2007. The net proceeds from the sale of the 2007 Bonds were used to currently refund the Authority's outstanding Special Revenue Bonds, Series of 1997 and to pay the premium for a debt service reserve fund insurance policy. The net proceeds of the 1997 bonds had been used to reimburse the Authority for a portion of the costs of certain capital projects; refund certain leases entered into by the Authority for a building and related equipment; pay the costs of certain capital projects and pay the premium for a debt service reserve fund insurance policy. In December 2012, the Authority converted the \$97.95 million remaining outstanding principal amount of the 2007 bonds from the Daily Rate Mode to the Indexed Mode.

In October 2010, the Authority issued \$222.5 million Revenue Refunding Bonds, Series of 2010 due in varying amounts through 2028, with annual interest rates ranging from 2% to 5%. The net proceeds from the sale of the 2010 Bonds, together with other funds of the Authority, were used to (a) currently refund the outstanding principal amount of the 1999 Special Revenue Bonds, Series A and Series B, (b) fund the termination payments and accrued amounts payable in connection with the termination of certain swap agreements and, (c) fund certain costs and expenses incurred in connection with the issuance and sale of the 2010 Bonds. The net proceeds of the 1999 Bonds had been used to finance a portion of the Market-Frankford subway-elevated line vehicle acquisition program; refinance a bridge loan for payment of a portion of the vehicle acquisition program; refund \$73.2 million of the 1995A Bonds; reimburse the Authority for a portion of the costs of certain capital projects and pay a portion of the premium for a debt service reserve fund insurance policy.

On October 11, 2017, the Authority issued \$59.97 million of Revenue Refunding Bonds, Series 2017 (the "2017 Bonds"). The 2017 Bonds are due in varying amounts with maturity dates of March 1, 2021 through and including March 1, 2028. The 2017 Bonds were issued at a premium and have yields ranging between 1.25% and 2.3%, and bear a 5% annual interest rate. The proceeds from the sale of the 2017 Bonds in the amount of \$71.88 million were used to (a) advance refund a portion of the Authority's Revenue Refunding Bonds, Series of 2010 ("Refunded 2010 Bonds") in the aggregate principal amount of \$65.84 million, and (b) fund certain costs and expenses incurred by the Authority in connection with the issuance and sale of the 2017 Bonds. Concurrently with the issuance of the 2017 Bonds, a portion of the proceeds along with other available moneys of the Authority, were irrevocably deposited into an escrow account pursuant to the terms of an Escrow Agreement and invested in Government Obligations, the maturing principal of and interest on which will be sufficient to pay the interest and principal on the Refunded 2010 Bonds as such payments become due. Upon the deposit of the funds for the advance refunding of the Refunded 2010 Bonds pursuant to the terms of the Escrow Agreement, the Refunded 2010 Bonds were deemed to no longer be outstanding under the Indenture.

On December 5, 2019, the Authority issued \$17.825 million of Revenue Refunding Bonds, Series of 2019 (the "2019 Bonds"). The 2019 bonds are due in varying amounts with maturity dates of March 1, 2020 through and including March 1, 2028. The 2019 Bonds were issued at a premium and have yields ranging between 1.21% and 1.67%, and bear annual interest rates ranging from 3% to 5%. The proceeds from the sale of the 2019 Bonds in the amount of \$20.58 million were used to (a) refund a portion of the Authority's Revenue Refunding Bonds, Series of 2010 ("Refunded 2010 Bonds") in the aggregate principal amount of \$19.84 million, and (b) fund certain costs and expenses incurred by the Authority in connection with the issuance and sale of the 2019 Bonds. Concurrently with the issuance of the 2019 Bonds, a portion of the proceeds along with other available moneys of the Authority, were irrevocably deposited into an escrow account pursuant to the terms of an Escrow Agreement and invested in Government Obligations, the maturing principal of and interest on which will be sufficient to pay the interest and principal on the Refunded 2010 Bonds as such payments become due. Upon the deposit of the funds for the current refunding of the Refunded 2010 Bonds were deemed to no longer be outstanding under the Indenture.

Capital Grant Receipts Bonds

On August 16, 2011, the Authority issued \$201.6 million of Capital Grant Receipts Bonds, Series 2011 due in varying amounts through 2029 with annual interest rates ranging from 3% to 5%. The net proceeds from the sale of the 2011 Capital Grant Receipts Bonds were used to (a) finance the acquisition of 116 Silverliner V Regional Railcars, (b) finance the rehabilitation of Wayne Junction Intermodal Facility, (c) fund a deposit to the Debt Service Reserve Fund, and (d) fund certain costs and expenses in connection with the issuance and sale of the 2011 Bonds.

The Capital Grant Receipts Bonds, Series 2011 are limited obligations of the Authority and are payable solely from and secured solely by (I) all amounts received by the Authority from the "Grant Receipts", (II) amounts on deposit in certain funds and accounts established under the Indenture, including investment earnings thereon, and (III) any and all other moneys and securities furnished from time to time to the Trustee by the Authority. Grant Receipts consist of all amounts received by the Authority after the date of issuance of the 2011 Bonds from its share of FTA Section 5337 State of Good Repair Funding, and for each Federal Fiscal Year thereafter. FTA Section 5337 State of Good Repair Funding is the successor to FTA Section 5309 Fixed Guideway Modernization Formula Funding.

On October 19, 2017, the Authority issued \$102.30 million of Capital Grant Receipts Refunding Bonds, Series 2017 (Federal Transit Administration Section 5337 State of Good Repair Formula Program Funds), (the "2017 CGR Bonds"). The 2017 CGR Bonds are due in varying amounts with maturity dates of June 1, 2018, and June 1, 2022 through and including June 1, 2029. The 2017 CGR Bonds were issued with a premium and have yields ranging between 1.20% and 2.51%, and bear a 5% annual interest rate. The proceeds from the sale of the 2017 CGR Bonds in the amount of \$123.07 million, together with other available moneys of the Authority, were used to (a) advance refund a portion of the Authority's Capital Grant Receipts Bonds, Series 2011 (Federal Transit Administration Section 5309 Fixed Guideway Modernization Formula Funds) (the "2011 Bonds"), in the aggregate principal amount of \$110.45 million, and (b) fund certain costs and expenses incurred by the Authority in connection with the issuance and sale of the 2017 CGR Bonds. Concurrently with the issuance of the 2017 CGR Bonds, a portion of the proceeds of the 2017 CGR Bonds and other moneys of the Authority were irrevocably deposited into an escrow account pursuant to an Escrow Agreement and invested in Government Obligations, the maturing principal of and interest on which will be sufficient to pay the interest and principal on the Refunded 2011 Bonds as such payments become due. Upon the deposit of the funds for the advance refunding of the Refunded 2011 Bonds pursuant to the terms of the Escrow Agreement, the Refunded 2011 Bonds were deemed to no longer be outstanding under the Indenture.

On July 29, 2020, the Authority issued \$97.23 million of Capital Grant Receipts Revenue Bonds, Series 2020 (Federal Transit Administration Section 5307 Urbanized Area Formula Funds), (the "2020 CGR Bonds"). The 2020 CGR Bonds are due in varying amounts with maturity dates of June 1, 2021, through and including June 1, 2032. The 2020 CGR Bonds were issued with a premium and have yields ranging between 0.41% and 1.43%, and bear a 5% annual interest rate. The proceeds from the sale of the 2020 CGR Bonds in the amount of \$120.72 million, together with other available moneys of the Authority, were used to finance the acquisition of approximately 140 diesel-electric hybrid buses and related project costs, as well as payment of the cost of issuance for the 2020 CGR Bonds.

Energy Service Company "ESCO" Lease/Purchase Agreement

The Authority entered into a Master Equipment Lease/Purchase Agreement with Banc of America Public Capital Corporation on November 24, 2015. There are two tranches of debt; tranche 1 has a principal amount of \$4.2 million, and an interest rate of 2.37% and a final maturity of June 1, 2026; and tranche 2 has a principal amount of \$14.0 million, an interest rate of 3.168%, and a final maturity of June 1, 2033. The installed equipment will serve to reduce the Authority's energy consumption and the resultant annual operating savings are guaranteed by the ESCO to equal or exceed the annual debt service and other annual project-related expenses throughout the term of the agreement.

The Authority entered into a Master Equipment Lease/Purchase Agreement with PNC Equipment Finance, LLC on November 30, 2016. The total amount financed is \$35.9 million, due in varying amounts through March 30, 2034 with an annual nominal interest rate of 2.83%. The equipment leased/purchased included the installation of various energy conservation measures through a third party agreement which will serve to reduce the Authority's energy consumption and operating expenses. The measures undertaken included the construction of a Combined Heat and Power Plant ("CHP") that will provide electricity to the Wayne Junction substation and Midvale bus maintenance facility, the installation of interior and exterior LED lighting upgrades to certain Authority owned buildings, and various other work to conserve energy. The resultant annual operating savings are guaranteed by the ESCO to equal or exceed the annual debt service payments and other annual project related expenses throughout the term of the agreement.

The Authority entered into a Master Equipment Lease/Purchase Agreement with Banc of America Public Capital Corporation on July 30, 2019. The total amount financed is \$12.8 million, due in varying amounts through February 1, 2037 with an annual interest rate of 2.969%. The equipment to be leased/purchased will include various energy conservation measures to reduce energy consumption at SEPTA's 1234 Market Street Headquarters. The resultant annual operating savings are guaranteed by the ESCO to equal or exceed the annual debt service and other annual project related expenses throughout the term of the agreement.

EB-5 Loan for Equipment and Infrastructure

On January 1, 2016, the Authority entered into an EB-5 loan agreement with Delaware Valley Regional Center, LLC, for an amount up to \$300 million to partially finance various capital projects. On April 28, 2017, SEPTA borrowed \$100 million under this agreement. This is an interest only loan with a rate of 2.0% and a maturity date of July 1, 2022. On November 1, 2017, the Authority borrowed an additional \$90 million under this agreement. The loan bears an interest rate of 2.0% and will mature on November 1, 2022. On September 20, 2018 the Authority borrowed an additional \$33 million under this agreement. The loan bears an interest rate of 2.0% and will mature on September 20, 2023. On March 11, 2019 the Authority borrowed an additional \$14 million under this agreement. The loan bears an interest rate of 2.0% and will mature on March 11, 2024. On November 15, 2019 the Authority borrowed an additional \$2.5 million under this agreement. The loan bears an interest rate of 2.0% and will mature on November 15, 2024. At this time, no additional EB-5 loan borrowings are anticipated under this agreement.

Revolving Line of Credit Agreement

On September 1, 2020, the Authority entered into a \$100 million Revolving Line of Credit Agreement ("Committed Line of Credit Note") with PNC Bank, National Association, with an expiration date of August 31, 2021. The Note is unsecured and bears interest at the Daily Libor Rate plus a credit spread. The facility fee associated with the revolving line of credit varies depending upon the amount borrowed and outstanding during the one-year term. As of April 1, 2021, the Authority did not have an outstanding balance related to the Revolving Line of Credit.

On May 1, 2020, the Authority entered into a second \$100 million Revolving Line of Credit Agreement ("Committed Line of Credit Note") with PNC Bank, National Association, with an expiration date of April 30, 2021. The Note is unsecured and bears interest at the Daily Libor Rate plus a credit spread. The facility fee associated with the revolving line of credit varies depending upon the amount borrowed and outstanding during the one-year term. As of April 1, 2021, the Authority did not have an outstanding balance related to the Revolving Line of Credit.

Debt Limit

The Authority does not have a debt limit, but must demonstrate the ability to repay prior to entering into a loan agreement or issuing bonds.

Debt Service

The Authority has three series of Revenue Refunding Bonds (issued in 2007, 2017 and 2019), and three series of Capital Grant Receipts Bonds (issued in 2011, 2017, and 2020) currently outstanding. In January 2016, the Authority entered into an EB-5 loan agreement to partially finance various capital projects. In November of both 2015 and 2016, and July of 2019, the Authority entered into "ESCO" Lease/Purchase Agreements.

Debt Service Requirements

Interest on the Series of 2007, Series of 2017, and Series of 2019 Revenue Refunding Bonds is payable semi-annually on March 1 and September 1, and interest on the Series 2011, Series 2017, and Series 2020 Capital Grant Receipts Bonds is payable semi-annually on December 1 and June 1. The aggregate debt service requirements for the Revenue Refunding Bonds and Capital Grant Receipts Bonds, the ESCO Agreements, and the EB-5 Loans, are summarized in the following tables:

E	Bond Debt Service	Requirements	
	(Amounts in T	housands)	
Fiscal Year	Interest*	Principal	Total
2022	\$13,640	\$37,690	\$51,330

A graph of the Authority's outstanding debt service requirements is illustrated below:

Outstanding Debt Service Requirements

Note: The EB-5 Loan for Equipment and Infrastructure matures in Fiscal Year 2023 and the Authority plans to refinance the amount due at this time.

STATEMENT OF CHANGES IN EQUITY

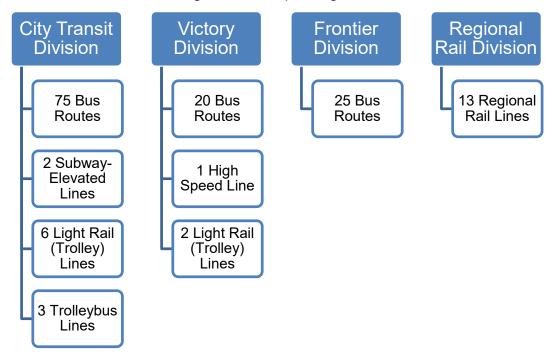

The comparative fiscal year Statement of Changes in Equity displays the Authority's change in contributed capital as well as the change in its accumulated operating deficit, including the fiscal year operating financial results on a balanced budget reporting basis. The equity amounts below exclude the post-employment benefit and unfunded pension obligations recognized under GASB 45, 75, and 68, respectively. Operating surpluses are reducing deficits accumulated in prior years.

5. Organizational Structure

The Pennsylvania General Assembly established the Southeastern Pennsylvania Transportation Authority (SEPTA) on February 18, 1964 to provide public transit services for Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties. Over the years, SEPTA acquired the assets of several private transportation operators to form four operating divisions. This distinction permits the efficient implementation of various collective bargaining agreements and the computation of local subsidies. Although the revenue and costs are logically accounted for separately, the operating and staff departments exist in a matrix structure and function as a cohesive unit beneath the following four broad operating divisions:

City Transit Division

SEPTA acquired the assets of the former Philadelphia Transportation Company in 1968, forming the current City Transit Division. The City Transit Division, which primarily serves the City of Philadelphia, operates 75 bus routes, 6 light rail (trolley) lines, 3 trolleybus lines, and 2 subway-elevated lines.

Victory Division

The Victory Division, formerly known as the Philadelphia Suburban Transportation Company, serves Chester, Delaware, and Montgomery Counties. Also known as Red Arrow until 1970, SEPTA's Victory Division is comprised of 20 bus routes, 2 light rail (trolley) lines, and 1 high speed line.

Frontier Division

The Frontier Division consists of 25 bus routes serving Bucks, Chester, and Montgomery Counties. These routes formerly came under the auspices of several private operators including Schuylkill Valley Lines, which was acquired in 1976.

Regional Rail Division

The Regional Rail Division serves the City of Philadelphia, as well as Bucks, Chester, Delaware, and Montgomery Counties, with service to Newark, Delaware, and Trenton and West Trenton, New Jersey. The infrastructure and assets of regional rail were previously operated by the Pennsylvania and Reading Railroads. These regional rail lines were operated by Conrail from 1976 through 1982, and acquired by SEPTA in 1983.

5. Organizational Structure

SEPTA BOARD

SEPTA is governed by a Board consisting of fifteen Directors. The City of Philadelphia and the Counties of Bucks, Chester, Delaware, and Montgomery each appoint two members to the Board. The Pennsylvania Senate and House collectively appoint four members and the Governor of Pennsylvania appoints one representative.

Note: FY 2021 Budget was prepared pre-COVID. Operating Revenue decrease in FY 2020 actual and the FY 2022 Proposal are due to the impact of Covid-19 on the region and ridership commencing in mid-March 2020. Expenses are much lower due to savings initiatives implemented that included service reductions, hiring freeze, and restrictions on overtime and other expenditures.

Passenger Revenue

Post-Covid, passenger revenue is expected to grow by 44% in Fiscal Year 2023, but will remain well short of the Fiscal Year 2021 baseline budget; Fiscal Year 2023 will incorporate the deferred fare increase originally planned for Fiscal Year 2021. Thereafter, passenger revenue is expected to grow by 1 percent per year, except in Fiscal Year 2026, when the next scheduled fare increase will take effect.

Shared Ride Program

This revenue category is forecasted to grow by approximately 37 percent in Fiscal Year 2023 as riders return, and one percent each year over the remaining four-year projection.

Other Income

The Other Income category is expected to increase by 39 percent in Fiscal Year 2023 as riders return, and 1.5 percent thereafter. Income that is generated primarily from investments, real estate rentals, scrap sales, property damage recoveries, advertising, and parking lot fees are reflected in this category.

Expenses

The overall expense growth rate is approximately 3 percent for Fiscal Year 2023 as riders return and the level of service increases, and will be followed by moderate expense growth slightly above 2 percent to cover contractual labor, fringe benefits, and third-party supplier price increases.

Subsidy

The subsidy categories reflect the anticipated funding levels of the Federal, State, and required local match needed to balance the operating budget in Fiscal Year 2022 and beyond. Due to scheduled fare increases in Fiscal Years 2023 and 2026, the subsidy growth rate is lower in those years as compared to years with no increases.

Note: Federal relief funds will be utilized in Fiscal Year 2022 through Fiscal Year 2024, at which time the funds are projected to be exhausted. In Fiscal Years 2025 and 2026, the Authority will be significantly dependent on state and local subsidies to balance the budget.

In the past, SEPTA prepared an Annual Service Plan that describes service proposals suggested by the public, government agencies, elected officials and Authority staff, and present the technical and financial analyses that determines whether the proposals merit implementation. Because of the COVID-19 emergency and the start of the Comprehensive Bus Network Redesign (CBNR), the Annual Service Plan will again be deferred, as was the case in FY 2021. As CBNR moves forward, it is anticipated that the data will also be available in a more interactive format.

SEPTA receives revenue from several different sources. These can generally be categorized as revenues derived from operations and those obtained from government grants. Government operating assistance grants are classified as Operating Subsidy and discussed in the Operating Subsidy Section of this document. Operating Revenue is comprised of four major elements: passenger revenue, shared ride program, other income, and investment income. Just as the last 4-months of Fiscal Year 2020 operating revenue line items were negatively impacted by the pandemic, we expect the full Fiscal Year 2021 baseline budget to be negatively impacted as well as the region continues to recover. The Authority plans to continue to carefully manage its operating expenses and align service to match ridership requirements while using eligible federal relief funds to help fill budget revenue shortfalls.

Passenger Revenue

The Fiscal Year 2022 Operating Budget Proposal for passenger revenue is \$265 million, which is significantly above the current year forecasted revenue and assumes a gradual recovery into next year. The Fiscal Year 2022 budget is 45 percent below the pre-Covid Fiscal Year 2021 baseline budget. The planned fare increase for Fiscal Year 2021 will be deferred until Fiscal Year 2023 in an effort to attract riders back to the system.

Shared Ride Program

SEPTA assumed responsibility for the operation of the state funded Shared Ride Program in the City of Philadelphia during Fiscal Year 1993. Next year, revenue is budgeted at \$9.6 million, or 41% lower than the Fiscal Year 2021 pre-Covid budget. The program is funded through the State Lottery, funds from the Philadelphia Corporation for the Aging, and Shared Ride fares. The Fiscal Year 2022 budget assumes a total of 358,000 Shared Ride trips.

Other Income

Other income includes real estate rental income, parking lot fees, and advertising income. Post-Covid, total projected revenue for this category is \$31.6 million.

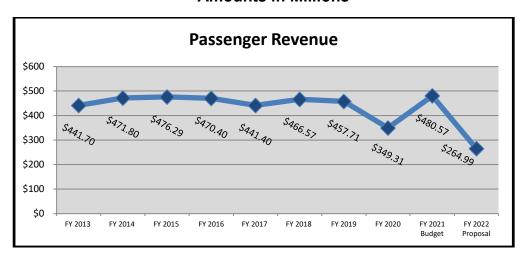

Investment Income

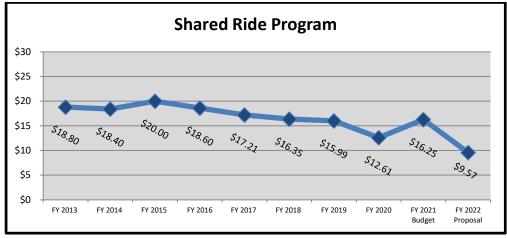

Investment income is budgeted at \$580 thousand for Fiscal Year 2022. The decrease is correlated to the significant drop in the investment rate of return experienced this year which is expected to continue into next year.

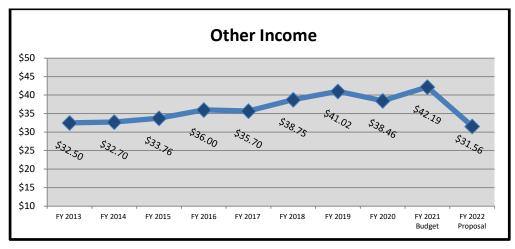

The Authority analyzes a number of factors that affect the Operating Revenue budget. This includes an examination of national, state, and local demographic, economic, travel, and development trends. In addition, SEPTA evaluates current and projected service levels and other factors affecting ridership and revenue levels. Finally, the Authority considers historical trends in major revenue categories, as illustrated in the following charts:

Amounts in Millions

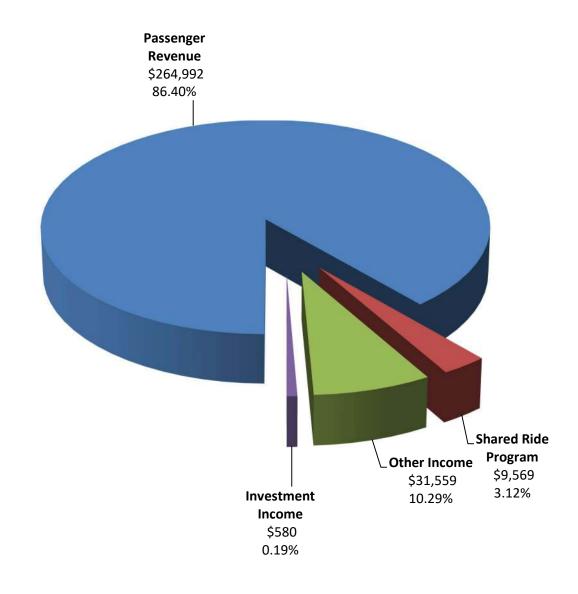

Note: FY 2020 and FY 2021 results are being negatively impacted by the Covid-19 pandemic. FY 2021 represents a pre-Covid baseline budget, and the FY 2022 proposal reflects the continued impact COVID-19 is having on the region.

TOTAL OPERATING REVENUE = \$306,700

9. Subsidy Allocation and Detail

Introduction

Total subsidies in the Fiscal Year 2022 Operating Budget represent \$1,209.7 million and include the following categories: Federal, State, Local, and Other.

Assumptions

Federal

Due to the Covid-19 pandemic, the Federal Government's role in providing operating assistance has greatly increased after a steady decline since 1980. In response to the pandemic, three Federal relief bills were passed: The Coronavirus Aid, Relief, and Economic Security (CARES) Act in March 2020; the Coronavirus Response and Relief Supplemental Act (CRRSA) in January 2021; and the American Relief Plan Act (ARPA) in March 2021. In Fiscal Year 2022, Federal Subsidy is expected to cover 24.3% of SEPTA's operating expenses. The source of this subsidy is \$360 million from the aforementioned relief acts, Federal Capital Debt Service Subsidy of \$7.7 million and \$400 thousand from Highway Pass Through Funds.

