| The naming convention of the Finance Division has changed and is now in Office of Children and Families. This Division oversees DHS's financial operations, including budget, contracts, and audits. The Division works to support the DHS mission by ensuring that all Department divisions, community umbrella agencies (CUA), and contracted providers have the necessary budget and fiscal support to successfully carry out their missions. | | | | | | | | | |
| | Program | n Objectives | | | | | | | |
| In coordination with other divisions, continue to prepare for the FFPSA. Establish a handbook for new providers to break barriers to entry and guide providers through the contracting and invoicing process. | | | | | | | | | |

| While it is the goal of the department to expedite the conformance of every contract, some unforeseen circumstances can lead to delays in the process. In FY22, important changes to the General Provisions for CUA and non-CUA contracts led to delays in the conformance process. | | | | | | | | | |

| | Progra | m Description | | |

DHS operates a child abuse hotline 24 hours per day, 365 days per year to respond to allegations of child abuse or neglect. In addition, social work staff conducts investigations and assesses families to determine their need for services. While the primary focus is to keep children at home with their families, DHS manages the placement of children based on safety threats in a family. DHS works with six providers called Community Umbrella Agencies (CUAs) to provide ongoing services (in-home and placement) to children and families in 10 geographic regions in Philadelphia. In-home safety services are case management social services designed to stabilize a family and eliminate the existence of safety threats. Placement services are outof-home living environments for children removed from their parents or guardians and include kinship care, non-relative foster care, and congregate care.

Program Objectives

- -Continue to divert youth and families from entering dependent care.
- Reduce the number of children in out of home and congregate care.
- Increase the number of families able to safely reunify with their children.
- -Focus on eliminating the disproportionate formal child welfare involvement of Black youth and families.
- Prepare for the implementation of the Family First Prevention Services Act.

The Kinship Navigator Program provides staff positions (Kinship Navigators) to assist kinship caregivers with understanding, navigating, and accessing the system of out-of-home care supports and services for children. Kinship navigators provide flexible and responsive services to kinship families based on family needs. Kinship navigators initially provide caregivers with information, referrals, and advocacy services. Navigators also assist caregivers in identifying and removing barriers to service receipt; accessing benefits for which they are eligible; accessing legal services; and utilizing existing community resources and support systems (such as health, financial, legal services, support groups, training, and emergency funds).

Healthy Families of America (HFA) is a home visiting program model designed to work with families with histories of trauma, intimate partner violence, mental health issues, and/or substance abuse issues. HFA services are offered voluntarily, intensively, and over the long term (3 to 5 years after the birth of the baby) with the goal of building protective factors to prevent child abuse and neglect.1 HFP promotes positive parenting practices, healthy child growth, and strengthening parent-child relationships.

The Effective Black Parenting Program (EBPP) is the country's first culturally-adapted parenting skill-building program for parents of African American children. EBPP consists of 15 three-hour training sessions to be offered to small groups. The program contains culturally-specific parenting strategies, general parenting strategies, basic parenting skills taught in a culturally-sensitive manner, using African American language expressions and African proverbs, and special program topics such as single parenting and preventing drug abuse. This is an opportunity for Philadelphia to address disproportionality in the system, while still giving parents needed help. Philadelphia struggles with the highest poverty rate among the largest cities in the country. Third poverty rate impacts African American Youth the most. Near 13% of the City's population live in such deep poverty that they are 50% below the poverty line.

CITY OF PHILADELPHIA PERFORMANCE MEASURES **FISCAL 2023 OPERATING BUDGET** Program Juvenile Justice Services **Human Services Program Description** DHS operates the Philadelphia Juvenile Justice Services Center (JJSC), the City's secure detention facility for juveniles. JJS supports and funds a full array of diversion programs to prevent youth from entering or penetrating further into the juvenile justice system. Additionally, through JJS, the City funds out-of-home placement services for youth who have been adjudicated delinquent. **Program Objectives** -Continue to work with juvenile justice stakeholders to safely increase the utilization of diversionary services to reduce the number of youth in out-of-home placement. - Improve safety culture and retention among staff. - Work with stakeholders to reduce the number of youth in detention and the length of stay for youth at the PJJSC. Enhance JJS staffing infrastructure - Advance the implementation of the Juvenile Detention Alternative Initiative. Increase trauma-informed focus for programming for youth served by JJS. Expand violence prevention programs and supports focused on delinquent youth within the Juvenile Justice system including restorative justice programming. Performance Measures Fiscal 2021 Fiscal 2022 Fiscal 2022 Fiscal 2023 Description Year-End Year-to-Date Target Target (Q1 + Q2)(2) (3) (4) (5) Average daily number of youth in detention at the Philadelphia 129.8 137.1 ≤ 136.0 ≤ 136.0 Juvenile Justice Services Center (PJJSC) Effective in December 2021, a change in Pennsylvania state law now mandates that all youth, including those pending trial in adult court, be held in youth detention facilities unless specifically mandated by a judge. While the current youth population is very close to meeting our target, we expect that this change will increase the average population over the coming year. DHS is responsible for running this secure detention facility and maintaining state-mandated staffing levels. DHS is partnering with the Courts and Juvenile Probation to address the high volume of youth at the detention center, including taking an in depth look at who is being held and for what reasons.

Delinquent Resources Homes (DRH); Philadelphia Juvenile Justice Treatment Foster Care (PJJTFC) is an adult mediated treatment model in which community families are recruited and trained to provide placement and treatment to youth with a history of chronic and severe delinquency. In DRH-PJJTFC, the youth's association with delinquent peers is minimized. DHR-PJJTFC youth are closely supervised at home in the community and at school. They are provided with consistent discipline for rule infractions/violations and one-on-one mentoring by their DHR-PJJTFC parent(s) with support from the assigned juvenile probation officer.