State

On July 18, 2007, Act 44 of 2007 was signed into law by former Pennsylvania Governor Ed Rendell and was intended to provide a long term funding solution for public transportation agencies throughout the Commonwealth of Pennsylvania. This legislation created the Pennsylvania Public Transportation Trust Fund (PTTF) which provides SEPTA and public transportation providers throughout the Commonwealth with dedicated annual funding for operating expenses. The Trust Fund is funded by 4.4% of state sales tax receipts and the proceeds from bonds issued by the Pennsylvania Turnpike Commission.

In November of 2013, the State Legislature passed Act 89. This legislation significantly increased funding for SEPTA's Capital Program, allowing SEPTA to address its backlog of unfunded capital projects.

SEPTA and other Pennsylvania transit agencies are allocated state funds as determined by the following formula:

State Allocation Formula

Otato Anocation i ormala	
Allocation Category	Allocation Percent
Number of Passengers	25%
Number of Senior Citizen Passengers	10%
Revenue Vehicle Hours	35%
Revenue Vehicle Miles	30%
Total	100%

Operating assistance is provided through Section 1513 of the Trust Fund. In addition, the Commonwealth of Pennsylvania provides state funds for capital lease costs and debt service. SEPTA's debt service expenses and some lease costs are funded through the Capital Program of the Pennsylvania Public Transportation Trust Fund. The remaining leases are funded through Federal Capital Lease Subsidy and Federal Capital Debt Service Subsidy. In Fiscal Year 2022, no state funds are expected to be used to specifically fund capital lease costs.

Local

The local operating subsidy amount is budgeted at the level of 15% of the operating assistance portion (Section 1513) of the Trust Fund grant. This is a requirement for SEPTA to receive its full allocation from this state grant. The local subsidy requirement for each of SEPTA's funded divisions (City Transit, Victory, Frontier, and Regional Rail) is determined by the relative deficits before subsidy in each division as adjusted for Route Guarantees and Lease and Debt Service payments.

Within each funded division, the percentage of the local subsidy required from each county is shown in the table below:

Local	Operatir	ng Subsidy	y by Coun	ty
	City <u>Transit</u>	Victory	Frontier	Regional <u>Rail</u>
Bucks	0.27%	0.00%	37.00%	5.90%
Chester	0.00%	2.00%	17.00%	4.30%
Delaware	0.00%	86.00%	0.00%	8.80%
Montgomery	0.25%	12.00%	46.00%	11.00%
Philadelphia	99.48%	0.00%	0.00%	70.00%
Total	100.00%	100.00%	100.00%	100.00%

The operating budget also makes an allowance within the standard formula, shown on the previous page, to properly accommodate the four-county utilization of SEPTA's Suburban Paratransit Service operated from the Victory Division. A usage-based allocation formula has been established within the Victory Division for suburban county ADA service. Each suburban county is billed based on the actual ADA Paratransit service used. The prospective utilization for Fiscal Year 2022 is as follows:

Surburban Parati Usage by Cour	
	4.50/
Bucks	16%
Chester	9%
Delaware	45%
Montgomery	<u>30%</u>
Total	100%

The City of Philadelphia also provides local match for the ADA Paratransit services as part of the City Transit Division match formula.

Route Guarantee

Route Guarantee Subsidies are payments made under separate agreements between SEPTA and various local entities to fully fund the deficits generated by service extensions implemented by specific request. The Fiscal Year 2022 Route Guarantee Subsidy in the City Transit Division includes a University City partnership between Children's Hospital of Philadelphia (CHOP), Penn Medicine, Hospital of the University of Penn (HUP), University City District (UCD) and their affiliates, which continues the "LUCY" (Loop through University City) circulator.

In the Frontier Division, the Bucks County Transit Improvement Project (TIP) was implemented in Fiscal Year 2001. It represented the restructuring of six routes with funding provided through a separate agreement with the county. Routes 127, 128, 129, and 130 are guaranteed under this agreement.

An agreement with the Delaware Transit Corporation provides for Regional Rail service to Wilmington and Newark, Delaware as an extension of the Wilmington/Newark Line.

9. Service Stabilization Fund

Prior to passage of Act 44 in July 2007, former Pennsylvania Governor Ed Rendell established the Transportation Funding and Reform Commission. The Commission identified future operating and capital funding needs for highways and transit. Act 44 represented a major milestone for transit funding in the Commonwealth of Pennsylvania. The intent of this legislation was to create a long-term funding source which was stable, predictable, and with growth potential.

Until Act 44 passed, the majority of state operating subsidies were subject to the annual budget appropriations process. During the decade prior to Act 44, growth in operating subsidies was very limited. SEPTA, along with all public transit agencies in the Commonwealth, experienced very difficult challenges in balancing their operating budgets. In a number of years, SEPTA proposed significant fare increases and severe service reductions as initial measures to balance the Authority's budget. These drastic measures were frequently diffused by eleventh hour, one-time actions.

The Act 44 and Act 89 funding programs are intended to provide a long-term funding solution. It is critically important for SEPTA to be prudent with the use of these subsidy funds to ensure that this objective is achieved. The Service Stabilization Fund is necessary to: 1) ensure long-term fiscal stability for SEPTA's operating budget; 2) prevent a future budget crisis; and 3) maintain service levels. Based on future projected growth in state funding and the projected growth in SEPTA's operating expenses and revenues, there will be fiscal years in which the growth in expenses will exceed the growth in state funding. In those years, the Service Stabilization Fund will be used to balance the operating budget avoiding substantial fare increases and/or service cuts.

Total Local Subsidy Required	\$ 106,124
Debt Service Subsidy Local Match	1,008
Total Trust Fund Local Subsidy (15% Match of Section 1513)	\$ 105,116

10. Expense Assumptions By Category

LABOR AND FRINGE BENEFITS The Fiscal Year 2021 labor and fringe benefit growth reflects pattern labor wage increases and benefit expenses as a result of negotiated labor agreements. The budgeted headcount proposed is a net decrease of 100 vacant positions and provides for additional vehicle and facility cleaners as SEPTA attracts riders back to the transit system.

> SEPTA's net labor cost includes a credit for labor expense from the operating to the capital budget for costs associated with capital projects.

MATERIAL AND SERVICES

Material and Services includes replacement parts for fleet and infrastructure inventory as well as various services including utilities, contract repairs, snow removal, Amtrak trackage rights, and paratransit contract services.

The Fiscal Year 2022 budget assumes lower Amtrak trackage access costs due to federal relief funding provided directly to Amtrak and a reduction in paratransit contract services associated with the lower ridership during the Covid-19 pandemic.

SEPTA experienced an expense increase for Amtrak trackage access and costs with the implementation of PRIIA (Passenger Rail Investment and Improvement Act of 2008), effective October 2015. Through this Federal Congress mandated that a standardized methodology be developed to allocate costs among Northeast Corridor (NEC) owners and operators that ensure each agency take full financial responsibility for its use of shared NEC infrastructure and related facilities.

INJURY AND DAMAGE CLAIMS

Claims expense includes self-insured payouts, insurance premiums, and reserve adjustments. Fiscal Year 2020 included a \$15.4 million unfavorable reserve adjustment. The unfavorable reserve adjustment accounted for a decrease in the present value discount rate and an increase in the Loss Adjustment Expense (LAE) liability. The Fiscal Year 2022 budget reflects the full impact of an increase in insurance premiums experienced in the current fiscal year.

PROPULSION POWER

Revenue vehicle propulsion power expense is calculated based on estimated kilowatt-hour usage and rates. While the Fiscal Year 2022 budget incorporates a reduction in consumption due to lower Regional Rail service levels resulting from the significant drop in passengers and the gradual recovery anticipated during Fiscal Year 2022.

FUEL

Fuel expense is based on budgeted miles of revenue vehicle operation, miles per gallon fuel economy, and estimated fuel rates. The Fiscal Year 2022 budget reflects a decrease in the cost of fuel and lower fuel consumption due to slightly reduced service levels and better fuel economy as additional hybrid buses are entered into service.

10. Expense Assumptions By Category

RENTAL EXPENSE Rental expense covers all operating lease rentals for

fixed facilities and short-term software, vehicle and equipment leases. The Fiscal Year 2022 budget reflects

the decreased need for leased vehicles.

DEPRECIATION Depreciation expense is the amortization of the cost of

the Authority's fixed assets over their estimated useful lives net of the amortization of contributed capital. The Fiscal Year 2022 budget assumes a slight reduction from

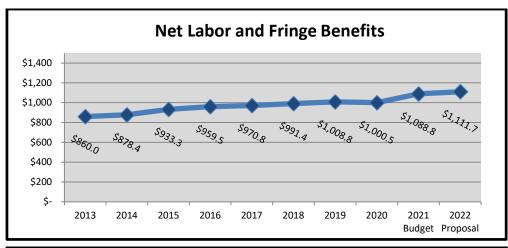

the current year budget.

10. Ten Year Expense Trends

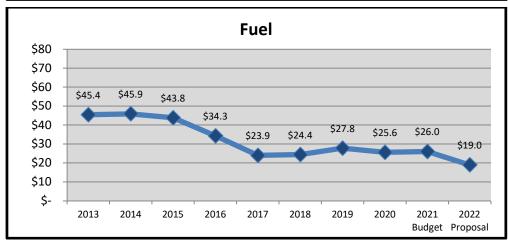

In developing the Operating Budget, the Authority considers issues that affect both the individual area of expense, as well as national, state, and local economic conditions. In addition, SEPTA focuses on historical trends in major expense categories, as illustrated in the following charts:

Amounts in Millions

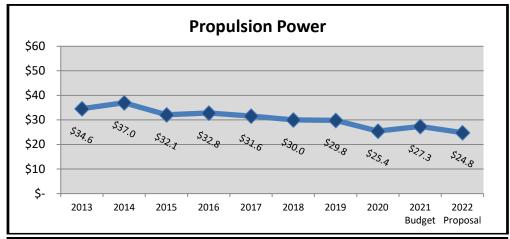

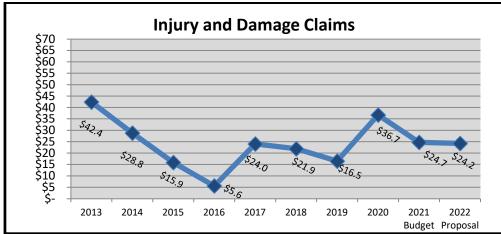

Notes: (1) Fuel expense decrease in FY 2015-2017 is due to lower fuel prices; the budget for FY 2022 reflects a continued decline in fuel prices and consumption.

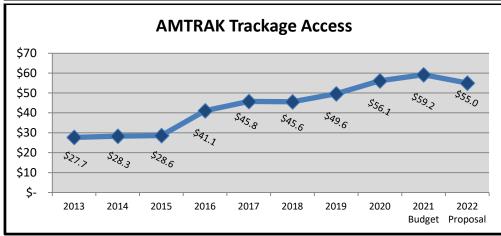

(2) FY 2021 represents a pre-Covid baseline budget.

Amounts in Millions

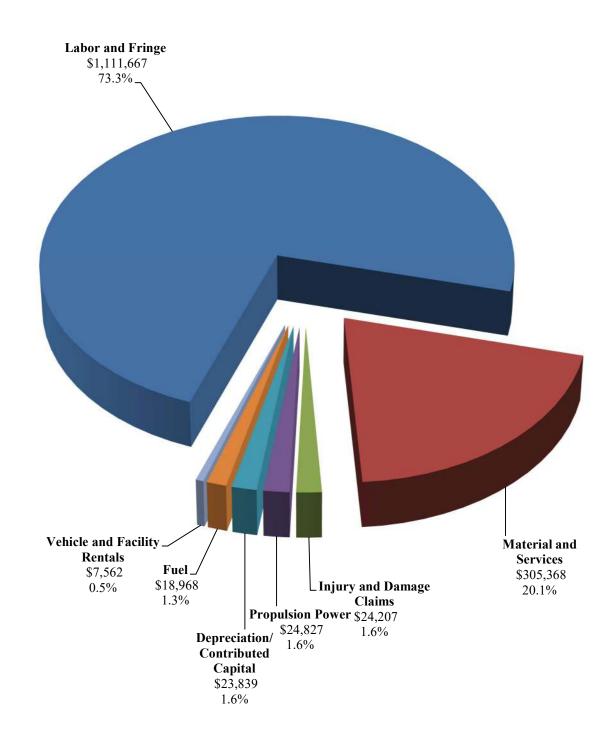

Notes: (1) Propulsion Power decrease in FY 2020 and the FY 2022 proposal are related to lower contract supplier rates and lower usage due to service reductions during the Covid-19 pandemic.

- (2) Injury and Damage Claims decreased dramatically in FY 2013 2016 due to the installation of surveillance cameras on vehicles and select stations. FY 2020 reflects reserve increase related to the use of a lower discount rate and an increase in Loss Adjustment Expense (LAE).
- (3) Amtrak expense increase due to impact of Passenger Railroad Investment and Improvement Act (PRIIA), effective October 2015. FY 2022 decrease was due to Certain federal relief funding provided directly to Amtrak.

TOTAL OPERATING EXPENSES = \$1,516,438In Thousands

11. Fiscal Year 2022 Headcount Authorizations

HEADCOUNT DESIGNATIONS

Organization Overview

The organization, staffing, and expenses are shown for each division in the Departmental Summaries Section, including subtotals by department. Total headcount is further segregated by Operating versus Capital. The following definitions shall apply throughout this section:

Mgmt	Supervisory, administrative, and management employees.
Clerical	Unionized clerical, storeroom and customer service agent employees.
Maintenance Transportation, or Cashiers	Unionized maintenance and transportation employees, cashiers, and police officers.
Capital	Positions supported by federal, state, or local capital funding initiatives.

The Fiscal Year 2022 authorized headcount is at 9,794 employees and reflects the addition of 200 positions to enhance cleaning on vehicles and at SEPTA stations, and an organization-wide reduction of 300 positions. This reduction is expected to come from existing vacancies and will better align headcount with the reduced ridership and service levels.

Fiscal Year 2022 incorporates a new division, Communications, formed during Fiscal Year 2021. This new division combines Communications and Customer Experience and Advocacy which were previously standalone Divisions. Also in Fiscal Year 2021, Revenue Operations will now report to the Finance Division after previously being a standalone Division.

SEPTA Corporate Staff

Overview

SEPTA's Corporate Staff consists of a team of experienced transit professionals who are dedicated to providing vision and guidance to the Authority, while optimizing the best use of limited resources. The Corporate Staff strives to partner with stakeholders to promote public transit service as a cost-effective, viable travel option for access to work, school, medical service, shopping, leisure activities and tourism. The Corporate Staff is also committed to operating and managing a system which meets the highest standards for customer and employee safety while providing quality services.

Corporate Staff

Principal Responsibilities

Board Staff

Prepares and attests to all Board documentation generated from committee and Board meetings as well as advising and consulting with the Board on all Board-related matters. The Board staff includes a Secretary to the Board, an Assistant Secretary to the Board, a Controller to the Board, and a Board and Government Liaison.

Executive Staff

Manages and directs the daily functions of the Authority. Executive Staff includes the division leaders reporting directly to the General Manager. Collectively, they are responsible for the operation, administration, and financial management of the Authority.

Office of the General Manager

Oversees all SEPTA services and operations. Along with the SEPTA Board, provides leadership and direction for the Authority.

Fiscal Year 2022 Goals and Business Initiatives

SEPTA Forward, our new Strategic Plan, is the framework to transform our organization based on the lessons we have learned over the past year to support our region's recovery and foster a resilient, prosperous, and equitable future. It builds on SEPTA's mission by setting a clear vision for the future. The plan's goals and strategies constitute our organizational priorities and will act as the framework for our employees to develop the detailed programs, projects, and initiatives that will propel SEPTA, our communities, and our region forward. The full plan is available at *planning.septa.org/*.

SEPTA Forward is organized around three goals that work together to achieve our vision:

Goal 1: Develop a Proactive Organization

We are an agile and responsive organization that makes the most effective use of our resources. We invest in our people and work to build a diverse, inclusive, and empowered workforce that takes pride in serving the people of Southeastern Pennsylvania.

Strategies:

- Continue Our Commitment to Safety
- Invest in and Empower Our People
- Foster an Inclusive Culture
- Create Efficient Processes and Increase Accountability
- Serve as a Platform for Partnerships
- Emphasize Sustainability
- Facilitate Data-Driven Decision-Making

Key Performance Indicators:

- Operating Expense Per Passenger Trip
- Passengers Per Revenue Vehicle Hour
- Employee Lost-Time Due To Injuries Per 200,000 Work Hours
- Employee Engagement
- Pounds of CO2 Per Passenger Mile Traveled
- Economic Impact
- Percent of Projects on Schedule
- Percent of Construction (Capital) Dollars Spent on Soft Cost

Corporate Staff

Goal 2: Provide an Intuitive Experience

Our system is easy-to-use for all, regardless of familiarity, language, or ability, welcoming riders from across the world. We provide convenient services and the right information, at the right time, for a smooth and enjoyable journey.

Strategies:

- Embrace the Door-to-Door Experience
- Address Technology as 21st Century Infrastructure
- Design for Users' Understanding and Experiences
- Integrate Trip Planning and Payment
- Communicate in Real-Time
- Provide Accessibility for All

Key Performance Indicators:

- Customer Experience Score
- Customer Effort Score
- Customer Engagement Score
- Customer Attitude Score
- Additional Time to Make Accessible Journeys
- Daily Trips through Stations without Accessible Options
- Contactless Trips

Goal 3: Deliver a Seamless Transit Network

Our services work together, creating one unified, equitable network serving all types of trips, no matter where you are or what mode you choose. We anticipate changing needs and adapt services responsively to keep our region moving throughout the 21st century. *Strategies:*

- Manage Services Around a Lifestyle Network
- Design Services That Meet Changing Needs
- Simplify and Support Transfers
- Provide Reliable Transit Service
- Prioritize Space for Transit
- Develop a Unified Fare Policy
- Collaborate to Improve Access to Transit
- Promote Transit-Supportive Communities

Key Performance Indicators:

- Unlinked Trips Per Capita
- Population Near Transit
- Equitable Service
- Destinations Near Transit
- Transit Travel Time Competitiveness
- On-Time Performance and Headway Adherence
- Average Transfer Wait Time
- Average Vehicle Age by Mode

CORPORATE BUSINESS INITIATIVES

Goal 1: Develop a Proactive Organization

- Progress Efficiency and Accountability Program
- Continue partnerships to provide resources to vulnerable populations
- Prepare facilities and provide Ambassador support for major events, including Flower Show, Broad Street Run, and Welcome America
- Minimize customer disruption on major construction projects, including Southwest Connection, Trolley Blitz, and 30th Street Station
- Conduct "Make the Safe Choice" and "Never Too Busy For Safety" safety culture campaigns
- Continue to implement operator refresher safety training program
- Advance Communications-Based Train Control (CBTC) installation on Media-Sharon Hill Line
- Intensify focused campaign on track area falls
- Continue to advance track bumper replacement program
- Complete 3rd party vehicle inspections
- Implement recommendations from 3rd party review of roadway worker protection program
- Continue efforts to reduce signal violations on rail modes
- Continue installation of Bus Operator Shields, advance installation of Trolley Operator shields
- Advance construction of ventilation system improvements at Jefferson and Suburban Stations
- Advance Safety and Security improvements at Fern Rock Complex
- Continue implementation of new Human Resources Information Systems suite and the replacement of other key Finance modules
- Advance Diversity and Inclusion Program
- Continue to implement employee facility improvement projects
- Complete full deployment of Trapeze Ops software for Transportation Management
- Continue to implement PennDOT performance review action items and report on progress
- Continue to communicate the value of SEPTA to key stakeholders through analyses of key elements of value proposition
- Advance implementation of Automatic Passenger Counters on Buses, Trolleys and Norristown High Speed Line rail cars
- Continue to implement Energy Action Plan

Goal 2: Provide an Intuitive Experience

- Plan for next Customer Satisfaction Survey and implement action plans
- In stations: Progress countdown clocks on Broad Street and Market-Frankford Lines, Intensify cleaning efforts across the system
- Revamp public website, www.septa.org
- Advance SEPTA Key deployment, finishing roll out on Regional Rail and CCT and deployment of new fare validation equipment to enable mobile ticketing and parking
- Progress Rail Transit Branding and Wayfinding Master Plan

CORPORATE BUSINESS INITIATIVES

Goal 3: Deliver a Seamless Transit Network

- Progress Comprehensive Bus Network Redesign
- Advance Regional Rail Master Plan
- Continue to partner with the City of Philadelphia on the implementation of its "Connect" transportation plan and Philadelphia Transit Plan, A Vision for 2045
- MFL: Advance capacity expansion projects, including interior seating reconfiguration
- Trolleys: Advance conceptual design efforts including Pole-to-Pan Conversion, Station Accessibility and Power Distribution Studies; develop Vehicle Specification; conduct trolley tunnel maintenance blitz
- NHSL King of Prussia Rail: Continue evaluating funding strategies to advance 30% Design
- Continue to advance construction of Elwyn to Wawa Restoration to a new station at Route 1 in Middletown; continue next phase of Regional Rail Stone Arch Bridge rehabilitation program, advance design and construction for 30th Street West Catenary replacement, complete phase 3 of the Southwest Connection Improvement Program
- Progress delivery of Multi-Level rail cars and continue to upgrade Frazer Yard to accommodate these vehicles
- Complete delivery of 525 Hybrid-Electric Bus order; Initiate procurement of 10 Battery-Electric Buses
- Advance overhaul of Lansdale, Hatboro, and 12th Street and Portal, Neshaminy, Bethayres and Yardley railroad substations
- Advance construction at Ardmore Transportation Center and Conshohocken station
- Advance design of Tasker-Morris (BSL) and 11th Street; Advance construction at Susquehanna-Dauphin (BSL) and continue construction at 5th Street and 30th Street (MFL) Phase A and B; City Hall Station inter-station connections and structural work
- Develop master plans for 69th Street Complex that address customer experience and capacity issues

SEPTA

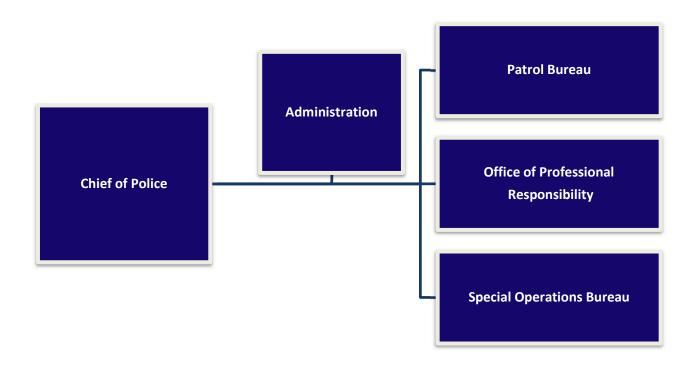

Transit Police

Overview

SEPTA's Transit Police are tasked with preventing and investigating crime; establishing an atmosphere of safety and security throughout each of our transit modes; and serving as public safety ambassadors for the transit system.

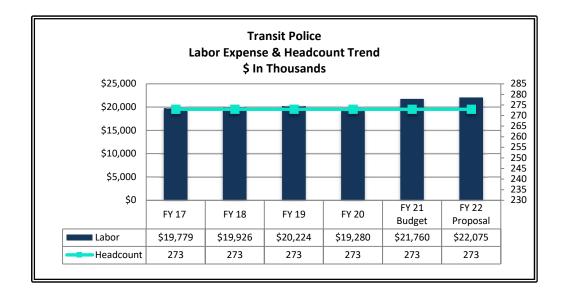

Headcount*

	OPERATING HEADCOUNT

Patrol Bureau	11,916	4,236	16,152
Office of Professional Responsibility	2,996	-	2,996
Special Operations Bureau	5,511	-	5,511
Total	\$22,075	\$4,236	\$26,311

Note: FY 2022 increase is due to additional security guards who will be deployed on the Market Frankford line to ensure customer safety.

Transit Police

Principal Responsibilities

Patrol Bureau

Ensure a safe work and travel environment and enhance the quality of life through law enforcement and protection against crime. Manage the three Transit Police Districts and overnight shifts responsible for patrol (primarily in uniform) of the Broad Street Subway Line, Market-Frankford Line, trolley lines, Regional Rail, and all SEPTA stations and properties.

Office of Professional Responsibility

Ensure the delivery of professional police services, quality control and the continuing education of the department's members. Responsible for the investigation of Transit Police misconduct; management of the body camera program; training of members; recruitment; background investigations and records management.

Special Operations Bureau

Responsible for counterterrorism prevention, specialized emergency response/rescue, criminal investigations and radio communications. Manages the Special Operations Response Team (SORT), Visible Intermodal Prevention Response (VIPR) Team, K9 operations, and responds to incidents requiring special weapons or equipment. Manages criminal investigation section, undercover operations, and communications.

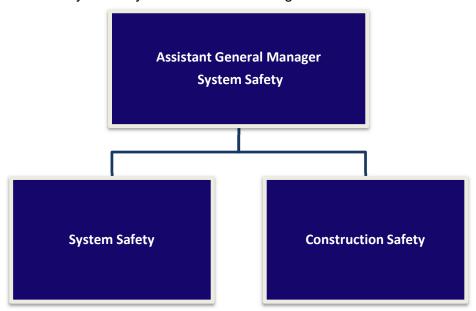

System Safety

System Safety

Overview

SEPTA's System Safety Division consists of a team of experienced safety professionals who are dedicated to ensuring and enhancing the safety of SEPTA's employees and customers. This Division serves as the corporate safety consultants for all employees to ensure regulatory compliance with a variety of safety and environmental regulations.

Headcount*

Note: The increase in FY 2017 and FY 2018 Materials & Services expenditures reflects third party services for safety training, testing, and consulting.

System Safety

Principal Responsibilities

SYSTEM SAFETY

System Safety performs a wide range of tasks that are designed to ensure and enhance the safety of our employees, customers, and the community. These tasks include the following:

- Develop, implement, and maintain a Safety Management System as detailed in the Authority's Safety Plans.
- Coordinate all functions related to safety throughout the Authority, including the potential for environmental and workplace health exposures.
- Routinely perform an enhanced level of safety inspections and audits. In addition to major accident investigations, also conduct occupational injury investigations and safety/risk management assessments.
- Conduct fire drills and evacuation exercises at all Authority locations.
- Direct the activities of the Joint Health and Safety Committee (JHSC) and oversee the Location Safety Committee (LSC) process.
- Assist in the coordination of multi-departmental initiatives to promote and internalize safety as the Authority's top priority.
- Provide consultation and support in the areas of environmental compliance and management of SEPTA's environmental activities.
- Oversee Environmental Site Characterization Assessments, Phase I and II Property Acquisition Assessments, and Remediation Projects.
- Oversee the Authority's International Organization for Standardization (ISO) 14001
 Environmental and Sustainability Management System (ESMS).
- Manage the Property Conservation Program and the risk treatment process. Work to reduce risk exposure and implement effective risk control techniques at all Authority locations.
- Coordinate the collection and reporting of all safety statistics throughout the Authority and administer the reporting of those statistics to regulatory agencies.
- Conduct safety design reviews of SEPTA's capital construction projects.
- Conduct Safety Inspections and Audits of major Construction projects performed by both 3rd party contractors and SEPTA in-house forces.
- Serves as the Authority's Safety Liaison to various regulatory agencies; NTSB, FRA, FTA, EPA, PaDEP and PennDOT.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Improve Employee Safety and Promote a Safe Work Environment	 Continue to lead employee-focused safety initiatives and safety awareness campaigns. Implement FRA-compliant System Safety Plan. Implement FTA-compliant Authority Safety Plan. Reduce employee injuries by 5%. Reduce vehicle crashes by 10%. Reduce signal violations on rail modes by 10%.
	Safety Awareness	- Continue to lead customer-focused safety campaigns ("Make the Safe Choice", "Watch Their Step", "Respect the Train") Explore technology-based solutions to reduce vehicle accidents Reduce customer related incidents (e.g. falls into the tracks, fatalities, knockdowns, grade crossing incidents.) - Roll out New Customer Safety Awareness Campaigns.
	Management Through the Authority's	 Maintain ISO 14001 certification at Berridge Shop. Maintain ISO 14001 certification at Wayne Junction Shop. Reduce vehicle engine idling at shops, facilities, loops, and terminals. Reduce oil, fuel and coolant spills from vehicles. Reduce SEPTA's carbon emission footprint. Increase use of renewable energy sources.
		- Continue the transition to Safety Management System (SMS)-compliant safety programs as required by FTA Utilize a data-driven approach to safety decision making Continue to develop innovative ways to enhance the Authority's overall safety culture Continue to enhance the number of Safety Training courses available to SEPTA employees Continue to promote a grass roots approach to hazard identification and mitigation through Safety Committees, Training, and Supervisor involvement.

Fiscal Year 2021 Accomplishments

Goals	Accomplishments
I. Improve Employee Safety and Promote a Safe Work Environment	 Implemented (60) different Safety Training Courses to assist over 8,000 employees in Safety Development, with emphasis on: Workplace loss time injuries Falls from platforms Bus knockdowns Fatalities on the tracks Grade crossing collisions
II. Increase Customer Safety Awareness	 Customer/Community Safety Day for FY2021 was held virtually with the use of SEPTA Safety social media on Wednesday, May 6th, 2020. Due to the global pandemic the in-person award ceremony at MAST Charter School Philadelphia was postponed as well as the safety blitz at various stations. Safe Turn Alert System now installed in more than 1374 of SEPTA's buses. SEPTA System Safety continues to partner with Vision Zero, meetings via Zoom in March and SEPTA Safety Bus was included as a public tool/option for education in the Vision Zero Education Subcommittee report for 2020. This year the subcommittee has been changed to the VS Safe People Subcommittee. SEPTA Safety continues to support as the Vision Zero Leaders Toolkit is developed. Due to Covid-19 restrictions SEPTA could not Conduct Station Safety Blitzes. System Safety and Communications Dept. utilized Social Media Platforms to promote World Suicide Prevention Day and Rail Safety Week in Sept. Conducted (3) Operation Lifesaver presentations that reached over (293) customers.
III. Ensure Responsible Environmental Management Through a Comprehensive ESMS Program	 Berridge Shop ISO 14001 certification sustained and corrective action items being addressed. Wayne Shop ISO 14001 certification sustained and corrective action items being addressed. Anti-Idling Campaign for vehicle engines showing favorable reduction in fuel consumption and costs. Fume / leak incidents inside revenue buses continue to be monitored for a reduction. Safety Data Sheets (SDS) Electronic Tracking system is being utilized Authority wide. Increase use of renewable energy sources.

Fiscal Year 2021 Accomplishments (continued)

Goals	Accomplishments
IV. Develop a Safety First Culture	Authority wide training continues virtually for FTA SMS regulatory requirement.
	SEPTA utilize a data-driven approach to safety decision making by sharing KPI's with internal & external stakeholders on a monthly basis. The System Safety Hazard Log, in addition to KPI's, is distributed internal/externally to mitigate hazards and prevent loss.
	System Safety is currently working on the next Safety Culture Survey that will be distributed to all employees in the Fall of 2021.
	System Safety offered 60 Safety Training courses available to SEPTA employees. 318 employees attended these courses since July 2020.
	 Operational Safety enhanced the Employee Safety Hazard Line in 2020 to include Near Miss reporting. Safety Hazard Line posters were updated, printed, and distributed to all Location Safety Committee (LSC) locations for posting. As part of February 2020 Authority wide employee safety day, the safety hazard line was highlighted with the near miss reporting. A Signal Violation Committee and a Falls to the Track Committee continue to review incidents and are working on ways to mitigate these incidents.

SEPTAOperations

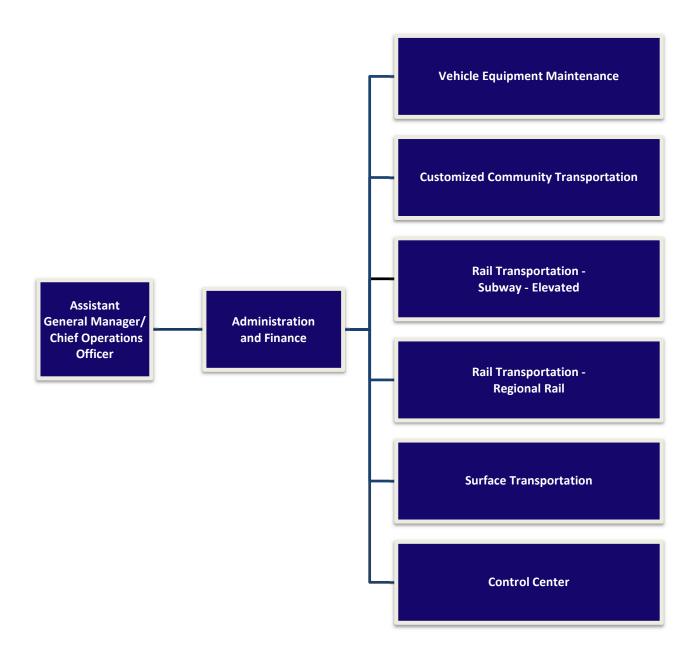

Operations

Overview

The Operations Division includes the following departments: Vehicle Equipment Maintenance, Control Center, Customized Community Transportation (CCT), Rail Transportation, Surface Transportation, and Administration and Finance. The Division provides long term goals related to these areas of responsibility.

The Operations Division provided 223.5 million annual passenger trips in Fiscal Year 2020, while operating 89.8 million vehicle miles. Total passenger miles exceeded 1,009 million. The Division operates 2,845 revenue vehicles on 147 fixed routes, which have approximately 1,570 route miles and over 600 miles of track. The Operations Division also operates and provides service to 289 stations.

Vehicle Equipment Maintenance	126,994	45,251	172,245
Total	\$510,364	\$61,626	\$571,990

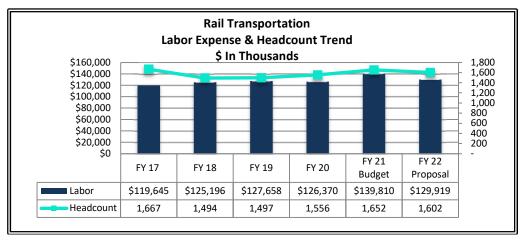

Note: FY 2019 labor increase was due to additional labor to support ADA/senior citizen eligibility screening utilizing part-time employees. FY 2020 decrease was due to a hiring freeze and other cost savings initiatives implemented in March 2020 resulting from the impact of the Covid-19 pandemic.

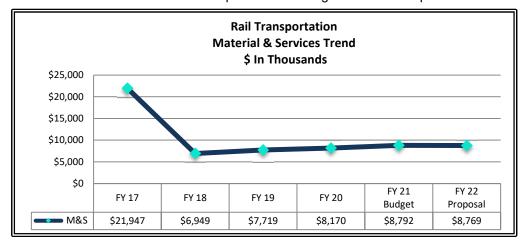

Note: Customized Community Transportation budget includes \$38.6 million in ADA and Shared Ride contract services. FY 2020 and FY 2022 costs were lower due to the Covid-19 pandemic's impact on ridership.

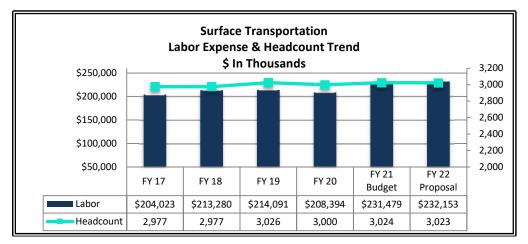

Note: NPT Integration was transferred to New Payment Technologies in FY 2018 to report under the Deputy General Manager/Treas. FY 2020 and FY 2022 costs were lower due to service reduction implemented during the COVID-19 pandemic.

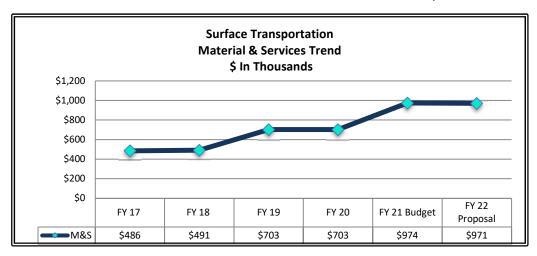

Note: Decrease in FY 2018 reflects New Payment Technologies transfer from Rail Transportation to the Deputy General Manager. FY 2020 and FY 2021 increase reflects higher 3rd party contract maintenance service costs.

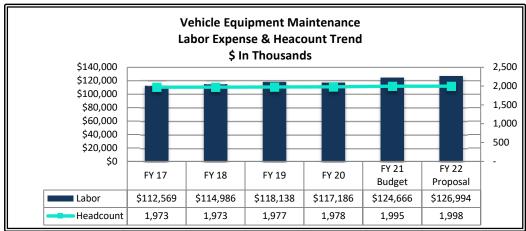

Note: Increase in FY 2019 headcount reflects Project and Control Center Coordination transfer of positions to Surface Transportation. FY 2020 headcount decrease reflects transfers to new Control Center – Transit Department partially offset by added bus operators to support the new

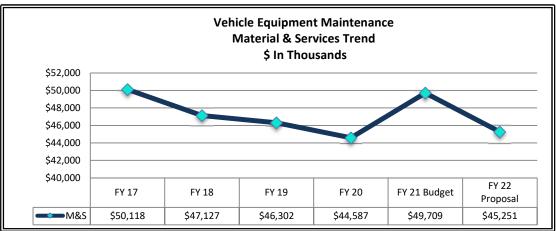

Route 49 service. FY 2021 includes the addition of bus operator trainees.

Note: FY 2020 costs were lower due to vacancies and cost saving initiatives implemented in mid-March resulting from the impact of the COVID-19 pandemic.

Note: FY 2020 costs were lower due to cost saving initiatives implemented in mid-March resulting from the impact of the COVID-19 pandemic.

Principal Responsibilities

ADMINISTRATION AND FINANCE

Coordinate and manage the administrative and financial activities for the Operations Division.

Cost Control

Coordinate the development, submission, and monitoring of Operating and Capital Budgets for the Operations Division.

Performance Statistics Control

Develop and monitor performance statistic goals for the Operations Division, which support SEPTA's mission and strategic goals.

Human Resource Administration

Manage the process of hiring personnel for the Operations Division in accordance with service requirements. Ensure compliance with SEPTA's Human Resources policies.

Customer Service

Process and expedite all customer correspondence routed through the Operations Division.

Record Retention

Coordinate compliance with record retention policies.

Special Projects

Coordinate all logistics and activities related to service interruptions, major sporting events and various other annual events, including the Philadelphia Flower Show and Philly Spring Clean-Up.

CUSTOMIZED COMMUNITY TRANSPORTATION (CCT)

Customized Community Transportation (CCT) is responsible for the operation of SEPTA's two demand response services, ADA Paratransit and Shared Ride Program transportation. This full service operation, from advance reservations and customer service to shared trip completion, operates under the name "CCT Connect". It coordinates development of Requests for Proposals to contract for private operation of new services and provides for the efficient administration of existing contract carrier operations.

CCT coordinates SEPTA's compliance with the Americans with Disabilities Act (ADA) as it pertains to service, equipment and facilities, advising other operating departments on implementing accessible fixed-route service and facility improvements. CCT also serves as liaison between various SEPTA Divisions and the SEPTA Advisory Committee for Accessible Transportation (SAC).

CCT also administers eligibility screening for the following programs: PA Disability Transit ID, Senior Citizen Transit ID and Personal Care Attendants on Transit ID. In addition, CCT provides travel training by certified professionals to instruct customers how to travel independently on public transportation. This service is offered on a one-to-one basis or as part of designed instruction for a group in partnership with several local universities and Philadelphia high schools. CCT oversees the Authority's customized small bus operations and public-private partnerships via its Contract Operations Department.

CCT CONNECT

ADA Services

Provide advance-reservation, ride-sharing paratransit service for eligible disabled riders in Bucks, Chester, Delaware, Montgomery, and Philadelphia counties.

Shared Ride Program (SRP)

Provide advance-reservation, ride-sharing transportation for Philadelphia County riders age 65 and older, regardless of income or disability status.

CONTRACT OPERATIONS

Breeze

Operates SEPTA's small bus service known as the Horsham "Breeze". This service provides transportation designed to meet the needs of employers in the Willow Grove and Horsham business centers. The Breeze operates weekday and Saturday service.

Operations

LUCY

Operates a fixed route bus loop in the University City area of West Philadelphia. The service is funded by subsidies from the University City District and operates weekday service only.

Cornwells Heights Shuttle

Operates a small bus shuttle within the 1,600-space park-and-ride lot at Cornwells Heights train station. Cornwells Heights operates weekday service only.

Contracted Services

Provides management oversight and compliance of contracts between SEPTA and third party providers of fixed route services. Currently, it oversees the Route 204 service (Eagleview-Paoli Station) which operates seven days a week.

CONTROL CENTER

The Control Center is a centralized facility that manages the safe and efficient movement of subway/elevated, light rail trolley, and bus operations and provides customer service alerts to our passengers. All Control Center functions, and associated equipment are located at SEPTA's 1234 Market Street headquarters on the 19th floor. The Control Center personnel are responsible for ensuring that SEPTA's established service levels are maintained 24 hours a day, 7 days a week.

RAIL TRANSPORTATION - REGIONAL RAIL

Oversee all transportation, Regional Rail control center operation, customer service, station operation and service planning for the railroad system. The Regional Rail system includes 280 route miles and 13 lines or branches. Approximately 780 trains service a total of 155 stations per average weekday.

RAIL TRANSPORTATION - SUBWAY-ELEVATED

Provides train service, customer service, and station cleaning services to the Market-Frankford and Broad Street Lines.

Subway-Elevated Services

The MFL operates 380 revenue trains each weekday between the Frankford Transportation Center and the 69th Street Terminal. The BSL operates 598 revenue trains each weekday between the Fern Rock Transportation Center and NRG Station as well as along the Ridge Avenue Spur. The stations group oversees the Customer Attendants who assist customers with fare instrument purchases and navigation of the Subway-Elevated system.

Subway-Elevated Custodial Services

The Subway-Elevated stations group oversees the cleaning of 28 Market-Frankford Subway-Elevated stations, 25 Broad Street Subway stations, and 8 trolley stations.

Operations

SURFACE TRANSPORTATION

Operates surface transit modes throughout the five county service area with service originating from nine operating locations in the region. Each operating district has full responsibility for transportation service of the transit fleet in that location.

The nine operating districts operate a total of 120 bus, 3 trolleybus routes, 8 trolley (light rail) routes, and 1 interurban high speed (heavy rail) line. It should be noted that the number of bus routes identified by operating district in this section differs from the total number reported elsewhere, due to 13 bus routes that are operated out of more than one district as operating conditions necessitate. The 9 operating districts in Surface Transportation are:

- **1. Allegheny** operates 8 bus routes
- 2. Callowhill operates 12 bus routes, in addition to trolley (light rail) Routes 10 and 15
- 3. Comly operates 15 bus routes
- **4. Elmwood -** operates trolley (light rail) Routes 11, 13, 34, and 36
- 5. Frankford operates 13 bus routes and 3 trolleybus routes
- 6. Midvale operates 25 bus routes
- 7. Southern operates 18 bus routes
- 8. Frontier operates 22 bus routes
- **9. Victory –** operates 20 bus routes, 2 trolley (light rail) Routes 101 and 102, and 1 heavy rail Route 100

VEHICLE MAINTENANCE

BUS MAINTENANCE

Performs all maintenance aspects for bus, trolley bus, and non-revenue generating fleets as well as bus and utility vehicle preventive maintenance overhauls at ten maintenance facilities and backshops.

RAIL MAINTENANCE

Rail Transit Maintenance

Performs all maintenance aspects for trolley, Norristown High Speed Line, and Subway-Elevated fleets as well as all rail vehicle preventive maintenance overhauls at eleven maintenance facilities and backshops.

Regional Rail Maintenance

Performs all maintenance aspects for the Regional Rail fleet as well as all Regional Rail vehicle preventive maintenance overhauls at five maintenance facilities.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN	FOCUS AREA	PUSINESS INITIATIVES
GOALS		BUSINESS INITIATIVES
PROVIDE AN INTUITIVE EXPERIENCE	Drive the Economy	 Monitor and evaluate service levels on all modes. Modify service as needed to accommodate the needs of the region and encourage increased ridership. Continue to evaluate ridership and customer travel patterns to develop improved service plans and rebuild ridership in the post-pandemic era. Implement Phase 3 of Trapeze Ops within Surface & Subway/Elevated. Implement Train Plan scheduling software on Regional Rail. Advance the bus and Regional Rail vehicle procurements. Utilize the Employee Development Plans created in 2019 to develop succession plans and improve management's overall performance through training opportunities and creative professional development methods. Implement improved training for new managers. Create and implement an operator/conductor sensitivity program for working with customers with disabilities. Develop a phased three-year plan for increasing mechanic staffing, taking into consideration the newly acquired locomotives, the arrival of the multi-level railcar fleet, and the increase in bus fleet size. Continue to foster and maintain a workplace of inclusion.
	Enhance Cleaning for Stations and Vehicles	 Improve cleaning efforts throughout the system. 1. Develop and promote new standards of excellence for cleanliness on vehicles and in stations. Expand programs to address night and weekend service levels. 2. Implement training for all Maintenance Custodians and Custodial Service Managers on "work from height" protections. Promote a data-driven approach to vehicle and station cleaning by implementing key performance indicators including but not limited to: Station washdown frequency Maintenance Custodians per station (type of station, area, etc.) Vehicle houseclean frequency Vehicle cleaners per vehicle
DEVELOP A PROACTIVE ORGANIZATION	Advance Sustainability	- Support recycling efforts as well as other critical sustainability initiatives Assist with the manufacturing, delivery, and quality assurance of: 1. New Flyer Battery-Electric bus fleet 2. CRRC Multi-Level rail vehicles - Continue to advance the Authority's "Triple Bottom Line" Sustainability Program.

Fiscal Year 2022 Goals and Business Initiatives (continued)

Fiscal Year 2021 Accomplishments

Goals	Accomplishments
I. Customer Experience	 a) Supported the City of Philadelphia's Transit Plan including full participation in the various CONNECTS committees and subcommittees. b) Used a multi-faceted approach to improving customer communications during delays, service interruptions, and detours including: Improved service alerts from the Control Center Information Managers (CCIM). The alerts are made often and include projections on when service will return to normal so that customers can make informed decisions. Improved on-board communications between operators/crews and customers. Vehicle personnel give verbal information to customers often and in the same manner as is being given by the Control Center. c) Ensured that CCIMs and Railroad Announcers are properly mixing automated announcements with live announcements during service delays and interruptions. d) Improved cleaning efforts throughout the system. Supported SEPTA's Cleaning Task Force in evaluating new products, new processes, and innovative technologies to improve cleaning of vehicles and stations. Supported SEPTA's Clean Air Task Force in evaluating new methods of air filtration in SEPTA's vehicles and facilities. e) Continued to advance Action Plan to aggressively address areas of improvement identified by the 2018 Customer Satisfaction Survey.
II. Employee Development	a) Supported the Women-In-Trades initiative.b) Developed improved training for new managers.

Fiscal Year 2021 Accomplishments (continued)

01-	A
Goals	Accomplishments
III. Rebuilding the System	 a) Continued to support expanded capital construction activities across the Authority by providing vehicles for bus substitution efforts. b) Continued to implement Market-Frankford Line capacity enhancement initiatives, such as interior seating reconfiguration and conceptual study for 8-car platforms. c) Supported efforts to rebuild the trolley network through participation in the Trolley Modernization project. d) Supported the King of Prussia Rail extension project.
IV. SEPTA is a Business	a) Supported recycling efforts as well as other critical sustainability initiatives.b) Advanced the bus and Regional Rail vehicle procurements.
V. Safety as the Foundation	 a) Successfully implemented the Authority's Safety Management System (SMS) in compliance with FTA regulations and the State Safety Oversight Program. b) Followed through on the Operational Safety Improvement Program (OSIP). c) Continued installation of permanent operator security shields on the Surface fleet. d) Continued implementation of audible bus turn warning system on bus fleet.

Engineering, Maintenance and Construction

The Engineering, Maintenance and Construction (EM&C) Division is responsible for all engineering and maintenance related to the Authority's civil engineering, stations, buildings, bridges, track, communications, and signal and power systems. The Division is also responsible for capital construction of both transit and Regional Rail facilities and right-of-way elements.

Total	\$83,591	\$25,588	\$109,179

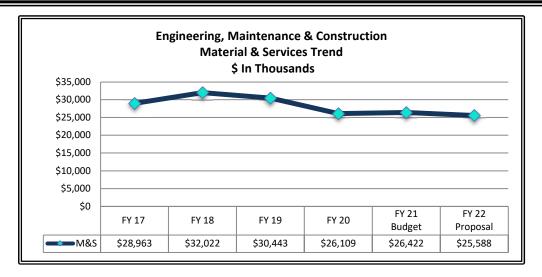

Note: Departments with minimal labor costs are primarily funded through the Capital Budget.

Note: FY 2020 headcount and dollars reflects the transfer of the Real Estate and Strategic Initiatives departments to the Deputy General Manager Operations, EM&C and Vehicles. Cost reduction initiatives implemented in mid-March 2020 included a temporary hiring freeze and overtime restrictions which lowered labor costs as compared to the FY 2021 and FY 2022 budget amounts above.

Note:

FY 2018 included unbudgeted facility maintenance costs that did not continue into FY 2019. FY 2020 - FY 2022 decrease reflects the transfer of Real Estate and Strategic Initiatives Departments transfer to Deputy General Manager Operations, EM&C and Vehicles.

Principal Responsibilities

MAINTENANCE OF WAY

Staff and Administration

Administration and Finance

Coordinate and manage the financial and administrative activities for the Engineering, Maintenance and Construction Division. Primary responsibilities include: the Division's operating budget; Infrastructure Safety Renewal Program (ISRP) development, analysis and reporting; Human Resource administration; Contract Management.

Planning and Coordination

Works with internal and external groups on track outages, special events, weather events and other issues that require an integrated response by the Control Center.

Civil Engineering

Provide civil engineering services for all maintenance and renewal projects. Provide coordination and oversight for public agency, utility, and private third party work on, over, or adjacent to SEPTA's right-of-ways.

Track

Perform inspection, maintenance, and reconstruction of track and right-of-way areas. Provide track engineering and design services for all maintenance and renewal projects. Operate Track Shop to support requirements for routine and specialty track design and fabrication. Operate Midvale Utility Group, which oversees the deployment of non-revenue and utility vehicles.

Communications and Signals

Perform regular inspection, testing, maintenance, and reconstruction of the signal system. Provide engineering and design services for all signals and communications maintenance and renewal projects. Perform all radio, telecommunications, and Regional Rail communication maintenance. Manage the engineering and construction for capital projects involving communication and signals infrastructure.

Engineering, Maintenance and Construction

Power

Perform regular inspection, maintenance, and reconstruction of electric traction and signal power systems and electrical infrastructure. Provide engineering and design services for all related maintenance and renewal projects. Manage engineering and construction for capital projects involving power and electrical infrastructure.

Special Projects

Provide management of all large, multi-discipline projects within MoW, including the engineering and construction of capital projects, improvements to track, signals, traction power, bridges, and other right-of-way assets for all Divisions.

BRIDGES AND BUILDINGS

Bridges and Buildings Maintenance and Facilities Engineering

Provide structural, architectural, and mechanical engineering services. Perform all major force account construction projects and maintenance of stations, buildings, bridges, maintenance shops and electrical/mechanical infrastructure. Perform regular inspection of all bridges, tunnels, buildings, other structures, and fixed plant infrastructure.

Rail Facilities

Manage the engineering and construction of capital projects for fixed plant facilities, including improvements to stations, track, signals, bridges, and parking facilities for Regional Rail operations.

Transit Facilities

Manage the engineering and construction of capital projects for fixed plant facilities, including improvements to stations, maintenance facilities, and garages for transit operations.

Project Development

Develop conceptual designs, cost estimates, and Request for Proposal documents for design projects. Manage the awarded design projects through to completion of design phase. Provide cost estimating services for Divisional projects. Manage the coordinated advancement of construction on major projects such as the expansion of the Media/Elwyn Regional Rail line to Wawa.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Safety	- Continue and enhance safety initiatives for employees and passengers.
ORGANIZATION	Technology	- Adopt better use of technology in infrastructure inspection and maintenance.
		 Develop data driven maintenance and capital renewal programs that support service reliability. Data driven management of Operating Budget & Capital Program.
		 Address on-going revenue losses associated with reduced ridership and funding. Enhance operating & capital cost-effectiveness, where appropriate;
	Diversity & Inclusion	- Maintain and improve the culture of unity with diversity and inclusion initiatives.
	Ethics & Integrity	- Cultivate ethics and integrity in the workplace.
PROVIDE AN INTUITIVE EXPERIENCE		 Improve cleanliness of stations and facilities including COVID-19 disinfection strategies. Provide an environment that will encourage increase in ridership levels in a post COVID-19 world.

Fiscal Year 2021 Accomplishments

	Goals	Accomplishments
I.	Rebuild the System	 Continued the design of Substation Program, Wayne Junction Static frequency converter and 30th St. West catenary replacement. Continued the construction of Regional Rail Substations under contracts 1 and 2. Completed renovation at 5th Street Station on MFSE. Advanced construction on Conshohocken Station. Advanced construction on 30th Street Station on MFSE.
II.	Sustainability	Advanced ESCO Projects.Completed enhancements to the Combined Heat and Power Project.
III.	Safety and Security	 Continued the design of grade separated pedestrian access and station improvements at Lawndale and Fern Rock Regional Rail stations. Continued the design of security improvements at Elmwood Shop.
IV.	Expand System Capacity	 Advanced construction of Elwyn to Wawa service restoration project. Completed construction for Frazer Shop and Yard Phase 2. Advanced Preliminary Design for NHSL King of Prussia Line Extension.
V.	Customer Service	Advanced ADA station improvements on the Broad Street Line at Susquehanna Dauphin and completed ADA design at Tasker Morris Station.
VI.	New Technologies	 Completed construction on new quad gates at Ford Street on NHSL. Advanced software design for yardmasters. Final certification from FRA obtained for PTC on Regional Rail. Asset Management Program implemented and Infrastructure Maintenance Management System departmental roll outs continued.
VII.	Human Capital Development	 Rapid Assimilation Program for new EM&C SAM employees. Rotational Training Program for new entry level professional engineers. Supervising Hourly Employees Program. Tour de EM&C Program. AIM training program for Assistant Directors.

Deputy General Manager/Treasurer

Deputy General Manager/Treasurer

Overview

The Deputy General Manager/Treasurer's Staff includes divisional assistant general managers and department heads who are responsible for various administrative functions that support the operations of the Authority.

The Deputy General Manager/Treasurer's Staff includes three departments that are reported upon in this section, namely Deputy General Manager/Treasurer Administration, Information Technology, and New Payment Technologies.

There are five divisions with Assistant General Managers who report within the Deputy General Manager/Treasurer Administration Department. The divisions they are responsible for include: Employee Development/Relations, Finance, Human Resources, and Procurement, Supply Chain and Disadvantaged Business Enterprise. Details concerning these five divisions are summarized separately within this document.

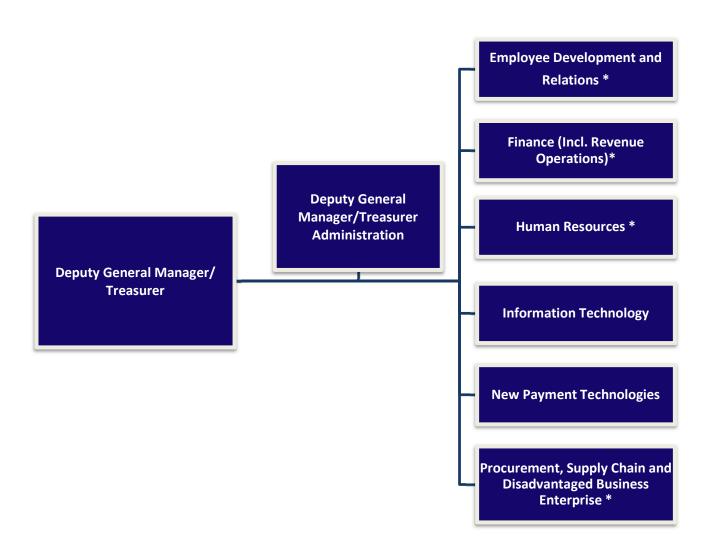

Headcount

Administration	7	-	-	7	
Information Technology	68	5	-	73	
New Payment Technologies	7	-	-	7	
Total Headcount	82	5	-	87	

The Deputy General Manager/Treasurer has four divisions and three departments that are direct reports. *Indicates divisions which are reported separately in this document.

Budget Amounts in Thousands ('000)

	Net Labor	Material Services	Total
Administration	\$ 1,076	\$ 19	\$ 1,095
Information Technology	6,684	11,082	17,766
New Payment Technologies	128	11,711	11,839
Total	\$ 7,888	\$ 22,812	\$ 30,700

Principal Responsibilities

INFORMATION TECHNOLOGY

Emerging & Specialty Technologies

Provides the short and long term strategy, direction, management and implementation of the core enterprise architecture and critical operations systems for the Authority. Manages new technologies and the support of Control Center specialty technology systems, real-time systems and public-facing applications. Responsible for the strategic design and development of advanced web applications to service SEPTA customers.

Application Delivery Services

Supports the development, integration, and implementation of new software systems to business units throughout the Authority. Responsible for the management and implementation of the Authority's Enterprise Resource Planning (ERP) Suite beginning with HRIS and including Finance, Payroll, and Procurement legacy applications. Maintains and enhances existing systems Authority-wide. This section responds to application software problems.

Cyber Security

Manages and supports the effort of protecting customer and employee data from intrusion or data breach. Engages cyber security committee meetings with key stakeholders that focus on business applications, enterprise databases, operational systems, and fare collection to ensure protocols and procedures are in place to minimize the threat of intrusions, malware, and data breaches. Works with outside agencies and professional affiliations, including law enforcement, to aid in understanding new cyber security risks/threats and determining what remedies are available to protect and minimize the impact.

Deputy General Manager/Treasurer

Infrastructure Services

Provides computer operations stability and access security on a 7-day/24-hour basis including problem management, disaster recovery, technical infrastructure management/support and change control. Maintains the technology infrastructure necessary for business critical systems, including: enterprise e-mail services, Internet/Intranet access, payroll, materials management, general accounting, operations control centers, disaster recovery and business continuity. Supports enterprise data communication systems and the entire personal computer environment. Sets standards for hardware and software used across the networks and installs, supports and maintains the entire data network infrastructure. Provides oversight and management of the SEPTA Key Back Office Technical Infrastructure.

Records Management

Responsible for developing and implementing records management systems throughout the Authority, including record retention schedules, storage, retrieval, digital archiving, and destruction protocols.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	INFORMATION TECHNOLOGY BUSINESS INITIATIVES
PROVIDE AN INTUITIVE EXPERIENCE	The Customer Experience	 Rollout Open Trip Planner on SEPTA Mobile App and Website. Provides flexible service for multiple routes for customer travels. Increase the usage and services for SEPTA Mobile App with SEPTA Key for Customers as ridership returns. Initiate new tools and services. Identify and correct all revenue collections issues in an expedited manner. Finalize SEPTA Key rollout on Regional Rail. Complete CCT Integration with SEPTA Key.
	Real-Time Travel Information	 Continue the build out of more efficient real time tracking of surface and rail vehicles. Complete the work needed to capture real time data for the MFL and BSS and present the real time travel information on the website, signage and mobile app
	Continue Upgrade of SEPTA Mobile App	 Develop mobile ticketing services within mobile app Expand mobile app to include MFL & BSL real-time travel information
DEVELOP A PROACTIVE ORGANIZATION	Production Mode	- Complete the interview and documentation of workflow processes for Financial Systems, Benefits, Payroll, and Purchasing - Test new applications in development mode and make changes to fit organization processes - Rollout modernized applications with change management services to help staff adjust to new business processes
	Cyber Security Initiatives	 Continue vulnerability and penetration tests of external network and server resources Harden the technical infrastructure against cyber security attacks and malware attacks Continue 7-day, 24-hour Security Operations Center and monitoring Continue employee education regarding security procedures and security awareness

Fiscal Year 2021 Accomplishments

Goals	Information Technology Accomplishments
I. The Customer Experience	 Identified and corrected all revenue collections issues in an expedited manner. Advanced SEPTA Key rollout on Regional Rail. Advanced CCT Integration with SEPTA Key.
II. Launch HRIS System to Production Mode	 Completed the interview and documentation of workflow processes Tested new application in development mode and make changes to fit organization processes Completed first phase of HRIS system to include Employee Central and Applicant Tracking
III. Real-Time Travel Information	Continued the build out of more efficient, real time tracking of vehicles (surface and rail).
IV. Continue Upgrade of SEPTA Mobile App	Added parking feature to the mobile app for customer parking purchases
V. Cyber Security Initiatives	Completed security review on newly acquired ACS-64 locomotives. SEPTA external network resources under security review now.

Deputy General Manager/Treasurer

NEW PAYMENT TECHNOLOGIES

Directs the multi-phase SEPTA Key Project to transform SEPTA's aging revenue collection system into a modern, efficient, and convenient system for customer payment and agency collection of fare revenue.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
	Program	 Complete SEPTA Key Regional Rail deployment including On-Board Sales, Open Lot Parking and Permit Parking. Take over maintenance of Regional Rail Key field equipment from contractor. Advance SEPTA Key Post Phase 3 work including: Student Pass, CCT Deployment Upgrade all Key Card Readers, Mobile Ticketing, Open Payment/PayGo. Obtain annual Payment Card Industry (PCI) Certification. Upgrade Regional Rail conductor handheld sales devices.

Fiscal Year 2021 Accomplishments

Goals	New Payment Technologies Accomplishments
I. Advance the SEPTA Key Program	 Deployed Travel Wallet on Regional Rail and locked down farelines at Railroad Center City Stations for implementation of Tap On/Tap Off. All Key products are available on Railroad. Stopped selling paper tickets and ten-strip tickets. Added new Key Products - 3 Day Convenience Pass & 3 Bundle Independence Pass to accommodate changing ridership patterns due to Covid-19. Deployed barcode readers on Regional Rail ADA-Gates to integrate with AMTRAK and NJT paper/mobile tickets. Bus Handheld Loading Device is being deployed to process Key Cards for backdoor loading. Regional Rail station ticket offices now sell Key products including newly opened ticket office at Wilmington Station. Airport vendor started selling discounted Key passes for Airport employees. CCT Pilot was conducted in preparation for rollout. Partner Program is deployed for social service agencies, corporations and university passes. Three new Partner Passes were deployed for social service agencies – Independence Pass, Rolling 7-Day Transpass and 30-Day Transpass.

Deputy General Manager/Operations, EM&C and Vehicles

Overview

The Deputy General Manager/Operations, EM&C and Vehicles Staff includes a divisional assistant general manager and various department heads who are responsible for operational and administrative functions that support the operations, equipment, and infrastructure of the Authority.

The Deputy General Manager/Operations, EM&C and Vehicles Staff includes four departments that are reported upon in this section, namely Deputy General Manager Direct Reports, Vehicle Engineering, Real Estate, and Strategic Initiatives.

There are two major divisions that report to the Deputy General Manager/Operations, EM&C and Vehicles. The divisions they are responsible for include: EM&C and Operations. Details concerning these two divisions are summarized separately within this document.

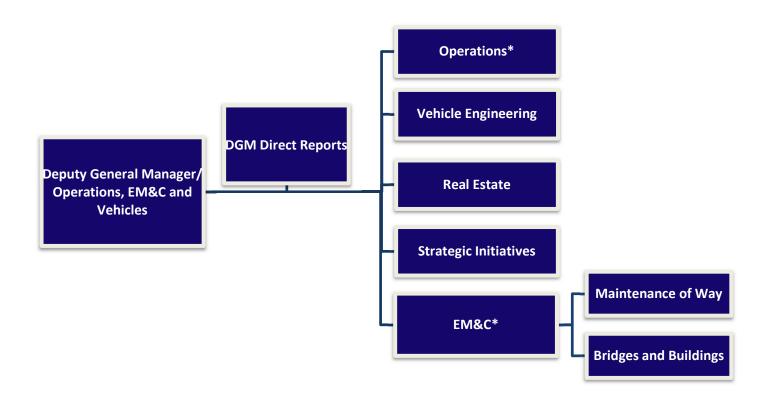

Headcount

The Deputy General Manager/Operations, EM&C and Vehicles has two divisions and four departments that are direct reports.

*Indicates divisions which are reported separately in this document.

Budget Amounts in Thousands ('000)

		Net Labor	Material & Services	Total
DGM Direct Reports		\$849	\$46	\$895
Vehicle Engineering		3,147	2,880	6,027
Real Estate		1,042	4,702	5,744
Strategic Initiatives		843	186	1,029
	Total	\$5,881	\$7,814	\$13,695

Principal Responsibilities

VEHICLE ENGINEERING

BUS VEHICLE ENGINEERING

Oversees the engineering for bus, trolleybus, and non-revenue generating vehicle fleets. Responsible for the acquisition of new fleets of vehicles including bus, CCT, and utility vehicles.

Engineering

Provides all engineering support including specifications, drawings, vehicle modifications, and system upgrades for all bus fleets. Investigates and resolves bus and fleet technical issues. Support is provided to heavy maintenance facilities and CCT vehicle maintenance.

New Vehicles

Oversees the purchase of all new bus, trolleybus, CCT, and utility vehicles. Manages the procurement, production, inspection, acceptance, and contract deliverables (e.g. spare parts, manuals, and warranty administration) for various automotive vehicle contracts.

RAIL VEHICLE ENGINEERING

Oversees the engineering for light rail, subway-elevated, and Regional Rail fleets and is responsible for all new rail vehicle acquisitions.

Engineering

Provides all engineering support including specifications, drawings, vehicle modifications, and system upgrades for all rail fleets. Investigates and resolves rail fleet technical issues. Support is provided to heavy maintenance facilities.

New Vehicles

Oversees the purchase of all new rail vehicles. Manages the procurement, production, inspection, acceptance, and contract deliverables (e.g. spare parts, manuals, and warranty administration) for various rail vehicle contracts.

Deputy General Manager/Operations, EM&C and Vehicles

REAL ESTATE

Property Development and Acquisition

This unit within the Real Estate Department manages real property transactions dealings on behalf of the Authority, including activities pertaining to the acquisition, development, leasing, and sale of SEPTA-owned properties. Department staff works with external parties in the joint development of SEPTA owned or controlled properties, performs needs assessments, market research and valuations to secure agreements. Staff also manages existing revenue agreements and the establishment of new revenue generating utility occupancy arrangements.

Headquarters' Support Services Management/Administration

This unit oversees office space planning, design and implementation, and day-to-day facilities management (performed by third party contractors) for SEPTA Headquarters' at 1234 Market Street. Staff acts as liaison with contracted building operations management and SEPTA inhouse labor. Coordinating the utilization of pool vehicles and the administration of all contracted vendateria services are also conducted by the Staff of this unit.

Mail and Document Reproduction Services

This unit manages the operation of the mail room and the performance of mail services in compliance with the applicable labor contract and U.S. Postal requirements. Staff also oversees and manages centralized document reproduction services.

STRATEGIC INITIATIVES

Oversees key multi-divisional initiatives and departmental functions, including: SEPTA's Asset Management program; Project Control; Support Services; Interagency Coordination; and implementation of new multi-divisional initiatives.

Asset Management

Asset Management is responsible for the implementation of the Asset Management Program in accordance with FTA requirements. The department provides stewardship of SEPTA's Asset Management Plan and decision support tools. This group is also responsible for the analysis and reporting of condition and performance data for fleet and infrastructure, development of asset management strategies and long range plans, and facilitating the implementation of software systems to support these efforts.

Project Control

Project Control is responsible for budgeting, cost control, scheduling, claims management, cost engineering and quality assurance/quality within Engineering, Maintenance and Construction and capital program systems. Responsible for the centralized monitoring and reporting of SEPTA's Capital Spending Program, including the publication of the monthly Capital Performance Report and the annual Capital Spending Forecast.

Support Services

Support Services manages and supports external and internal customer service efforts ensuring that EM&C is responsive, aware of, and sensitive to issues affecting customers, neighbors, and stakeholders. Responsible for serving as a liaison with all external and internal customers outside EM&C. Support Services also provides ongoing maintenance of employee locations that have received Facilities Improvement Team (FIT) remodels, ensuring that this substantial investment in workplace quality and morale is continually improved throughout the Authority.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DELIVER A SEAMLESS TRANSIT NETWORK	Vehicle Engineering	 Provide vehicle support for the trolley modernization program. Continue to implement Market-Frankford Line capacity enhancement initiatives, such as interior seating, as well as support continuing structural repairs. Complete specification for M4 replacement fleet. Advance the following ongoing vehicle procurements: Initiate 340 hybrid bus order. Continue program to procure 45 multi-level push-pull rail cars for Regional Rail Support Vehicle Maintenance efforts to rehabilitate four PCC-II trolleys per year.
	Real Estate	 Continue the acquisition, development, leasing, and sale of SEPTA-owned properties. Evaluate opportunities for transit oriented development and other public-private partnerships. Assist with internal management reorganization and related physical modifications.
DEVELOP A PROACTIVE ORGANIZATION	Strategic Initiatives	 Monitor and report on capital budgets and schedules to proactively address any potential issues. Maintain State of Good Repair database to provide a capital asset inventory and an analysis of capital investment backlog and investment initiatives. Support customer service in responding to operations and infrastructure inquiries. Enhance existing SEPTA software support tools for capital project management.

Fiscal Year 2021 Accomplishments

Focus Areas	Accomplishments
I. Vehicle Engineering	 Advanced and complete delivery of 525 hybrid electric bus order. Completed delivery of 225 CCT Paratransit vehicles. Supported extensive engineering efforts to repair structural problems on M-4 vehicles. Began rehabilitation of severely corroded PCC-II fleet.
II. Real Estate	 Completed Stone Arch Bridge Culverts Project- Acquired 11 temporary construction easements after project delays. Continued advancing ESCO Projects. Continued reviewing the existing pipe and wire term agreements to determine additional revenue opportunities. Updated Occupancy Fiber Optic Rate Card. Ground lease & joint development of property located at SEPTA's Powelton Yard. Continued implementing the New Emergency Safety procedures at 1234 Market Street. Continued implementing COVID-19 safety procedures in accordance with CDC guidelines at 1234 Market Street. Renovated 1234 Market Street 3rd floor for the Surface Simulator Project.
III. Strategic Initiatives	 Completed monthly project budget and schedule reports. Maintained the State of Good Repair database and initiated asset condition updated. Supported customer service in responding to operations and infrastructure inquiries.

Finance

Overview

The Finance Division develops and then monitors results for the Authority's Operating and Capital Budgets, and federal, state, and local grants. The Division oversees all financial services, including the preparation of monthly and annual financial statements for outside stakeholders as well as the management of advertising contracts.

Note: Revenue Operations was transferred to Finance in FY 2022 resulting in the headcount and labor increase.

Note: Revenue Operations was transferred to Finance in FY 2022 resulting in the material increase.

Principal Responsibilities

CAPITAL BUDGET and GRANT DEVELOPMENT

Develop the annual Capital Budget and the twelve-year Capital Program. Prepare, maintain, execute, and monitor federal, state, and local grants from inception to grant close-out. Develop and maintain the transit capital projects of the regional Transportation Improvement Program (TIP). Provide oversight and prepare analyses of the Vehicle Overhaul Program (VOH), Infrastructure Safety Renewal Program (ISRP), and Transit Security Grant Programs. Also responsible for other special grant programs.

FINANCE ADMINISTRATION

Coordinate, manage, and direct the activities of the Finance Division. Oversee the development and implementation of the operating and capital budgets. Manage financial reporting and develop revenue strategies and fare policies. Ensure that resources are used effectively to maximize capital investments and to maintain access to the capital markets on reasonable terms and conditions.

FINANCIAL SERVICES

Accounts Payable, Accounts Receivable, Billings and Cash Management

Process vendor payments, ensure items processed are correctly recorded, generate all billing invoices, ensure that all receipts due are received and properly applied, and capture and report capital project costs. Provide accurate reporting and maintain accounting controls for operating receivables. Manage cash resources to ensure sufficient liquidity while maximizing investment income within a prudent level of risk.

Financing and Pensions

Manage the Authority's debt portfolio to ensure compliance with covenants of indentures and loan agreements and the timely payment of debt service. Analyze potential financing transactions and manage the negotiation and implementation of transactions utilizing public municipal debt markets or private placements and loan agreements. Negotiate pension investment management contracts, manage relationships with pension managers, and act as liaison among pension committee, consultants, and pension managers. Provide oversight of investment options and manager/fund performance of Employee Deferred Compensation Plan 457b assets.

Revenue Accounting, Operating Grants, and Fixed Assets

Provide accurate reporting and maintain accounting controls for operating revenues, operating subsidy grants, route guarantees, and fixed assets. Prepare applications and billings for operating subsidies, provide pass-through funding to sub grantees and monitor compliance and accounts for capitalization and disposition of grant and non-grant property and related depreciation and contributed capital.

GENERAL ACCOUNTING

Manage the Authority's financial reporting and accounting activities in accordance with generally accepted accounting principles and governmental regulations. Produce timely and accurate financial reports and properly maintain the accounting system and related internal control structure, which includes managing the monthly and annual financial general ledger close process. Prepare and issue monthly financial and statistical reports to the SEPTA Board and senior management. Prepare required quarterly and audited financial reports that are issued to various financial institutions and government agencies that provide debt financing or subsidies to the Authority.

Finance

OPERATING BUDGET

Develop a budget plan based upon an evaluation of each department's operating needs in relation to the Authority's overall available resources. Review and modify the consolidated results of all proposals to ensure that projected expenditures are balanced with projected revenues and subsidies. Develop an annual Operating Budget document and multi-year financial forecast. Evaluate proposed financial commitments and personnel requests on an ongoing basis to ensure sufficient funding and adherence to budget. Oversee utility accounts including the review and approval of utility invoices for payment. Conduct monthly analysis to track and forecast financial performance.

Financial Reporting and Systems

Maintain the Corporate Performance Management (CPM) software used to produce the annual operating budget at the expense object level and integrate with the mainframe environment. Support and train the departmental users of the budgeting system. Coordinate with Information Technology to produce, maintain and distribute monthly and annual internal financial reports.

Specialized Support Assignments

Provide financial analysis and forecasting for substantive financial issues impacting the Authority including bargaining unit contract negotiations, propulsion power, utilities, fuel contracts and income generating contracts. Provide financial analysis for internal discussions and Board briefings.

PAYROLL

Process the Authority's payroll in a timely and accurate manner. Ensure that payroll-related data has been balanced and reconciled. Process all wage deductions and tax withholdings. Responsible for reporting of tax withholdings and all quarterly and annual tax returns. Prepares all bargaining unit contractual wage increases. Ultimately responsible for all payroll-related record keeping as well as verifying the reliability of the data.

REVENUE, RIDERSHIP, ADVERTISING AND SALES

Form a centralized leadership capacity to coordinate multifaceted operations including revenue generation via fare media, parking garages, and non-transportation related advertising income. Monitors and officially reports ridership levels and affiliated revenues. Coordinate the Division's participation in all financial, operational and customer facing aspects to further the advancement of the SEPTA Key Program.

Revenue and Ridership Management

Develop and report monthly ridership and revenue levels. Manage all ridership and revenue data and issue reports as market conditions demand. Issue all required revenue and ridership reports to governmental and ancillary agencies. Develop and support all passenger revenue pricing and tariffs and incorporate data received from the SEPTA Key Program into the data stream.

Sales

Administers and/or conducts the sale of all prepaid fare instruments within the SEPTA service area. Manage the daily operation of five full-service sales centers, the Transit Store, and the SEPTA Key web portals. Manages and coordinates sales to over 1,000 external sales venues such as corporate entities, school districts, and Social Service agencies. Validates and issues refunds and adjustments for lost rides and unneeded fare products. Works closely with various teams to ensure the effective transition from legacy fare items to new SEPTA Key media.

Advertising

Responsible for administration of transit and Regional Rail advertising, which includes station naming, bus and railcar exterior wraps, station and interior vehicle digital screens, station and street level digital screens, and static posters. Responsible for administration of outdoor advertising which includes an extensive static and digital billboard network.

Finance

REVENUE OPERATIONS

Revenue Transportation and Collections

Manages the collection, transportation, and deposit of passenger revenues and fare instruments. This includes, Surface operations revenue, Sub-EL operations revenue and Regional Rail open lot SEPTA Key revenue.

Revenue Services

Ensures timely processing, counting, and reconciliation of passenger revenue, as well as the distribution of fare instruments.

Revenue Equipment Maintenance

Performs preventive/corrective maintenance and overhaul of fare collection equipment and devices on all modes of transportation (Surface, Subway and Regional Rail).

Revenue Engineering

Provides engineering and design support for the revenue system including specifications, drawings, equipment modifications, and system upgrades.

Railroad Parking Equipment Maintenance and Servicing

Responsible for managing third party contractors for maintenance on legacy parking lot and garage equipment.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
PROVIDE AN	The Customer	
INTUITIVE	Experience	federal, state and local officials, Citizen Advisory Committee, Youth
EXPERIENCE		Advisory Council, SEPTA Advisory Committee for Accessible Transportation,
		and other key stakeholder groups.
		- Complete SEPTA Key rollout for Regional Rail, Parking Operations, and
		CCT. Fully implement Key Parking systems to utilize all payment options
		including credit card, permit and the utilization of pre-tax parking withholdings.
		- Continue to provide Ambassador support for major events.
		- Continue working with strategic partners to rebuild and recover lost ridership.
		- Introduce new fare options to community groups and social agencies to
		support travel needs.
		- Facilitate advancement of the SEPTA Key program to its next functional
		milestones and next generation equipment:
		(1) Deployment of Conduent's next generation 430 Smart Media Processors
		to all validator types for EMV cards acceptance and mobile ticketing
		(2) Sales device equipment and vehicle farebox upgrade programs
		(3) Expansion of the SEPTA Key program to neighboring transit agencies and expansion of fare policy and application management to support
		these initiatives
		- Continue supporting and facilitating hardware and software hardening for
		devices and applications for ongoing PCI compliance requirements
		- Continue working on defect resolution for devices and applications. Each of
		the device types and applications continue to have defects and deficiencies
		(1) The Engineering group will continue to work directly with Conduent's
		development teams to tackle these issues in accordance with our
		prioritized lists
DEVELOP A	Employee	- Proactively improve employee communications.
PROACTIVE	Development	- Continue to invest in workplace improvements.
ORGANIZATION		
	System	that focuses on achieving a state of good repair.
		- Advance the procurement of Enterprise Resource Planning (ERP) Financial
		Suite.
	SEPTA is a	Continue to produce a balanced operating budget and improve the economic
	Business	efficiency of business processes.
		- Provide financial analysis to support labor contract negotiations.
		- Leverage investments to maximize ridership growth.
		- Pursue innovative financing techniques to advance a state of good repair and
		other core capacity initiatives Establish a cost cutting plan across revenue operations (reduction in overtime
		use and reduction in headcount)
		- Implement an inventory management system to improve accountability and
		efficiency
		- Take over the last Conduent maintenance support contract
		- Reallocate four positions from Revenue Services and two positions from
		Revenue
	Safety as the	- Advance capital projects with safety as a key objective
	Foundation	- Continue implementation of employee-focused safety and security campaigns.

Fiscal Year 2021 Accomplishments

Goals	Accomplishments
I. The Customer Experience	 Converted all Rail Fare products to SEPTA Key and began accepting E-Tickets for NJ Transit/AMTRAK. Both the Corporate Partner Program and Agency Partner Program continue to expand; albeit with reduced levels due to COVID-19. Converted specialized Airport program from one based on legacy products to one based on SEPTA Key. Extended the expiration date of Senior and Disabled Fare Cards due to COVID-19 related travel and distancing concerns. Expanded Social Agency Partner program to include a suite of six disposable fare products, ranging from single trip to 30 day offerings.
II. Workplace Development and Support	Developed partnerships with community groups, business associations, transportation agencies, and other stakeholders to evaluate opportunities to serve new markets.
III. Rebuilding the System	 Consistent with SEPTA's mandate to seek alternative sources of revenue in support of transit operations, revenue generation continued from the sale of digital advertising at stations, on vehicles and through long-term agreements with billboard companies. SEPTA has executed agreements to expand its digital presence at stations in conjunction with the execution of option years with its advertising contractor. This will consist of digital expansion to almost every Regional Rail station throughout the service area. Delivery continues of new buses with each bus equipped with two digital screens and Wi-Fi capability. Additional revenue was generated from an agreement with the University of Pennsylvania Health System to re-name University City Station to Penn Medicine. Secured Board Adoption of a balanced comprehensive twelve-year capital program. On February 25, 2021, SEPTA's Board approved an amendment to SEPTA's FY 2021 Capital Budget to move \$40M in capital dollars previously budgeted for Amtrak Track Leases to the King of Prussia (KOP) Rail Project - 30% Design Phase. The Federal Transit Administration approved SEPTA's use of CARES Act dollars to pay the FY 2021 Amtrak Leases payment expenses, which made \$40M available in the FY 2021 Capital Budget. Federal 5307 formula funds are being utilized to support KOP Rail 30% Design.

Fiscal Year 2021 Accomplishments (continued)

Goals	Accomplishments
III. Rebuilding the System (continued)	 SEPTA secured the following competitive awards to advance projects that will rebuild the system: A Federal Railroad Administration (FRA) State of Good Repair Program grant in the amount of \$21.9 million, which provides for Harrisburg Line Signal System Renewal from Paoli to Overbrook (SEPTA's Paoli-Thorndale Regional Rail Line). A Federal Transit Administration (FTA) HOPE grant in the amount of \$550,000 for a Complete Streets Concepts and Design for the Grays Avenue Corridor. A Federal Transit Administration (FTA) Transit Oriented Development Planning grant in the amount of \$450,000 for a Norristown High Speed Line – King of Prussia Rail Extension Value Capture/Multimodal Accessibility Study. A Driving PA Forward Maritime and Freight Switcher Program grant in the amount of \$2.1 million for the purchase of a replacement Work Train Locomotive. A Via Transportation Inc. Integrated Mobility Program grant in the amount of \$1.34 million for a Third Shift Essential Worker Pilot Program. A Federal Transit Administration (FTA) Real-Time Transit Infrastructure and Rolling Stock Condition Assessment Demonstration Program grant in the amount of \$340,000 for SEPTA's Regional Rail Automated Wire Scan project.
IV. SEPTA is a Business	 Successfully produced a balanced operating budget for the 22nd consecutive year.
V. Safety and Security as the Foundation	 Continued to include funding for the Bus and Trolley Operator Safety Shields project in the Twelve-Year Capital Program. Installation of these shields will help protect the operator in the event of an emergency. The shields will be installed on SEPTA's bus, trolley, and Norristown High Speed Line vehicles. Continued to include funding for the Vehicle Overhaul Program, which provides for the systematic replacement or upgrade of systems on SEPTA's rolling stock. Prudent fleet management requires a program of preventive maintenance for optimal fleet reliability, service quality, efficient performance, and passenger comfort. Continued to include funding for the Infrastructure Safety Renewal Program which provides for the restoration by SEPTA forces of SEPTA's City and Suburban transit and Regional Rail infrastructure to a state of good repair. Programs include track and right-of-way projects, station facilities, communications and signals, power systems, and maintenance/support facilities.

Fiscal Year 2021 Accomplishments (continued)

Goals	Accomplishments
V. Safety and Security as the Foundation (continued)	 SEPTA was selected to receive the following competitive Safety and Security grant awards: \$3.7 million FY 2020 Transit Security Grant Program award from the Federal Emergency Management Agency (FEMA) to fund specialized transit police units. These units are deployed to protect critical infrastructure and customers from acts of terrorism and other emergencies A Federal Highway Administration (FHWA) Commuter Authority Rail Safety Improvements Program grant in the amount of \$5 million, which funds a Regional Rail Grade Crossing Safety Enhancements Program A Federal Transit Administration Safety Research Demonstration Program grant in the amount of \$1.1 million for a Transit Track Worker and First Responder Safety Protection Demonstration Project A Federal Transit Administration (FTA) COVID-19 Research grant in the amount of \$779,000 to evaluate Mass Transit Vehicle Air Ventilation and Purification Technologies
VI. Advance the SEPTA Key Program	 Supported SEPTA Key in obtaining a Report on Compliance for PCI-DSS Compliance Rollout of hardware and software hardening procedures and updates Implementing documentation and auditing procedures as required Worked with Conduent to successfully reduce the system hardware and software defects, to increase field device reliability and MCBF performance metrics. Expanded the Rail Equipment Maintenance-Engineering Team to increase SEPTA's subject matter experts and expertise across all SEPTA Key device types and applications. This allows SEPTA to be increasingly self-sufficient in managing, optimizing and troubleshooting hardware, software and applications under SEPTA REM&E oversight and control The Cash Room has counted, reconciled, and deposited over \$37 million in cash for FY 2021 which has included approximately \$14.2 million processed from fare vending device kiosks. In addition to the cash, over 72,000 tokens were processed and counted which were collected from subway/elevated, surface vehicles, fare vending devices and parking lots. Bank variances are discrepancies between Cash Room count and PNC Bank count. In FY 2021, Revenue Services has processed 871 deposits for over \$32 million and PNC Bank has reported two variances for a total of \$237.33.

Fiscal Year 2021 Accomplishments (continued)

Goals		Accomplishments
VI.	Advance the SEPTA Key Program (continued)	 The Cash Room has shipped out 60,100 Fare Vending Device Key Cards, 38,250 Automatic Sales Device Key Cards, 1,234,000 Fare Vending Device Quick Trips and over 94,500 Digital Sales Media to various internal and external sales outlets as well as Fare Vending Devices in FY 2021. Eliminated banking and armored carrier fees for SEPTA's Crew Remittance Office by supplying wrap coin and currency with Revenue Transportation making deliveries and pick-ups. Revenue Operations has saved the Authority \$1.4 million in FY 2020 to FY 2021 by assuming Regional Rail preventive and corrective maintenance from Conduent.

Planning and Strategic Initiatives

Planning and Strategic Initiatives

Overview

The newly created Planning and Strategic Initiatives Division oversees the Office of Innovation, Service Planning, Strategic Planning and Analysis, and Project Development. These departments advance development of business data assets, analysis and development of strategies and goals in the Authority's Strategic Plan, development of strategic communications and outreach that are necessary in implementing the Authority's Strategic Plan, coordination with regional planning partners, long range planning, community and station area planning, advancement of major planning and expansion projects, management and improvement of transit service, and the Annual Service Plan. This work includes facilitating business innovations that stem from the strategic plan and sustainability program plan, often acting as a business analyst for interdepartmental corporate initiatives and long-term capital and service planning project activities.

Principal Responsibilities

OFFICE OF INNOVATION

Data-Driven Decision Making

Build the expertise and infrastructure to empower a culture of data-driven decision making, including advancing industry-leading key performance indicators (KPIs) in SEPTA's newest Strategic Business Plan. Advocates for investments in technology and data, such as the fleetwide Automated Passenger Counter (APC) retrofit, that lead to better business decisions and a more unified Authority. Expands access to high quality, accurate, and timely data through self-serve and custom data analysis, including public-facing data that improves transparency and the customer experience. Consults on the use of data to improve insights and efficiency and to support some of the Authority's flagship initiatives.

Sustainability

Manage an award-winning Sustainability Program based on a triple-bottom-line (economic, social, and environmental) approach. Leverage insights gained through implementation of a comprehensive sustainability data tracking system to advance initiatives that increase efficiency and generate cost savings. Sustainability Program focus areas include energy conservation, renewable energy, and zero-emission vehicle technologies. Build on success of Sustainability Program with development of updated program plan during FY2022. Communicate progress on Sustainability Program key performance indicators and specific initiatives through "SEP-TAINABLE" Annual Report and the SEPTA website at septa.org/sustain.

Business Transformation

Manage employee-led Efficiency and Accountability program, driving bottom-up planning, idea generation and implementation of initiatives that result from this process. Support organizational health practices and achievement of financial targets. Ensure business transformation efforts are linked to SEPTA's Strategic Plan to ensure alignment with and achievement of the organization's key strategic objectives.

SERVICE PLANNING

Plan and schedule service for City and Suburban (Victory and Frontier) and Contract Ops transit division operations. Monitor and analyze route performance in accordance with applicable service standards to develop proposals for service improvements. Work with public and private partners to implement improvements to existing service and develop new service. Prepare the Annual Service Plan, which includes new service proposals and an annual economic review of all routes. Participate in Comprehensive Bus Network re-design. Serve as liaison with city and county planning agencies, municipal governments, and Transportation Management Associations (TMA) regarding service planning issues. Coordinate tariff and public hearing process for all proposed route changes. Manage central transit stop database and passenger traffic checking. Provide Authority-wide Geographical Information Systems (GIS) support.

Planning and Strategic Initiatives

STRATEGIC PLANNING AND ANALYSIS

The efforts of the Strategic Planning and Analysis Department helps to create a shared vision for the future among the various communities, prioritizing capital funding, and the advancement of enhanced service.

Long-Range Planning

Long-range plans include a comprehensive analysis of existing systems, ridership trends, and demographic data to recommendations for strategic investments to serve current and future transit needs. Such long-range plans include studies of rail system expansion, existing facilities improvements to support long-term growth, and analysis of bus service networks. SEPTA works closely with DVRPC to include these plans in the region's adopted Long Range Plan.

Policy and Value Proposition

Develop presentation and communication materials that make the business case for increased investment in SEPTA, emphasizing transit's value proposition to drive economic growth, promote equity, advance sustainability, and improve public health, safety and quality of life. Collaborate with SEPTA Communications and Government Affairs to disseminate this information through brochures, presentations, and the SEPTA website at *planning.septa.org*.

Municipal and Regional Plan Coordination

SEPTA participates in comprehensive plans, transportation studies, neighborhood plans, streetscape designs, and station area or Transit Oriented Development (TOD) plans. These studies impact SEPTA and customers in some manner, from how a roadway functions, to envisioning new development at a train station, to recommending new or improved service concepts.

Comprehensive Station and Service Analysis

This type of plan enables high-quality, community-supported improvements to SEPTA stations and service. Comprehensive plans look holistically at infrastructure and service, not only to improve the customer experience and increase ridership, but also to identify ways to encourage economic development and improved multi-modal (pedestrian, bicycle, bus, and vehicular) access.

Strategic Plan

SEPTA adopted its most recent Strategic Plan, SEPTA Forward, in February 2021. This plan establishes a clear vision for the future with transit at the core of a resilient, prosperous, and equitable community for everyone. The plan's goals—to develop a proactive organization, provide an intuitive experience, and deliver a seamless transit network—will propel us, our communities, and our region forward.

Major Planning Programs

SEPTA is advancing several major planning programs, including Comprehensive Bus Network Redesign, Trolley Modernization, and Wayfinding Master Plan. These projects are multi-disciplinary programs that will span several years and will require multiple SEPTA departments to work together to advance, as well as significant public outreach.

Planning and Strategic Initiatives

PROJECT DEVELOPMENT

The Project Development Department is responsible for creating and coordinating a capital project development process that includes prioritizing capital projects based on the Strategic Business Plan.

Capital Project Development Process

The process will utilize infrastructure and customer data to guide the capital program and develop scopes for new projects. The two staff members will their engineering and program management experience to bring data, outreach and strategic plan evaluation to the capital budget request process. There will be an interdepartmental and multidisciplinary committee to develop automated workflows that utilize a database environment to track the progress of capital projects from scoping to final delivery and inform the development of the 12-Year Capital Program.

Project Scoping and Conceptual Design

This Department also supports Planning and Strategic Initiatives in conceptual design and scoping for capital projects, such as the King of Prussia Rail, Trolley Modernization, and Comprehensive Bus Network Redesign Bus Facilities projects.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	 a) Focus on strategic initiatives to improve transit service reliability and route changes to address changing ridership levels. b) Progress Implementation of the Efficiency and Accountability Program c) Further incorporate SEPTA's Strategic Plan into SEPTA processes, including budgeting and training programs. d) Continue development of data analysis capabilities to inform decision-making e) Continue to advance SEPTA's Sustainability Program f) Publish Economic Impact Analysis and associated materials
PROVIDE AN INTUITIVE EXPERIENCE	 a) Support prioritization of capital projects b) Support inventory control initiatives in partnership with Procurement and Supply Chain Management c) Continue development of transit schedule adjustments to address on-time performance, changing ridership levels and route changes. d) Progress the Rail Transit Wayfinding Master Plan
DELIVER A SEAMLESS TRANSIT NETWORK	 a) Develop long-range plans to prioritize future system improvement and expansion opportunities b) Progress Comprehensive Bus Network Redesign c) Continue to advance Trolley Modernization program d) Continue to advance the King of Prussia Rail project e) Support efforts to reduce downtown congestion through partnering with the City of Philadelphia and Center City District on innovative solutions f) Advance Regional Rail Master Plan g) Continue to partner with the City of Philadelphia on the implementation of its "Connect" transportation plan and Philadelphia Transit Plan, A Vision for 2045

Fiscal Year 2021 Accomplishments

Goals	Accomplishments
I. The Customer Experience	Prepared and implemented numerous transit schedule changes and related public information material reacting to COVID-19 related decreased ridership and manpower.
	Continued support for GIS and web-based mapping for COVID- 19 changes including a Lifeline Services interactive map for essential travel destinations.
	Continued to update the Frequent Route Network map and related timetable re-designs.
	Completed the Final Environmental Impact Statement and Record of Decision (FEIS/ROD) for the King of Prussia Rail Project. SEPTA advanced engineering work to 15% complete and initiated the next phase of design.
	Progressed Rail Transit Wayfinding Master Plan, including a public survey with more than 1,500 responses and dozens of engagement sessions with regional stakeholders.
	Progressed planning and analysis efforts for SEPTA's Trolley Modernization program, including line-by-line stop/station analysis and external plan coordination.
II. Workplace Development and Support	 Supported development of Diversity, Equity, and Belonging (DEB) Program During the COVID-19 pandemic, Strategic Planning and Analysis continued to lead the pandemic recovery planning process, which included organizing and coordinating Plan Ahead teams by discipline, developing projections, and taking strategic actions to ensure safety Helped organize and coordinate strategic communications to ensure the timely dissemination of information as changes rapidly unfolded

Fiscal Year 2021 Accomplishments (continued)

Goals	Accomplishments
III. SEPTA is a Business	 Released SEPTA's COVID-19 Recovery Plan: Move Better Together Developed a Board-Approved Strategic Plan, SEPTA Forward, for 2021-2026 and updated microsite: planning.septa.org Created ridership demand model with monthly projections and associated financial implications to inform service levels and budget constraints Tracked progress towards implementation of recommendations in management reviews Advanced major sustainability initiatives, including solar projects, energy efficiency initiatives, and a battery-electric bus master plan Began operation of 17.5 megawatt solar farm, developed under a power purchase agreement with Lightsource bp. Participated in numerous comprehensive long-range plans involving SEPTA assets throughout the region, including the DVRPC 2050 Connections Plan, the City of Philadelphia Connect Plan, City of Philadelphia District Plans, County Comprehensive Plans, and local municipality comprehensive and station area planning. Plans identify Greater Philadelphia's vision for land use, the equipment, economic development, equity, and transportation.

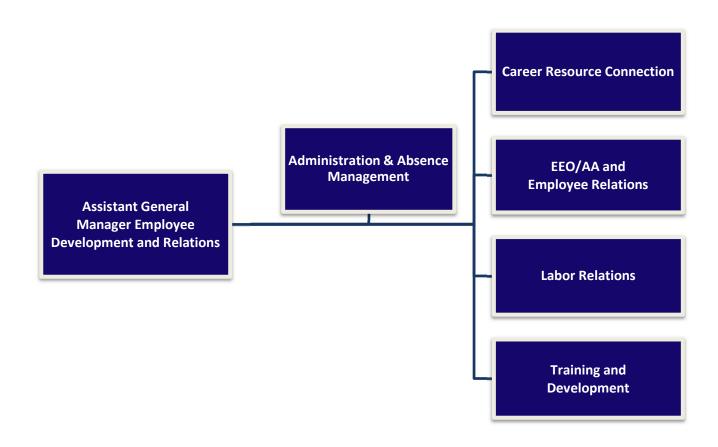

Employee Development and Relations

Employee Development and Relations

Overview

This business unit focuses on training, personnel development and employee relations for our administrative, management and bargaining unit employees.

Employee Development and Relations

Principal Responsibilities

CAREER RESOURCE CONNECTION (CRC)

Serves as a centralized operation and resource for external candidates interested in joining SEPTA and/or learning about job opportunities, and equips internal employees with resources to further develop and manage their career paths including career coaching and counseling. In addition, the CRC supports the Recruitment Department in pre-employment assessment/ selection by scheduling and conducting pre-employment assessments, interviews and New Employee Orientation (onboarding) sessions. The CRC also works interdepartmentally with hiring managers to assess and provide job task analysis and assessment overhauls.

EQUAL EMPLOYMENT OPPORTUNITY / AFFIRMATIVE ACTION / TITLE VI AND EMPLOYEE RELATIONS (EEO/AA&ER)

Implements and oversees the Authority's policies related to equal employment opportunity, anti-discrimination, and diversity and inclusion to address the needs of an increasingly diverse workplace.

Diversity and Inclusion Initiatives

Promotes employee engagement, inclusivity and a celebration of diversity through trainings, workshops, targeted discussions and other activities.

Anti-Harassment Trainings

Provides education and training for employees on harassment prevention, protected classes and workplace violence.

Hiring and Promotion

Ensures compliance with SEPTA's EEO/AA Policies and the Federal Transit Administration's (FTA) regulations with respect to fair and equal practices in the hiring, interviewing and promotion of SAM employees.

SAM Discipline and Appeals

Provides guidance and oversees the administration of discipline and performance improvement plans to ensure fair and consistent application of the Discipline and Appeals Policy.

Accommodations

Provides accommodations for those whose disability, religious beliefs, observances or practices conflict with a specific task or requirement of the position or an application process.

Investigations

Responds to complaints of discrimination/harassment filed internally and externally. Handles a wide variety of employee relations issues as well as workplace trainings.

LABOR RELATIONS

Conducts all labor negotiations with the bargaining units, handles all grievances, arbitrations, unemployment claims, and Labor Board cases.

Negotiations

Serves as lead negotiator for all labor agreements with the Authority's collective bargaining units in accordance with State and Federal Laws.

Grievances, Arbitrations and Special Board of Adjustment (SBA)

Hears all third level and Labor Relations step grievances and represents the Authority in all arbitrations, SBA Appeals, and related litigation. Serves as primary liaison with all attorneys retained on special arbitration cases or other litigation.

Employee Development and Relations

Case Presentation to the Pennsylvania Labor Relations Board (PLRB)

Prepares and presents all cases associated with the PLRB as they are filed by bargaining units and the Authority.

Job Classification/Wage Administration

Directs preparation of new and revised job descriptions for hourly classification and coordinates evaluations of bargaining unit positions and negotiates job restructuring and classification issues. Prepares and publishes all bargaining unit and non-supervisory wage rate manuals.

Contract Training

Conducts relevant training of supervisors in bargaining unit contract interpretation and enforcement.

Joint Labor Management Relations

Conducts joint productivity meetings with labor representatives to promote the safe, efficient, and economical operation of the Authority.

Unemployment Compensation

Directs all internal Unemployment Compensation activities, including administration of all claims and representations of Authority positions in hearings and appeals.

TRAINING AND DEVELOPMENT

Provides training programs to improve employee performance, teach new skills, or retrain employees as required to ensure that the work force has a comprehensive understanding of regulations, procedures, policies, and skills to perform their assigned duties. Responsible for the highest quality training and follow-up recertification programs for transportation, maintenance, and management employees.

ABSENCE MANAGEMENT

Track data for the Authority on absenteeism and the Family Medical Leave Act (FMLA). Provide detailed analysis of data to determine problem areas within the Authority. Conduct monthly meetings to review data with senior management throughout the Authority. Provide training for managers on FMLA rules and SEPTA's attendance policy.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Champion Diversity & Inclusion Program	- Create a more robust & enhanced diversity, equity and belonging program through the creation of the DEB Council and the DEB Strategic plan. This plan to intersperse the important goals of DEB into SEPTA's business practices in a way that will enhance the experience of all employees. - Assist with re-design of the Authority's performance management system. - Facilitate Open Book series designed to allow employees an opportunity to talk about challenging social issues in a safe & respectful space.
	Advance Testing Initiatives	 Review Career Resource Connection (CRC) Testing processes for additional streamlining to increase maximum potential. Review tests to ensure that processes identify the best candidates. Leverage resources in the CRC to support employees with career objectives and exploration.
	Implement a Succession Planning Process	 Provide coaching services to next generation leaders Implement 21st Century Coaching Program Conduct needs assessment to create targeted succession planning efforts. Provide enhanced leadership training to the GM team and other organizational leaders.
	Management	- Continue to train managers on best practices relating to attendance and FMLA compliance Facilitate on-going discussions with management regarding chronic issues of absenteeism to spot problem areas.
	Advance Training & Employee Learning Initiatives	 Continue to provide high quality technical training that results in well qualified, safe and productive employees. Implement on-line EEO and Employee Relations training for all employees. Leverage information from LMS and HRIS to anticipate organizational training needs. Implement the new Learning Management System (LMS) to provide for a more modern approach to training. Explore apprenticeship opportunities to strengthen trades position pipeline. Support efforts of tradeswomen including mentorship, career development, outreach efforts and test preparation Continue Coaching/Counseling sessions in conjunction with the Training Department to assist employees with career and promotional coaching as well as business and career tips Move forward with the evaluation of the engineer & conductor "fit" tests to determine whether SEPTA should adopt these tests for incoming trainees Leverage training simulators to improve efficiency of training staff Implement innovative and creative ways to utilize the CRC for increased
	Advance Onboarding Initiatives Continue Commitment to Safety & Security	team building and outreach for employees. - Create a SAM onboarding program to complement employee orientation - Labor Relations continue its active role in Operational Safety Improvement Program to support Operation's efforts to improve safety on City rail. - Continue to provide a secure and confidential testing environment for internal and external candidates.

Fiscal Year 2022 Goals and Business Initiatives (continued)

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	External Organizations	 Coordinate with recruiting high stake campaigns (i.e. West Philadelphia Skills Initiative and Electrical Internships) Continue to conduct monthly business meetings with recruitment in order to continue to cohesively align overall organizational goals and objectives as well as identify upcoming issues Negotiate fair and reasonable collective bargaining agreements while seeking to continually enhance good labor relations

Fiscal Year 2021 Accomplishments

	Goals	Accomplishments
I.	Implement a Succession Planning Process	 Developed and launched an Employee Development Plan. Re-designed entry and mid-managers curriculum to be more interactive and competency/hierarchy based.
II.	Provide Leadership for Human Capital Development	 Expanded employee support services outside of the Career Resource Center including test preparation, interviewing and resume writing for Regional Rail personnel at the Personnel Assignment Office. Launched a micro site on the employee Intranet called "Knowledge Up" which provides short duration monthly educational topics.
III.	Customer Experience	 Streamlined CRC-Testing processes assessment waiting time from more than 20 minutes to less than 10 minutes. Coordinated four high volume testing/recruitment campaigns for Bus Operator and Assistant Conductor/Engineer positions in order to meet high recruitment demands. Conducted monthly business meetings with recruitment in order to continue to cohesively align overall organizational goals and objectives as well as identify upcoming issues or recruitment campaigns needing additional testing resources. Completed renovations within the CRC which includes interview rooms for skill trades and other frontline positions and career coaching. Regularly attend trainings and webinars from the National Employment Law Institute, Equal Employment Opportunity Commission, and the PA Employment Law Institute to ensure SEPTA remains up to date on the prevailing case laws.

Fiscal Year 2021 Accomplishments (continued)

	Goals	Accomplishments
IV.	SEPTA is a Business	 Finalized contractual agreements with seven bargaining units. Reviewed and updated testing and retesting guidelines and procedures to ensure accuracy in preparation for publishing to the new Intranet.
V.	Safety and Security as the Foundation	 Coordinated with the Medical Department and Operations to establish a pilot Fitness for Duty program for NHSL and Media/ Sharon Hill operators and will coordinate communication with the union regarding the program. Provided secure testing environment for internal and external candidates as well as maintaining confidentiality with test scores and integrity of testing assessments. Implemented the newly integrated and secure Cloud-based testing platform Questionmark OnDemand Initiated a Request for Proposals for a web-based training program in EEO and civility, which will be accessible to all SEPTA employees.
VI.	Workforce Development and Support	 Coordinated and instructed Labor Relations 101 and Supervising Hourly Employee courses. Conducted specific Labor Relations training for Sub-El managers at the request of Operations. Met as members and communicated with peers in the Labor Relations Association of Passenger Railroads and Transit Labor Exchange networks to look for new opportunities, innovative ideas, best practices and labor law developments with other passenger rail and transit agencies. Coordinated over 120 Career Coaching/Counseling sessions in conjunction with the Training Department to assist employees with career and promotional coaching as well as Business and Career tips. Hosted four Diversity and Inclusion sessions. Led a series of LGBTQ awareness efforts to train Regional Rail management. Sponsored a table for the City's annual Pride Parade and Outfest events.

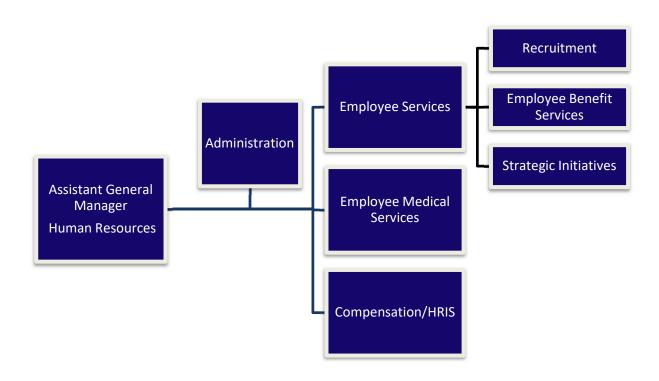

Note: Employee Development and Relations' accomplishments will be updated for the Final Operating Budget Document.

SEPTA Human Resources

Overview

The Human Resources Division provides recruitment and talent management, cost effective benefits and pension programs, handles salary administration and the human resources information systems (HRIS), management of Authority policies and divisional budget, as well as directing the medical department and related programs. The Division is charged with recruiting new employees and helping them assimilate, grow, learn and remain productive contributors to the Authority. Support is sustained from the onset of initial interest in the Authority, until long after their departure from employment.

Human Resources

Principal Responsibilities

HUMAN RESOURCES TEAM

The Authority's dynamic business environment requires that Human Resources develop and implement employee initiatives that support the business strategy (HR Services) and sustain the needs of our employees amidst the consistently high operational tempo of transportation.

HUMAN RESOURCES (HR) EMPLOYEE SERVICES

Human Resources Employee Services focuses on Strategic Initiatives, Recruitment, and Employee Benefit Services.

Recruitment

Direct and manage recruitment, hiring and transferring of a qualified and competent workforce ensuring equal opportunities by applying controls and compliance to applicable laws throughout the recruitment and hiring process. Continue to assure communication, documentation and a fair selection process in filling position vacancies.

Strategic Initiatives

Identify, develop, foster and maintain working relationships with external workforce organizations, educational and non-profit institutions to build partnerships that create synergistic efforts to produce qualified work-ready employment candidates. Provide basic Human Resources support to SEPTA's employee population on an enterprise-wide scale (HR Connection). Conduct research on new avenues to address human capital issues and provide feedback on trends and issues facing potential new hire populations. Inform management of new catalyst programs available to expand the sphere of potential employment influence the Authority has in developing skilled employees for future hire.

Employee Benefits Services

Design, negotiate and administer the benefits program, including medical, dental, prescription drug, life insurance, long term disability, short term disability, supplemental insurance, COBRA, pension, deferred compensation (457b Plan), supplemental voluntary benefits, and flexible benefits programs for 30,000 individuals, including employees, retirees and families. Conducts benefit orientations and information sessions concerning all employee benefit programs.

EMPLOYEE MEDICAL SERVICES

Execute, maintain and provide regular reports on the drug and alcohol testing requirements in accordance with Authority policy and U.S. Department of Transportation regulations.

Employee Medical Services

Responsible for conducting medical examinations for fitness for duty, new hire physicals, medical monitoring/surveillance programs (e.g. hypertension, asbestos), hearing conservation, etc. as required by the Authority. Administer the Employee Assistance Program (EAP) for all employees and their dependents. Manage the Wellness Program and medical case management.

SEPTA Wellness Outreach

Good health and wellness improves the quality of employees' personal and professional lives, can reduce workplace injuries, absenteeism, and health care costs, and enhance employee morale through individual and group participation. The wellness program develops efforts to raise employees' awareness about lifestyle behaviors that promote good health and prevent disease, and provide information and resources to assist employees to achieve their optimum mental and physical health.

Human Resources

COMPENSATION/HRIS

Develop, communicate and administer the compensation program for supervisory, administrative and management (SAM) employees. Evaluate SAM positions utilizing the Hay Evaluation System. Update employee and position-related data in the personnel system, monitor and train employees on the use of the Human Resource Information System (HRIS). Maintain personnel files for approximately 9,300 employees. Verify current and past employment for employees, and handle inquiries regarding mortgage and car loans, lost wages, and other supplemental insurance coverage. Oversee the assignment of employee photo ID's for new employees and the replacement of ID's when reported lost or damaged. Prepare SEPTA-wide Organizational Charts.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Implement Systems that Improve Efficiency	- Implement Phase II of SAP HRIS SuccessFactors to include Learning Management and Performance management systems Implement Efficiency & Accountability (E&A) Initiatives
	Liaise with External Organizations	- Build out skills applicant recruitment with public and private Vo-Tech schools - Partner with expert third parties such as West Philadelphia Skills Initiatives to hire high quality workforce
	Support Workforce Development	- Implement COVID-19 vaccine shots for workforce - Hold Women in the Trades Job Fair
	Manage Employee Benefits	 Install new contracts including Dental (for TWU 234), Actuary, Catastrophic Medical Insurance, Broker, W-2 Benefits Reporting and Background Check. Support Union Labor Negotiation

Fiscal Year 2021 Accomplishments

Goals	Accomplishments
I. Human Resources Accomplishments	 Implemented Phase I of new HRIS System, SAP SuccessFactors with new Applicant Tracking, Recruitment, On Boarding, Employee Central, Dynamic Organization Charts, New Career site to provide better applicant experience Installed several new Authority-wide contracts, including Defined Benefit (DB)/Defined Contribution (DC), Employee Assistance Program (EAP), Life Insurance, Long-Term Disability (LTD), Catastrophic Medical and Dental plan Completed Medical Claims and Prescription (RX) Claims audits

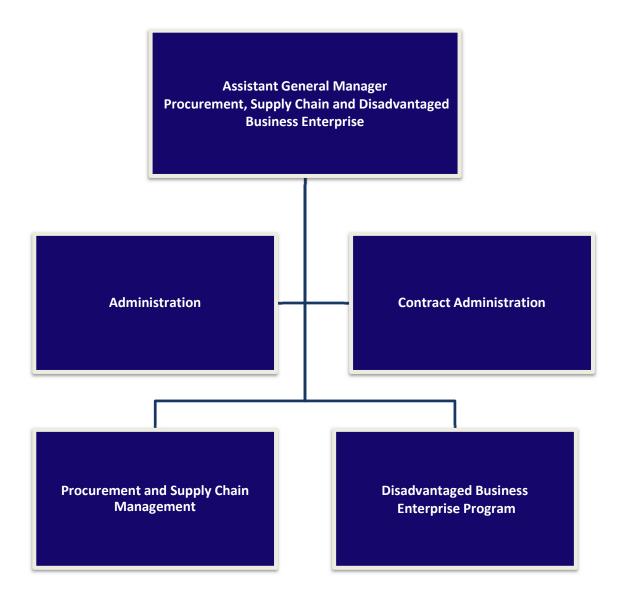

Procurement, Supply Chain and Disadvantaged Business Enterprise

Overview

The Procurement, Supply Chain and Disadvantaged Business Enterprise (PSC & DBE) Division is responsible for SEPTA's procurement, materials management, compliance and quality assurance, supply chain management, contract administration, and disadvantaged business enterprise programs.

Procurement, Supply Chain and DBE

Principal Responsibilities

PROCUREMENT AND SUPPLY CHAIN MANAGEMENT

Compliance and Quality Assurance

Provide coordination and enforcement of SEPTA's compliance with federal, state, and local funding agency regulations for approved capital projects, planning studies, and other non-operating projects. Participate in updating standard form contracts, the procurement manual and related policy instructions. Provide analytical reports, system administration, enhancements, contract processing, records management, and training support for the department. Audit procurement packages pertaining to the Authority's purchasing process and funding regulations. Monitor Certified Payrolls for all SEPTA construction projects in accordance with the Davis-Bacon and related acts. Administer Authority-wide programs such as e-procurement, electronic stockless stationery, Procurement Card, and the Materials Management/Purchasing system.

Materials Management (Automotive and Rail)

Perform analysis, forecasting, and identification of inventory requirements to determine adequate stocking levels to effectively purchase/lease stock and non-stock rail and vehicle parts, material, equipment, supplies, and services, except for major vehicle procurements. Provide direct field support to maintenance directors and shop personnel. Coordinate Authority-wide inventory reduction and control programs. Maximize return on investment through Asset Recovery programs and long term, market-based scrap metal contracts. Perform inventory requirements planning for vehicle overhaul programs and various maintenance projects.

Materials Management (Infrastructure)

Perform analysis, forecasting, and identification of inventory requirements to determine adequate stocking levels to effectively purchase/lease stock and non-stock infrastructure, material, equipment, supplies, and services. Provide direct field support to maintenance directors and shop personnel. Perform requirements planning for various capital project programs and various maintenance projects.

Supply Chain Management

Plan and coordinate inventory requirements with all Operations areas to meet short and long-term material needs. Administer storeroom operations, warehousing and distribution functions, including receipt, storage, issuance and control of all stock materials for the Authority's diversified fleet of vehicles, for vehicle overhaul programs and for infrastructure maintenance requirements. Administer SEPTA's Vendor Managed Inventory Program.

CONTRACT ADMINISTRATION

Perform solicitations, contract awards, and post-award administration including change orders, dispute resolution and contract closeout. Administer contracts by overseeing vendors to fulfill contractual obligations.

Construction and Vehicle Acquisition

Perform procurement and administration of project-specific architectural, engineering and associated construction-related services, new construction, and renovations of facilities and structures. Responsible for solicitation, award and administration of large scale new construction projects as a result of Act 89 funding, infrastructure hardening and resiliency programs, as well as major equipment purchases, including rail and bus fleets.

Procurement, Supply Chain and DBE

Professional and Technical Services

Procure and administer revenue producing vehicles (buses and rail cars), employee benefits, insurance and associated passenger services such as paratransit and fixed route. Solicit, award, and administer professional services contracts including state and federal legislative services, advertising, brokers and lease and management services. Also includes technical services such as landscaping, janitorial, IT support maintenance and pest extermination.

DISADVANTAGED BUSINESS ENTERPRISE PROGRAM OFFICE (DBEPO)

Disadvantaged Business Enterprise (DBE) Certification

Participates as one of five principal certifying agencies within the Commonwealth of Pennsylvania to provide one-stop shopping for firms seeking certification as a Disadvantaged Business Enterprise (DBE) in accordance with 49 CFR Parts 26 and 23. Represents the Authority as a managing member of the Commonwealth of Pennsylvania's Unified Certification Program (PA UCP).

Small Business Enterprise (SBE) Program

Administers the SBE Program to meaningfully involve small business concerns in procurement and contracting activities towards increasing the race-neutral portion of the Authority's overall DBE goal.

DBE Compliance

Reviews solicitations to ensure the meaningful involvement of DBE firms in the Authority's procurement and contracting activities; establishes goals for applicable projects, evaluates bid/proposal submissions for adherence to DBE requirements, monitors projects for DBE goal achievement, and ensures equitable treatment of DBE firms performing on contracts.

DBE Program Outreach

Provides technical assistance, guidance, and resources to all small businesses interested in pursuing contracting opportunities; coordinates internal and external outreach events; facilitates workshops and networking events for prime contractors, DBEs, and SBEs.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	 Conduct Customer Satisfaction Surveys for both internal user departments and vendors Participate in safety events and initiatives. Complete regular operations training and refreshers for storeroom personnel. Ensure timely delivery of materials and services. Ensure inventory accuracy. Achieve optimum material fill rate at major parent locations. Ensure minimum number of revenue vehicles out of service due to unavailability of materials. Ensure and monitor asset security
PROVIDE AN INTUITIVE EXPERIENCE	 Support customer service events Conduct/participate in workshops for small, minority and women-owned businesses. Conduct division tour and procurement trainings. Monitor and improve turnaround time for solicitations/procurements Achieve inventory reduction. Achieve asset recovery Enhance electronic quoting/bidding, certified payroll process, and DBE certification process.
DELIVER A SEAMLESS TRANSIT NETWORK	 Develop and implement an SBE set-aside program. Implement Vendor Performance Program Develop dashboards for monitoring divisional performance.

Fiscal Year 2021 Accomplishments

	Goals	Accomplishments
I.	The Customer Experience	 Achieved inventory accuracy of 85% for Light Rail; 90% for Regional Rail, and 77% for Bus. Hosted five DBE/SBE outreach events/workshops. Disseminated contracting/networking/outreach related opportunities regularly via e-Blasts. Annual average of the number of vehicles out of service due to material non-availability was 5.3 per month compared to a goal of less than 10.
II.	Employee Development	 Continued review/update of desk procedures. Conducted procurement training sessions. Developed virtual training for personnel. Participated in professional development programs.
III.	Rebuilding the System	 Developed and implemented departmental dashboards. Relocated SEPTA's supply chain warehouse
IV.	SEPTA is a Business	 Cameras installed, configured and tested at Decatur Warehouse. Achieved inventory reduction. Achieved asset recovery. Streamlined/expedited procurement processes. Tracked and monitored the Cores Program. Continued DBE Certification Program.
V.	Safety as the Foundation	 Conducted operations training and refreshers regularly for storeroom personnel. Conducted safety briefings at all material distribution centers. Participated in safety events

Audit and Investigative Services

Overview

The Audit and Investigative Services Division conducts audits, reviews, and investigations of the Authority's operations to promote economy, efficiency, and effectiveness and to detect and deter waste, fraud, abuse, and mismanagement. The Division includes the Internal Audit Department and the Investigative Services Department.

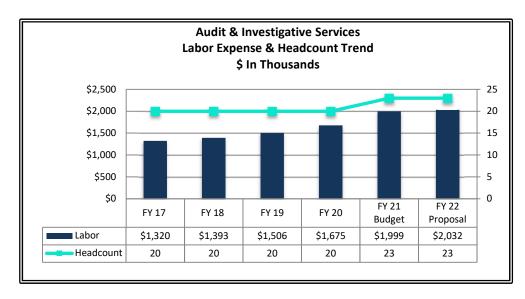

Headcount

	OPERATING HEADCOUNT

Office of the Inspector General	872	9	881
Total	\$2,032	\$30	\$2,062

Audit and Investigative Services

Principal Responsibilities

INTERNAL AUDIT

Internal Audit is an independent, objective, internal review and consulting activity designed to add value and improve the organization's operations. It provides a systematic, disciplined approach to evaluate financial risk/exposure and improve the effectiveness of risk management, internal control, and governance processes.

Internal Audit conducts financial, compliance, and operational audits of departments within the Authority. The department is also responsible for the review of cost proposals and audits of cost reimbursement contracts and change order/claims. Additionally, Internal Audit provides a wide range of internal consulting support to departments upon request. The Department is comprised of Internal Audit, Information Technology, and Contract Audit sections.

Internal Audit

Internal Audit is responsible for reviewing all areas within the Authority by performing formal audits of an entire process or independent reviews of a particular activity or account balance.

Information Technology

A specialized sub-unit of Internal Audit that is responsible for reviewing new and existing computer applications, access security, and hardware. Independent data extracts and reporting support are also generated for Internal Audit and other divisions.

Contract Audit

Contract Audit is responsible for auditing or reviewing third-party cost data in accordance with established policies and federal requirements. The work includes reviews of precontract cost proposals and audits of actual costs incurred on cost-plus-fixed-fee contracts. In addition, Contract Audit performs audits or reviews of cost documentation in support of change orders and claims.

INVESTIGATIVE SERVICES

The Investigative Services Department (Office of the Inspector General) is responsible for conducting independent investigations related to fraud, waste, abuse, and mismanagement. This is accomplished through continuous monitoring and conducting investigations reported by internal and external sources. In addition, the office works in partnership with local, state, and federal law enforcement as concerns relate to SEPTA business partners, employees, and vendors.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Establish Internal Controls	 Advance this goal by participating proactively in the up-front development of internal controls in new systems and processes that are the result of the Efficiency and Accountability program.
	Create Efficient Processes & Increase Accountability	 a. Focus auditing efforts on ensuring that clear lines of responsibility exist in all processes under review and that there is consistent application of accountability.
	Emphasize Sustainability	a. Assist in advancing the Environmental and Sustainability Management System by ensuring compliance with the requirements of ISO14001 at the SEPTA locations that have achieved certification and proactively review locations that are scheduled to advance towards certification.
	Enable Data-Driven Decision-Making	Provide the framework for data sharing through Authority Policy and access security controls regarding internal data use.

Fiscal Year 2021 Accomplishments

	Goals	Accomplishments
l.	Advance the goal of management accountability by identifying and formalizing requirements for areas determined to involve expenditures of Authority funds.	Included focus on management accountability in completed audits, follow-up audits and requested IG investigations to move toward a culture of ownership.
II.	The Customer Experience	 Tracked daily reports of elevator and escalator outages and initiated efforts toward assembling a group with the goal of identifying gaps in communication of outages to the public. This initiative was stopped with the onset of Covid-19
III.	Workplace Development and Support	Part of a team that advanced the new Parental Leave Policy and edits to existing policies to reflect the current workplace.
IV.	Formalize the Investigative Services Department's Authority Regarding Workforce Cooperation.	 During FY 2021, external legal opinions supported the Inspector General's authority in administrative cases. The Audit & Investigative Services policy has been updated in draft to reflect these opinions.

SEPTA

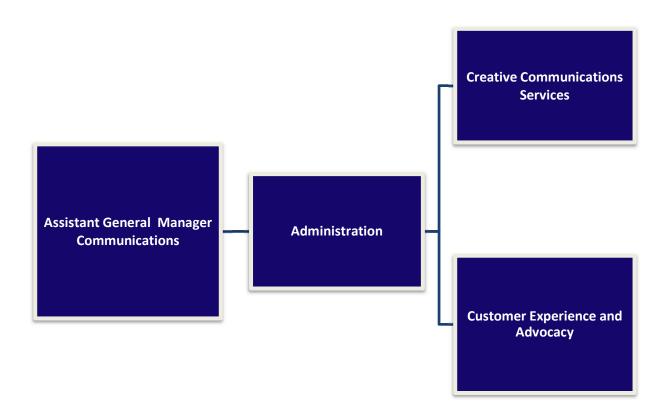

Communications

Overview

The Communications Division is responsible for the development, implementation, and coordination of SEPTA customer service and customer advocacy initiatives. The Division acts as the clearing house for all customer information gathered across various channels, for collecting "customer intelligence", for advancing the Authority's "Customer-Focused" agenda, and for performing consumer research to help the organization ascertain customer priorities, satisfaction levels, and overall loyalty. Creative Communications Services responsibilities include internal and external corporate communications, the development of customer information brochures, posters and notices, system signage, way-finding information, and maps. The Division manages the editorial content, new features, graphics, navigation, and editorial content for SEPTA Internet and Intranet websites. It is also responsible for preparing communications for distribution to employees through broadcast messages, SEPTANow text messaging, posters, and flyers. The Division produces videos and provides still photography for a broad range of internal and external distribution points, directs the Art-in-Transit program, and manages Graphics, Printing Services, the Sign Shop and Fulfillment operations.

Total	\$7,732	\$1,093	\$8,825

Communications

Principal Responsibilities

ADMINISTRATION

Coordinate, manage and direct the financial and administrative activities for the Communications Division.

CUSTOMER EXPERIENCE AND ADVOCACY

Consumer Market Research and Analysis

Understanding the needs and expectations of a business' customers is vital to success. This unit uses qualitative and quantitative research, plus audits by service quality staff, to support the goals of the Division as well as other SEPTA business units. It also oversees the Service Quality Unit, SEPTA's "Secret Shoppers" that assesses all aspects of the Customer Experience, anywhere and anytime.

Customer Development and Advocacy

This department advances the Customer Experience through a number of interdivisional initiatives, customer outreach/engagement, developing new markets, supporting Covid-19 ridership recovery efforts, and managing customer advocacy and stakeholder relations. It also coordinates "Building A SEPTA Culture of Service and Camaraderie" (BASCSC), the Authority's relationships with Mural Arts and other artistic groups and the Customer Experience in all underground concourse and common areas. This department provides staff support and guidance to the Citizen Advisory Committee and the Youth Advisory council, as well as number of urbanist and enthusiast groups that have strong transit agendas.

Customer Service

The Customer Contact Center is open daily and responsible for responding to all inquiries and concerns received via telephone, email, web form, letter, and social media. There are four sections. The agents in the Telephone Information Center provide travel information, while the Contact Center Specialists handle all complaints, commendations, and suggestions. The CCT Agents support our paratransit customers. The Social Media Specialists engage customers on all issues. They also produce and use a variety of techniques to build social relationships and perform sophisticated "Customer Intelligence & Analysis: (CIA) research on trending topics that may potentially impact the Authority. The Contact Center staff works closely with the SEPTA Key Call Center. The department also manages seven field locations at major transit hubs where agents engage and support customers.

CREATIVE COMMUNICATIONS SERVICES

Communications

Provides day to day management of digital platforms including customer website, employee intranet, and employee messaging systems. Works with internal department to prepare a variety of customer communication pieces including videos, posters, flyers, and web content.

Graphic Services

Provide creative concept, design, layout, and pre-production services for all departments in the Authority for a vast range of projects including brochures, leaflets, posters, maps, signage, sales materials, and specialty projects. Manages corporate branding program for letterhead, business cards, PowerPoint templates; creates logos and other branding materials for corporate initiatives. Responsible for graphic design of the SEPTA Internet and Intranet websites.

Fulfillment Services

Provide direct mail service to customers, internal SEPTA departments and constituents requesting bulk distribution of transit timetables, customer service notices and other brochures and leaflets produced by the Authority.

Print Services and Sign Shops

Internal production operations for Authority departments and operations. The Print Shop is responsible for printing approximately 7 million transit schedules each year as well as customer brochures, posters, leaflets, maps, mass distribution employee memos, forms and corporate business cards and stationery. The Sign Shop is responsible for producing a variety of system and vehicle signs, decals, posters, and banners.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	 Restore the Veritas software program and rebuild the database. Create a new data baseline. Thereafter, provide reports and analysis to GM Team and others regarding customer concerns and priorities. Work with other Divisions to ensure that the Customer Experience agenda remains vital and relevant by closing out complete/obsolete initiatives and introducing new ones. Advocate for the inclusion of Customer Experience attributes in critical SEPTA programs such as Trolley Modernization, Comprehensive Bus Network Redesign, SEPTA Key, and King of Prussia Rail. Ensure customer-related design features are fully considered in facility and vehicle design. Expand and enhance relationships with transit advocacy groups. Work to inject arts and entertainment into customer journeys. Provide leadership to culture change initiatives such as BASCSC that focus on customer-focused decision making, teamwork, recognition and celebrating achievements.
PROVIDE AN INTUITIVE EXPERIENCE	 Continue to train staff in the use of all new and existing real-time tools. Train field personnel to proactively approach customers to provide support. Assist in the development and deployment of new customer apps that can indicate Crowding and Cleanliness. Promote headway schedules through Contact Center. Support wayfinding improvements especially in the vast and undefined concourse network, using the street sign concept demonstrated in Suburban Station

Fiscal Year 2022 Goals and Business Initiatives (continued)

STRATEGIC PLAN GOALS	BUSINESS INITIATIVES
DELIVER A SEAMLESS TRANSIT NETWORK	 Use consumer research to assess needs and opportunities to improve services. Establish Welcome Centers at high volume / high visibility locations to assist customers when making linked journeys. Educate new and prospective customers about the benefits of the SEPTA Key. Support training intended to help employees see SEPTA through the customer's lens.

Fiscal Year 2021 Accomplishments

Goals	Accomplishments
I. Nourish and advance a wide array of Customer-Focused Initiatives	 External Customer Provided phone assistance to over 175,000 customers despite the pandemic and loss of ridership. Sustained proactive social media presence on all customer service-managed channels and tracked metrics on all others where possible following the malware attack. Coordinated the growing SEPTA/Mural Arts relationship, with over 12 active projects and others proposed. Assisted Finance to advance the Jefferson Station Naming rights program with monthly service quality audits while advancing efforts to obtain new vendors to support the floral, floor mat, seating and lighting projects.

Fiscal Year 2021 Accomplishments (continued)

	Goals	Accomplishments
I.	Nourish and advance a wide array of Customer-Focused Initiatives (continued)	 Internal Customer Continued to manage the BASCSC program with an emphasis on morale and camaraderie during the pandemic. This includes a number of recognition programs and continuation of commendation monitoring. Support Safety with numerous outreach events. Held periodic employee safety sessions in conjunction with System Safety. Promoted National Employee Recognition Day.
II.	Develop Customer- Focused Workforce	 Advocated, supported and implemented requirement to ensure all SAM employees receive at least one customer-focused performance goal annually. Lead efforts to recognize team members that have made a significant contribution to customer satisfaction, peer support or gaining/sustaining customer loyalty. Provided leadership to culture change initiatives such as BASCSC that emphasize customer-focused decision making at all levels of the organization. Designed and piloted a new, interactive training program "Navigating the Customer Experience" designed to promote self-awareness and team building.
III.	Employ technological advancements to improve Customer Service	 Implemented a pilot to evaluate SEPTA's ability to use "texting" as a new customer communications channel. Developed and implement ad temporary Customer Relations Management protocol when the VERITAS software and database was lost. Implemented new technology protocols to allow Call Center Agents to use laptops to work from home during the pandemic.

SEPTA

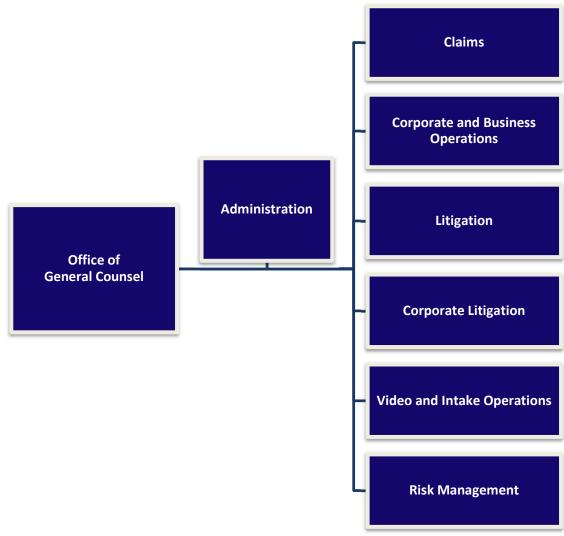

Office of General Counsel

Overview

The Office of General Counsel Division consists of the Corporate and Business Operations, Video and Intake Operations, Litigation, Corporate Litigation, Claims, and Risk Management Departments, all reporting to the Office of General Counsel.

Risk Management	730	16	746
Tot	al \$9,532	\$14,711	\$24,243

Office of General Counsel

Principal Responsibilities

CORPORATE

Lawyers within the Corporate Department negotiate and draft legal contracts and other documents that support and promote the activities of client departments. Counsel advises management on matters that have legal implications, assists other departments in drafting documents that have legal-related elements, and works with outside attorneys handling matters involving specialty areas of the law. The Corporate Department is involved in all transactional legal matters such as those related to procurements, construction, technology contracts, real estate, environmental law, energy, sustainability, and railroads and property use.

CLAIMS AND INTAKE OPERATIONS

The Video and Intake Unit is responsible for performing intake functions for all matters, claims and requests that come into the Office of General Counsel; seeking and compiling all information, data and records needed to handle all OGC matters; and featuring those functions associated with carrying-out the Authority's video surveillance program. The video program includes planning, collecting, reviewing, preserving, storing and producing data from video systems on SEPTA vehicles and in stations. Staff within this Department also respond to and handle requests for, notification of, and production of employee witnesses for court matters.

The Claims Unit is responsible for the handling of personal injury and property damage claims. Many claims are handled in tandem with attorneys in the Litigation Department, from first notice of the claim through its final resolution. Claim handling involves: thorough and detailed examination of evidence, a determination of liability and assessment of potential damages. The existence of pertinent video provides a key piece of beneficial evidence, one which often provides a dispositive defense to a claim. If the Authority is liable to an individual for injuries or property damage, then Staff will attempt to settle the claim in an equitable and prudent manner. For claims where the Authority either is not liable or is not able to obtain a just settlement, the case is defended in court by the attorneys of the Litigation Department.

LITIGATION DEPARTMENT

The Litigation Department is responsible for representing SEPTA in personal injury and property damage claims once a lawsuit is filed. Attorneys within the Litigation Department (as well as outside counsel who are managed by Department attorneys) handle all aspects of litigation from pleadings through discovery and up to and including trial. The attorneys evaluate cases and make settlement recommendations. When appropriate, the Department attorneys negotiate final settlements. The Litigation Department also handles appellate cases in the Commonwealth Court and Supreme Court of Pennsylvania on issues regarding SEPTA cases as well as others that may affect SEPTA as a mass transit agency and/or as a Commonwealth Party.

CORPORATE LITIGATION DEPARTMENT

Lawyers within the Corporate Litigation Department represent SEPTA in civil actions that are other than personal injury and property damage. Corporate litigation actions include, labor and employment matters, civil rights cases, contracts and construction suits, and trademark registration and infringements. This Department also provides legal counsel to management on employment matters and statutes (including Title VI, ADAAA, ADEA, FMLA, FLSA, and USERRA) and employment concerns before state and federal administrative agencies. Additionally, Staff within this Department handles the intake, response, and appeal of requests for Authority records submitted under the Pennsylvania Right-to-Know Law, third party subpoena requests for records and litigation holds.

RISK MANAGEMENT

The Risk Management Department manages SEPTA's programs to compensate injured employees who have claims under the Commonwealth's workers' compensation laws or under the Federal Employers Liability Act (FELA). Department Staff oversee a third-party administrator of workers' compensation claims, handling medical and indemnity management, coordinating internal vocational rehabilitation, and managing all alternative and transitional duty programs. Staff also administers supplemental benefits as prescribed by labor contracts. FELA Unit Staff oversee a third-party administrator of FELA claims which monitors, settles, and oversees litigation of claims of injured Regional Rail workers. The Insurance Unit Staff helps to manage the Authority's exposure to risk under transactional situations, through the application of risk management tools such as insurance programs, self-insurance administration, performance bonds, and letters of credit. The Business Operations Unit within this Department is responsible for the administrative and business functions that support the Office of General Counsel (OGC), such as staffing and employment management, training, budget development, administering legal services contracts and managing office equipment and supplies.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Implement Document Management for the Corporate Department using SharePoint	- Application will have functionality to organize matters based on a unique identification scheme, to organize and store information by matter, to provide management with status and notes, and to allow for queries and reporting
	Provide Sponsorship for SEPTA's Efficiency and Accountability Program	- Sponsorship of all Real Estate workstream initiatives, including direct participation in the design and implementation of a new Right of Entry System for SEPTA
	Corporate Department actively supports SEPTA's Diversity, Inclusion and Equity initiatives	- In addition to general support, host a one- hour, web-based event for the Office of General Counsel
	Contribute to Employee Development through Corporate education	- Complete and advance a presentation with the Office of Training Facilitation entitled – "The Authority's Authority - A Legal Overview of SEPTA"
	Develop a continuing plan to update Vehicle Video Program	 Utilize capital funding for replacement of video equipment Secure contract for reliable maintenance and troubleshooting of video equipment
	Explore use of Bus Video System as a bus lane enforcement tooL	 Program costs would be offset by fees collected as part of enforcement. Successful program would assist with efforts to reduce congestion in Center City.
	Identify risk mitigation strategies other than insurance	 Conduct Risk Management Roundtable with members of the GM Team to identify potential exposures. Obtain a yearly report from SEPTA's Risk Management Advisory Committee that identifies emerging risks and provides recommended solutions. Continue to explore the use of risk transfer tools other than insurance.

Fiscal Year 2021 Accomplishments

	Goals	Accomplishments
l.	Expand upon the pilot program developed during FY 2020 to extend to all outside Counsel Cases	While this program continues the full benefits was not realized in FY 2021. This is part due to the closing of the Courts due to Covid-19 and in part due to the malware attack.
II.	Implement Document Management for the Corporate Department using SharePoint	Corporate Staff are now using the SharePoint application to track, monitor, organize, and store the various documents and other data for corporate legal matters.
III.	Improve FELA Claims Management Process	FELA program was successfully transition to Sedgwick. Sedgwick employs a retired SEPTA employee as a field investigator. This investigator has strengthened the early investigation of FELA matters.
IV.	Develop a continuing plan to update Vehicle Video Program	This goal remains ongoing.

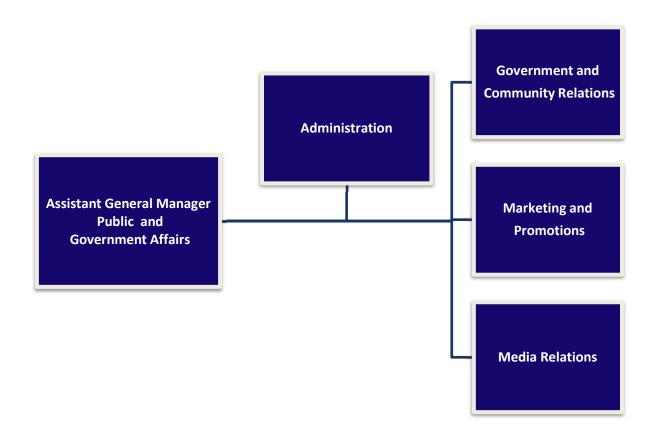

Public and Government Affairs

Overview

The Public and Government Affairs Division – comprised of Administration, Government and Community Relations, Marketing and Promotions, and Media Relations – is responsible for communicating the Authority's official position on key issues, enhancing public perception, and developing campaigns that promote transit awareness and ridership growth. The Division builds and maintains strong working relationships with federal, state, and local elected officials, members of the media and transit stakeholders to ensure SEPTA's priorities and message effectively reach lawmakers and the public.

Media Relations	324	7	331
Total	\$1,657	\$4,099	\$5,756

Note: FY 2020 decrease was due to the curtailment of advertising as a cost saving initiative during the Covid-19 pandemic.

Public and Government Affairs

Principal Responsibilities

ADMINISTRATION

Coordinates, manages, and directs the financial and administrative activities for the Public and Government Affairs Division.

GOVERNMENT and COMMUNITY RELATIONS

State

Advocates on behalf of SEPTA's funding and legislative priorities with the Pennsylvania General Assembly, the Governor's office, and relevant state departments. Builds and maintains effective relationships with elected officials from the five county region, Senate and House leadership, and committees of jurisdiction. Staff serves as the Authority's point of contact for legislative and constituent inquiries and develops strategies for engaging local and statewide stakeholders in support of transportation policies that further SEPTA's operating and capital initiatives.

Federal

Works with the region's Congressional delegation, committees of jurisdiction, and various federal agencies to advance SEPTA's interests both legislatively and administratively. Reviews and analyzes legislative and regulatory provisions related to transportation authorization and annual appropriations, safety, energy and environmental policy, and accessibility to ensure federal transportation policies further SEPTA's operating and capital priorities.

Local / Community

Works with Philadelphia City Council, Bucks, Chester and Montgomery County Commissioners, Delaware County Council, and local officials to advance operating and capital initiatives to meet the region's transportation needs. Staff provides proactive outreach before and during SEPTA projects, and responds to issues impacting Council Districts and communities throughout the service area. Staff also attends city, county, and municipal meetings to update the public on SEPTA projects and works with a variety of community groups to address various transit-related issues.

MARKETING and PROMOTIONS

Uses innovative and attention-grabbing promotional campaigns to build awareness about SEPTA service. Interacts with current and potential customers to build and maintain ridership across all modes and in all counties. Effectively markets SEPTA by utilizing offline and online media, event marketing, loyalty programs, industry-leading social media engagement, and strategic partnerships with area sports teams, businesses, and cultural institutions. Executes contracts and coordinates activities with third-party agencies to maximize the effectiveness of the Authority's promotional and marketing portfolio.

MEDIA RELATIONS

Responsible for informing customers and the general public about SEPTA service and developing a communications strategy that promotes the Authority locally, regionally and nationally. Staff works in coordination with key internal departments to tell SEPTA's story. Builds and strengthens relationships with the media through news conferences and events, creating press releases and other content, and distributing information on SEPTA's website and various social media platforms. The department prioritizes transparency and accessibility, responding to media inquiries 24 hours a day, seven days a week.

Fiscal Year 2022 Goals and Business Initiatives

STRATEGIC PLAN GOALS	FOCUS AREA	BUSINESS INITIATIVES
DEVELOP A PROACTIVE ORGANIZATION	Advance an advocacy program that leverages SEPTA's commitment to providing accessible mobility that drives the economy, supports equity and opportunity, promotes safety and advances sustainability	 Develop strategies to communicate SEPTA's core mission to diverse constituencies. Work with advocates and stakeholders to preserve funding and identify innovative multi-modal transportation funding solutions. Support other Divisions to advance SEPTA's operating and capital goals Respond to legislative constituent inquiries and provide timely information to elected officials and stakeholders.
	Position SEPTA to help accelerate a strong and equitable recovery	 Promote SEPTA's response to COVID-19 and work to align SEPTA's initiatives with the region's recovery efforts. Leverage partnerships with employers and stakeholders to grow ridership and enhance the customer experience. Highlight how safe, convenient, and accessible SEPTA service helps Pennsylvania and the nation achieve critical economic recovery, equitable growth and environmental sustainability goals.
	Advocate for SEPTA's funding and policy priorities at all levels of government	 Work with the General Assembly to identify sustainable, bondable state transit funding in advance of critical July 2022 deadline Advocate for SEPTA funding and policy priorities in national infrastructure program to keep the region moving forward, including projects of significance: King of Prussia Rail, Trolley Modernization, Comprehensive Bus Network Redesign, vehicle replacements and accessibility improvements. Maintain strong partnerships with the City of Philadelphia and Bucks, Chester, Delaware and Montgomery Counties to meet their residents' needs. Continue to promote SEPTA's economic impact on the southeast region and the Commonwealth and highlight the need to bring the system to a state of good repair and enhanced capacity.
	Continue proactive approach to community and media relations	 Continue to engage media, across all platforms, to inform the appublic about SEPTA initiatives. Develop new outreach opportunities and outlets to reach new and diverse communities of customers. Establish methods to highlight the Authority's diversity and positive contributions to the region.
PROVIDE AN INTUITIVE EXPERIENCE	Promote regional awareness of SEPTA's service and successful initiatives through customer, public and corporate engagement	 Communicate and promote the expanding rider benefits of the SEPTA Key card. Facilitate meaningful partnerships that support the Authority's mission and overall brand. Identify and highlight the advantages of riding public transportation. Support Authority-wide initiatives including Comprehensive Bus Network Redesign, Trolley Modernization, Micro Transit, and Wayfinding.

Fiscal Year 2021 Accomplishments

Goals		Accomplishments	
I.	Build an advocacy program that highlights SEPTA's commitment to providing accessible mobility that drives the economy, supports equity and opportunity, promotes safety and advances sustainability	 Highlighted how SEPTA's essential service helps Pennsylvania and the nation achieve critical economic recovery, equitable growth and environmental sustainability goals. Worked within SEPTA to support other Divisions to advance operating, capital and customer experience goals. 	
II.	Advocate for SEPTA's funding and policy priorities at all levels of government	Worked with local, state and national partners and coalitions to secure critical emergency relief to respond and recover from the coronavirus pandemic. Continued to work with partners on developing findings and recommendations for state and local solutions to create a sustainable transportation investment strategy.	
III.	Continue proactive community outreach related to capital construction and service initiatives	 Employed socially distant measures to continue to meet with and inform community groups, elected officials and stakeholders to support SEPTA construction projects and major service initiatives. Promoted new equity initiatives, including fare restructuring plan. Worked with stakeholders and elected officials to inform the public of service changes implemented in response to the coronavirus pandemic. 	
IV.	Continue proactive approach to community and media relations	 Leveraged new bilingual public information manager to develop new outreach opportunities and outlets to reach new and diverse communities of customers. Continued proactive outreach to media to highlight SEPTA's response to COVID-19, including public health, safety and service. 	
V.	Promote regional awareness of SEPTA's progress	 Created how-to videos for all SEPTA modes and a ridership brochure targeted to visitors that was widely distributed via a new marketing partnership. Completed an overhaul of the SEPTA platform level vestibules at the airport. Window clings, directional signage, and SEPTA Key Fare Kiosk decals create a unified look and elevates SEPTA's airport service. Elevated the use of social media during the pandemic to reach customers at home. Utilized a mix of platforms including LlnkedIn and YouTube for greater reach and creativity. 	

13. Summary of Interdepartmental Expenses

13. Fringe Benefits

Fringe Benefits are a major expense for SEPTA representing 26.6% of the Fiscal Year 2022 Operating Budget Proposal of \$1.52 billion. Responsibility for management of fringe benefit costs rests with all Authority departments, however, Finance and Human Resources take the lead in cost control. Expenditures for Fringe Benefits are largely controlled by statutory and contractual obligations and have been significantly influenced by national trends.

Listed below are the various Fringe Benefit categories:

Medical and Life Insurance

SEPTA provides medical, prescription drug, dental, vision, and life insurance benefits for union employees, management employees, and retirees in accordance with SEPTA policy and labor agreements negotiated with each respective bargaining unit.

Payroll Taxes

This represents the required employer contribution for Social Security (FICA) and Railroad Retirement Taxes (RRT).

Unemployment

SEPTA is required to pay into the State and Railroad unemployment compensation funds and is self-insured for non-railroad employees.

Pension

This includes pension obligations, excluding Regional Rail employees who are covered by the Railroad Retirement System.

Workers' Compensation and FELA

Obligations to transit and Regional Rail employees injured on duty for their medical bills and lost wages.

Fiscal Year 2022 Operating Budge Fringe Benefit Expense (Amounts in Thousands)	et	
Medical, Prescription, Dental, Vision & Life Insurance Payroll and Unemployment Taxes	\$	209,805 81,210
Pension Workers' Compensation and FELA		125,191 29,436

13. Non-Departmental Expenses

Amtrak

The expense is for the maintenance and use of Amtrakowned track and facilities on the Northeast Corridor (between Trenton, NJ and Newark, DE) and the Harrisburg Line (Paoli/Thorndale Line). The Passenger Rail Investment & Improvement Act of 2008 (PRIIA) was implemented October 1, 2015. The budget reflects PRIIA mandates and cost assumptions developed by the Northeast Corridor Commission with input from SEPTA and other commuter agencies on the corridor.

ADA

The budgeted contract cost to SEPTA is shown here. The Staff cost for the administration of ADA complementary service and other accessibility programs for the disabled is included in the Operations Division under Customized Community Transportation.

Shared Ride Program

The budgeted cost for contractor door-to-door service for senior citizens. The cost of administrative staff in the Shared Ride Program is included in the Customized Community Transportation budget.

Debt Service Interest and Fees

Interest expenses and amortization of insurance premiums associated with the Authority's outstanding debt.

Property Insurance/Other Claims Payouts, Net

Reflects the projected premiums for insurance on various Authority assets, as well as other claims payouts net of recoveries.

Services for Headquarters' Building

Maintenance and administrative service expense for the operation of the corporate offices at the 1234 Market Street headquarters by a professional real estate management firm. These expenses cover both SEPTA and tenant-occupied space.

Snow Removal/ Severe Weather Contingencies

Includes snow removal and deicing at Regional Rail parking lots and station platforms only. Snow removal for all other facilities is accomplished in-house with existing forces and the related labor expense is included in the departmental budgets.

Utilities

Expense reflects the cost of non-propulsion electricity, heating oil, water and sewer, natural gas, and steam heat. All are based on projected rates of consumption and contractual or tariff based rates. Also included are expenses for telephone, cellular service and trash removal, which are based on our current contractual agreements.

13. Non-Departmental Expenses

CCT Connect - ADA Program

In compliance with the Americans with Disabilities Act, CCT Connect provides ADA complementary Paratransit transportation for persons who cannot use or access regular SEPTA fixed route service. Throughout the five-county service area, private carriers are under contract with SEPTA to provide door-to-door transportation to disabled riders by advanced reservation. Projected Fiscal Year 2022 ridership is 285,000 trips for ADA City Division and 171,000 trips for the Suburban Division.

One of the main focuses of CCT Connect's efforts for Fiscal Year 2022 will be the continuation of providing 100% next day rides to ADA program patrons. SEPTA is committed to maintaining a "zero trip denial" policy.

The next-day trip initiative will build upon proactive steps taken during recent years. The entire SEPTA-owned fleet of 460 vehicles is maintained to SEPTA's standards by the contract carriers. In addition, the Philadelphia trip reservation scheduling and dispatch was centralized under SEPTA supervision along with driver training and testing. Other programs were instituted to enhance contractor accountability and customer satisfaction, including patron service monitoring and mobile data terminal (MDT) swipe card readers on all CCT Connect vehicles.

ADA Program initiatives continuing during Fiscal Year 2022 include the fleet replacement program for optimizing fleet reliability and an enhanced patron eligibility certification. This process will enable those CCT riders who are able, to use fixed route service for some or all of their travel. The training was developed in cooperation with the SEPTA Advisory Committee (SAC) and the disabled community.

Shared Ride Program

The Shared Ride Program (SRP) provides shared, advance-reservation, door-to-door transportation for Pennsylvanians age 65 and older. SEPTA's CCT Connect Department is the SRP county coordinator for Philadelphia County. The Pennsylvania Lottery Fund reimburses SEPTA for 85% of the cost of each eligible CCT Connect Shared Ride Program trip according to pre-established rates, with the balance coming from patron fares and/or third party agency sponsors. The Shared Ride Program's goal for Fiscal Year 2022 was to provide a total of 358,000 Shared Ride trips.

The Philadelphia Shared Ride Program Advisory Council (SRPAC), an independent advisory group, provides advice and information to SEPTA on Shared Ride Program service.

Injury and Damage Claims

Fiscal Year 2022 claims expense is budgeted at \$24.2 million. Staff from the Authority's Office of General Counsel, in cooperation with various outside agencies, including the City of Philadelphia and Suburban Counties District Attorney's offices, aggressively defend against fraudulent claims.

Other Expenses

The Other Expenses category includes propulsion power, fuel, vehicle and facility rentals, and depreciation. A further description of these items can be found in the Operating Expense Section.

Α

Accessible - As defined by FTA, a site, building, facility, or portion thereof that complies with defined standards and that can be approached, entered, and used by persons with disabilities.

Accessible Service - A term used to describe service that is accessible to non-ambulatory riders with disabilities. This includes fixed-route bus service with wheelchair lifts or ADA Paratransit service with wheelchair lift equipped vehicles.

Accrual Basis - A basis of accounting in which expenses are recognized at the time they are incurred and revenue is recognized when earned, as opposed to disbursed or received.

ADA Paratransit Service - In accordance with the Americans with Disabilities Act (ADA), SEPTA provides comparable service for people with disabilities who are functionally unable to use regular accessible fixed-route bus service for some or all of their transportation needs. Eligible individuals can travel whenever and wherever buses operate in SEPTA's five-county service region. See also "CCT Connect".

Ambassador - SEPTA management or third party contract employees temporarily enlisted during special events or emergencies to serve as customer service representatives to aid in crowd control and passenger way findings.

Americans with Disabilities Act of 1990 - This federal act requires many changes to transit vehicles, operations and facilities to ensure that people with disabilities have access to jobs, public accommodations, telecommunications, and public services, including public transit.

Amtrak - Service Mark of the National Railroad Passenger Corporation and subsidiaries. Primarily provides nationwide intercity passenger railroad service.

В

Balanced Budget - A budget in which expected revenues equal expected expenses during a fiscal period. SEPTA's enabling legislation requires the Board of Directors to adopt a balanced budget before the beginning of each fiscal year.

Blue Line - See "Market-Frankford Subway-Elevated"

Bombardier - Manufacturer of Aerospace and Rail equipment

Broad Street Line - A rapid transit subway running under Philadelphia's main north-south street. The Broad Street Subway opened in 1928 with several extensions over the years. A spur under Ridge Avenue to 8th and Market Streets opened in 1932. Also referred to as the BSL, BSS and "Orange Line".

Budget - A plan of financial activity for a specified period of time indicating all planned revenues and expenses for the budget period.

Bus - A transit mode comprised of rubber tired passenger vehicles operating on fixed routes and schedules over roadways. Vehicles are powered by diesel, gasoline, battery or alternative fuel engines contained within the vehicle.

C

Capital Expenditure - Expenses that acquire, improve, or extend the useful life of any fixed asset item with an expected life of three or more years, e.g., rolling stock, track and structure, support facilities and equipment, and stations and passenger facilities. SEPTA includes capital expenditures in the Capital Budget, which is published separately from this document.

Car-Mile - A single mile traveled by either a single vehicle or a single rail car in a multiple car consist.

CCT Connect - SEPTA Customized Community Transportation (CCT) provides paratransit service — CCT Connect — to individuals with disabilities and senior citizens. In addition, SEPTA's bus fleet is 100% accessible.

CMAQ (Congestion Mitigation/Air Quality) Program - A federal grant program in which FHWA funds are transferred to FTA for transit projects designed to improve air quality and reduce traffic congestion.

Commuter Rail - Local and regional passenger train operations between a central city, its suburbs and/or another central city. It may be either locomotive-hauled or self-propelled, and is characterized by specific station-to-station fares, railroad employment practices and usually only one or two stations in the central business district. Also referred to locally as Railroad, Regional Rail and RRD.

Contributed Capital - Reflects capital grants received for the acquisition of fixed assets. Assets acquired with grants are depreciated over the estimated life of the applicable asset. Contributed Capital is also amortized over the same estimated life of the asset.

Cost Per Mile - Operating expense divided by vehicle miles for a particular program or in total.

Cost Per Passenger - Operating expense divided by ridership for a particular program or in total.

Customer Satisfaction Survey – A survey that is conducted every 2-3 years to collect rating observations about the various modes of SEPTA transit from approximately 1,950 riders and non-riders in the SEPTA region.

D

Deadhead - The miles and hours that a vehicle travels when out of revenue service. Deadhead includes leaving or returning to the garage or yard facility; or changing routes and when there is no expectation of carrying revenue passengers. However, deadhead does not include charter service, operator training or maintenance training.

Debt Service - The payment of interest on outstanding debt and the repayment of principal on long term borrowed funds according to a predetermined payment schedule.

Deficit - The amount by which revenue and subsidy falls short of expenses during a given accounting period.

Delaware Valley Regional Planning Commission - The area-wide agency, or Metropolitan Planning Organization (MPO), charged with the conduct of the urban transportation planning process. It is also the single, region-wide recipient of Federal funds for transportation planning purposes. Together with the state, it carries out the planning and programming activities necessary for Federal capital funding assistance. The MPO is designated by agreement among the various units of local government and the governor.

Depreciation and Amortization - The charges that reflect the loss in service value of the transit agency's assets. Depreciated items have a high initial cost and a useful life of more than one accounting period. In order to account for the reduction in value (usefulness) of this type of asset, a portion of the cost is expensed each year of the asset's life.

F

Farebox Revenue - Revenues obtained from passengers and other fare subsidies except the state reduced fare subsidy program. Farebox revenue is also referred to as Passenger Revenue.

Fares - The amount charged to passengers for use of various services.

Fast Act – Fixing America's Surface Transportation Act. Passed by Congress and signed into law by President Obama on December 7, 2015, providing long-term federal funding for critical transportation needs.

Federal Transit Administration - The FTA is the federal agency which provides financial assistance to cities and communities to provide mobility to their citizens.

Fiscal Year - SEPTA's fiscal year runs from July 1 through June 30.

Fixed Guideway - A mass transportation facility using and occupying a separate right-of-way or rail for the exclusive use of mass transportation and other high occupancy vehicles; or using a fixed catenary system useable by other forms of transportation.

Fixed Route Service - Service provided on a repetitive, fixed-schedule basis along a specific route with vehicles stopping to pick up and deliver passengers to specific locations; each fixed-route trip serves the same origins and destinations, unlike demand responsive and taxicabs.

Flexible Funds - Federal funds made available by MAP-21 that can be used for various transportation projects, including both highway and mass transit projects. Allocation of these funds is at the discretion of regional Metropolitan Planning Organizations (MPOs) and state governments.

Fringe Benefits - Payments or accruals to others (insurance companies, governments, etc.) on behalf of an employee and payments or accruals direct to an employee arising from something other than the performance of a duty. These payments are costs over and above "labor" costs, but still arising from the employment relationship.

Full-Time Equivalent Position (FTE) - A measurement equal to one staff person working a full schedule for one year.

Fully Allocated Costs - The distribution of operating expenses to each mode by type of service and function. Fully allocated costs account for all direct costs plus the assignment of any joint or shared expenses.

Funding Formula - A specific formula used to determine a subsidy level.

G

Government Finance Officers Association Mission Statement (GFOA) - The purpose of the Government Finance Officers Association is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and best practices and promoting their use through education, training, facilitation of member networking, and leadership.

Green Line - See "Subway-Surface Lines"

Н

Hay Evaluation System – A job performance evaluation method used by SEPTA.

Headquarters Allocation - A method used to allocate the costs associated with operation and administration of SEPTA's headquarters division to the other four operating divisions.

Headway - Time interval between vehicles moving in the same direction on a particular fixed route.

Heavy Rail - A transit mode that is an electric railway with the capacity for a heavy volume of traffic. It is characterized by high speed and rapid acceleration passenger rail cars operating individually or in multi-car trains on fixed rails; separate rights-of-way from which all other vehicular and foot traffic are excluded; sophisticated signaling, and high platform loading.

Heavy Rail Cars - Rail cars with motive capability, driven by electric power taken from overhead lines or third rails, configured for passenger traffic and usually operated on exclusive rights-ofway.

Hybrid Bus - A bus that is powered by a combination of electricity and diesel, gasoline or alternative fuel.

ı

Infrastructure - The physical assets of the Authority, e.g., rail lines and yards, power distribution, signaling, switching, and communications equipment, passenger stations, information systems, and roadways, upon which the continuance and growth of transit depend.

Interest Expense - The charges for the use of borrowed capital incurred by the transit agency, including interest on long term and short term debt obligations.

Interlocking – An arrangement of signal apparatus and turnouts that prevents conflicting movements through an arrangement of tracks such as junctions or crossings.

ISO 14001 Environmental Certification – The international standard that specifies requirements for an effective environment management system (EMS).

L

Leases and Rentals - The payments for the use of capital assets not owned by the transit agency.

Light Rail - A transit mode that typically is an electric railway with a lighter volume traffic capacity compared to heavy rail. It is characterized by passenger rail cars operating individually or in short, usually two car trains on fixed rails on shared or exclusive right-of-way; low or high platform loading; and vehicle power drawn from an overhead electric line via a trolley pole or a pantograph.

Light Rail Car - A rail car with motive capability, usually driven by electric power taken from overhead lines, configured for passenger traffic and usually operating on non-exclusive right-ofway. Also known as "streetcar," "trolley car" and "trolley".

Linked Trip - A single, one-way trip without regard for the number of vehicles boarded to make the trip (i.e., a home-to work trip taken by boarding a bus, to a train, to another bus represents one linked trip or three unlinked trips).

M

Market-Frankford Subway-Elevated - The Market-Frankford Line runs on an elevated guideway from the Frankford Transportation Center in Northeast Philadelphia, through Center City Philadelphia as a subway, and continuing on an elevated guideway above Market Street in West Philadelphia into 69th Street Terminal in Upper Darby, Delaware County. Also referred to as the Market Street Elevated (MSE), MFSE and "Blue Line."

Mean Distance Between Failure – A measure of vehicle availability and reliability, equal to the average distance between failures for all vehicles within a particular mode.

Ν

Net Position - Total assets and deferred outflows of resources minus total liabilities and deferred inflows of resources of the Authority. This term is used in SEPTA's annual financial statements.

Non-Revenue Vehicle - Vehicles and equipment that are used for construction, vehicle and facility maintenance, and service supervision. These vehicles are not used for passenger revenue service.

0

Operating Assistance - Financial assistance for transit operations (as opposed to capital) expenditures.

Operating Budget - The planning of revenues and expenses for a given period of time to maintain daily operations.

Operating Ratio - Operating revenue divided by operating expense. For this purpose, the Commonwealth has defined operating revenue to include Passenger Revenue, Shared Ride program revenue, Investment Income, Other Income and Route Guarantees. Also for this purpose, the Commonwealth excludes Depreciation from operating expenses.

Orange Line – See "Broad Street Line"

Ρ

Passenger Miles - The cumulative sum of the distance ridden by each passenger.

Public Transportation - As defined in the Federal Transit Act, transportation provided by bus or rail, or other conveyance, either publicly or privately owned, providing to the public general or special service (but not including school buses or charter or sightseeing service) on a regular continuing basis. Public transportation is also synonymous with the terms mass transportation and transit.

R

Revenue Car Mile or Revenue Vehicle Mile - A single mile traveled by one car (or vehicle) during which the vehicle is in revenue service (i.e., picking up and/or dropping off passengers).

Revenue Vehicle - A single vehicle or a single car in a multiple car consist during which the vehicle is in revenue service (i.e., picking up and/or dropping off passengers).

Reverse Commute - City to suburb commute. This phrase refers to the fact that most riders commute from the suburbs to the city.

Ridership - Each passenger counted each time that person boards a vehicle. See also unlinked passenger trips.

Rolling Stock - Public transportation vehicles including commuter rail cars, locomotives, rapid transit cars, light rail cars, trolleybuses, buses, and vans.

Route Mile - A one-mile segment of a given fixed route in a fixed route network.

S

Shared-Ride Program - The Shared-Ride program is a door-to-door, advance-reservation, ride-sharing service, offered to senior citizens 65 years of age and residents of Philadelphia. This service can be used to travel within the City of Philadelphia and to any location in the surrounding counties within three miles of the City's border. Pennsylvania's Lottery Fund contributes to the cost of operating this program.

Silverliner - A multiple unit self-propelled railroad passenger car, powered by electricity collected from overhead catenary wires. The Silverliner fleet was acquired over time and currently consists of two vehicle types—Silverliner IV and V. These railroad cars feature stainless steel construction and represent the majority of SEPTA's railroad fleet.

Streetcar - See "Trolley"

Subsidy - Funds received from another source that are used to cover the cost of a service or program that is not self-supporting.

Subway-Surface Lines - A combination of five trolley lines serving various neighborhoods in West Philadelphia or nearby suburban communities above ground, reaching Center City Philadelphia through a subway tunnel partially shared with the Market-Frankford Line.

Surplus - The amount by which revenue and subsidy exceeds total expenses during a given accounting period.

Т

Total Vehicle Miles - The sum of all miles operating by passenger vehicles, including mileage when no passengers are carried.

Trackless Trolley - See "Trolleybus"

Trapeze - Software utilized by SEPTA for scheduling and management of transportation operations.

Trolley - A powered rail car, usually driven by electric power drawn from overhead wires via a trolley pole or pantograph. The vehicle usually operates on shared rights-of-way. Also known as "trolley car," "streetcar" and "light rail car".

Trolleybus - An electric, rubber-tired transit vehicle, manually steered, propelled by a motor drawing current through overhead wires from a central power source not on board the vehicle. Also known locally as "Trackless Trolley".

٧

VERITAS - Authority's Customer Relations Management (CRM) program
